 - Wastewater – Mike Hosein (Report Provided)
 - Stormwater – Shawn Frankenhauser (Report Provided)
 - Field – Curt Dwiggins (Report Provided)
 - Maintenance Report – Pedro Vasquez (Report Provided)
 - Procurement Report – Danielle Keira-Cancel
 - Human Resources – Jan Zilmer
 - Motion to Accept Department Reports
 - C. Attorney
9. Audience Comments *(This section of the agenda allows for comments from the public to speak on items not on the agenda. Each speaker will be given a total of three (3) minutes to comment. A public comment card should be completed and returned to the District Manager. When you are called to speak, and prior to addressing the Board of Supervisors, state your name and address for the record. The public comment section of the agenda is not a time for debate. It is intended to allow members of the public the opportunity to share their comments on items they think may be of value to the District.)*
10. Supervisors' Requests
11. Adjournment

Any supporting documents not included in the agenda package will be distributed at the meeting. If you have any questions prior to the meeting, please contact me.

Sincerely,

Kenneth Cassel/sd
District Manager

LANDOWNERS' MEETING

CORAL SPRINGS IMPROVEMENT DISTRICT ELECTION POLICY

This policy is adopted by the Coral Springs Improvement District to govern the election of members of the Board of Supervisors of the Coral Springs Improvement District which shall take place in the month of June, every four (4) years beginning in June, 2019. To the extent this policy conflicts with any prior election policy adopted by the Board of Supervisors of the District, this policy shall supersede any prior policy.

Notice of Landowner Meeting and Election of Supervisors. During the months of April, May and June in election years, notice of a landowner meeting for the purpose of election of three (3) members to the District Board of Supervisors shall be published in a newspaper of general circulation in Broward County, Florida with the last publication not less than fourteen (14) days nor more than twenty-eight (28) days prior to the election. Notice of the landowners meeting shall also be posted on the District website.

Board of Supervisors Candidates. Any person desiring to run as a candidate for the position of supervisor must submit a written statement to that effect including his/her name, address, and telephone number and reciting that he/she is an owner of land within the District, is a resident of Broward County and is not a party to any written or oral agreement which would require him/her to transfer that land owned upon the expiration of his/her term as supervisor, if elected. The statement must be submitted to the District Manager of the Coral Springs Improvement District, 10300 NW 11th Manor, Coral Springs, Florida no later than forty-five (45) days prior to the landowner meeting.

Each qualifying candidate may submit a written statement of fifty (50) words or less with their statement of interest as to their qualifications and positions they support. Such statements shall be posted on the District website.

Proxies. The proxy forms shall be in substantially the form attached. See attached Exhibits 1 and 2. Instructions and procedures for voting shall be posted on the District website no later than sixty (60) days prior to the landowners' meeting. Proxy forms will also be available at the Office of the Coral Springs Improvement District, 10300 NW 11th Manor, Coral Springs, Florida no later than forty-five (45) days prior to the landowners' meeting.

Voters' Roll Closing. The voters' roll closing for purpose of any election shall be the Broward County tax roll as current as is reasonably possible. Pursuant to Section 298.12, Florida Statutes, landowners whose assessments have not been paid for the previous year are not entitled to vote.

Establishment of Quorum. The quorum for the landowners meeting will be established by the landowners represented at the meeting in person or by proxy.

Election. Proxies shall be cast at the landowners meeting after the landowners meeting quorum is established. Pursuant to Section 298.11, Florida Statutes, landowners owning less

than one assessable acre in the aggregate shall be entitled to one vote. Landowners with more than one assessable acre are entitled to one additional vote for any fraction of an acre greater than ½ acre when all the landowner's acreage has been aggregated.

Tabulation and Review of Proxies. At the June landowner meeting, all proxies shall be cast at the meeting location from 4:00 P.M. until the Chair of the annual landowners meeting declares the polls closed after all landowners present have been given an opportunity to vote but no later than 5:00 P.M. The District Manager and District Attorney will review and tabulate the proxies, which process shall include rejection of irregular, ineligible or conflicting proxies. While landowners may observe during the process, they may not intervene in the process. Upon completion of the tabulation, the Chair of the landowners meeting shall announce the result.

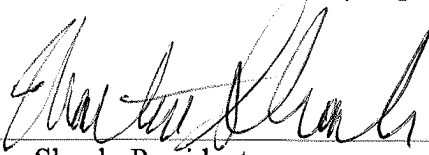

The person or persons reviewing the proxies cannot pass upon the genuineness of the proxies, but must accept those proxies which appear to be authentic and complete on their face. Their discretion extends primarily to irregularities appearing on the face of the proxies unidentifiable names of landowners or conflicting proxies and does not include the authority to admit extrinsic evidence to resolve conflicting or irregular proxies.

The following policies shall be applied in reviewing the proxies:

1. If two or more proxies are submitted from the same individual, the proxy with the latest date will be accepted and earlier proxy rejected.
2. If two or more proxies are submitted from the same individual and it cannot be determined for whatever reason which is the latest, all proxies will be rejected if the proxy holder voted for different candidates on the proxies.
3. An undated proxy where no others are submitted will be accepted.
4. If the name on the proxy is substantially similar or recognizable compared to that on the tax roll such as initials instead of a full name, it should be accepted.

LANDOWNER PROXY

**LANDOWNERS MEETING - JUNE 19, 2023
CORAL SPRINGS IMPROVEMENT DISTRICT**

KNOW ALL MEN BY THESE PRESENTS, that the undersigned hereby constitutes and appoints:

and his or her attorneys and agents, with power of substitution for and on behalf of the undersigned, to vote as proxy, by casting ballots in the same manner as the undersigned would be entitled to vote if then personally present, for the election of members of the Board of Supervisors at the duly noticed public meeting of the Landowners of the Coral Springs Improvement District to be held in the Maplewood Elementary Cafeteria, 9850 Ramblewood Drive, Coral Springs, Florida, Monday, June 19, 2023 at 4:00 P.M., and at any adjournments thereof, according to the number of acres of land and/or cooperative or condominium units owned by the undersigned. The proxy may vote in accordance with their discretion on all matters not known or determined at the date of execution of this proxy as may legally come before the meeting.

This proxy is to continue in full force and effect from the time of solicitation until the conclusion of the above described landowners' meeting and any adjournment or adjournments thereof, but may be revoked at any time by notice thereof, in writing, filed with the Secretary of the Coral Springs Improvement District.

**MINUTES OF MEETING
CORAL SPRINGS
IMPROVEMENT DISTRICT**

The regular meeting of the Board of Supervisors of the Coral Springs Improvement District was held Monday, May 15, 2023 at 4:02 p.m. at JP Taravella High School, 10600 Riverside Drive, Coral Springs, FL.

Present and constituting a quorum were:

Martin Shank	President
Len Okyn	Vice President

Also present were:

Timothy Day	District Manager
Seth Behn	District Attorney
David McIntosh	Director of Operations
Joe Stephens	Director of Utilities
Sue Beyer	Director of Finance and Accounting
Rick Olson	District Engineer
Curt Dwiggin	Field Department
Shawn Frankenhauser	Stormwater Department
Christian McShea	Water Department
Mike Hosein	Wastewater Department
Miguel Alvarez	Maintenance Department
Osmanly Larzabal	Utility Billing and Customer Service
Danielle Keira-Cancel	Procurement Department
Sandra H. Demarco	Inframark
Residents	

The following is a summary of the discussions and actions taken.

FIRST ORDER OF BUSINESS

Call to Order

Mr. Day called the meeting to order at 4:02 p.m. and called the roll.

SECOND ORDER OF BUSINESS

Approval of the Minutes of the April 17, 2023 Meeting

On MOTION by Mr. Okyn seconded by Dr. Shank with all in favor the minutes of the April 17, 2023 meeting were approved.

THIRD ORDER OF BUSINESS

Financials for April 2023

Ms. Beyer reviewed the financials.

On MOTION by Mr. Okyn seconded by Dr. Shank with all in favor the financials for April 2023 were approved.

FOURTH ORDER OF BUSINESS

Presentation of the Proposed Fiscal Year 2024 General Fund Budget and Consideration of Resolution 2023-4, Approving the Budget and Setting the Public Hearing

Mr. Day read the resolution into the record.

On MOTION by Mr. Okyn seconded by Dr. Shank with all in favor Resolution 2023-4, approving the proposed Fiscal Year 2024 Budget and setting the public hearing for August 21, 2023 at 4:00 p.m. at the District Offices, was adopted.

FIFTH ORDER OF BUSINESS

Consideration of Permits

A. Permit #2023-03 - Mastec Fiberoptic Installation on Coral Springs Drive

The applicant cancelled the permit application.

B. Permit #2023-04 – 977 Riverside Drive Fiberoptic Installation

Mr. Hanks reviewed the permit application and recommended approval with the special conditions he indicated in his letter.

On MOTION by Mr. Okyn seconded by Dr. Shank with all in favor Permit 2023-04 was approved.

C. Permit #2022-10 – 1450 Coral Ridge Drive 7-Eleven Conversion and Tank Replacement

Mr. Hanks reviewed the permit application and recommended approval with the special conditions he indicated in his letter.

On MOTION by Mr. Okyn seconded by Dr. Shank with all in favor Permit 2022-10 was approved

SIXTH ORDER OF BUSINESS

Appointment of Resident Advisory Committee

Mr. Behn reviewed the rules for the proposed Resident Advisory Committee. He noted 10 Committee members were randomly selected from the sign-up sheet for the Committee, as well as a backup alternate. The first meeting is scheduled for May 30, 2023

at 5:30 p.m. At the first meeting the Committee will select the time and dates for future meetings. The setup is to meet every two weeks for two months and then an additional two months if they feel it is necessary. They are charged with bringing back a report to the District. The Committee members include the following:

- Margaret Rosenbaum
- Joel Levine
- Kim Diehl
- Rachel Alexander
- Linda Gardner
- Lucie DiCapua
- Mark Ritter
- Michael Fasciani
- Roy Gold
- John C. Norris
- Swadesh Ramdeen
- Stephen Lytle (alternate)

On MOTION by Mr. Okyn seconded by Dr. Shank with all in favor the Resident Advisory Committee rules were approved and the about listed members have been appointed to the Committee.

SEVENTH ORDER OF BUSINESS

Consideration of Request by Staff to Allow for the Award of the Water Plant Bulk ITB# 2023-02 – Bid Opening was held on May 1, 2023 with Two Bid Submittals from American Water Chemicals and Hawkins, Inc. *(We are presenting the Board with one (1) year agreements with Hawkins, Inc. and American Water Chemicals. There are two one (1) year optional renewals to renew the contracts at the end of the initial one (1) year term. The contracts will renew automatically unless there are changes. Hawkins will be awarded the corrosion inhibitor, ammonium*

sulfate, hydrofluosilicic acid, sodium hydroxide, sulfuric and citric acid. American Water Chemicals will be awarded the antiscalant and all three (3) membrane cleaners)

Ms. Keira-Cancel reviewed the Water Plant Bulk ITB# 2023-02 bids.

On MOTION by Mr. Okyn seconded by Dr. Shank with all in favor the award of bid to Hawkins for corrosion inhibitor, ammonium sulfate, hydrofluosilicic acid, sodium hydroxide, sulfuric and citric acid, and the award of bid to American Water Chemicals for the antiscalant and three membrane cleaners was approved.

EIGHTH ORDER OF BUSINESS

Staff Request Board Consideration to Continue to Piggyback on the Extension of the Contract RFP# 017-2020 between the City of Lake City and H&H Liquid Sludge Disposal, Inc (*This is the final extension on the contract and takes it to July 1, 2024*)

Mr. Hosein reviewed the request to continue piggybacking on the extension of contract for H&H Liquid Sludge Disposal, Inc.

On MOTION by Mr. Okyn seconded by Dr. Shank with all in favor continuing to piggyback on the extension of the contract RFP# 017-2020 between the City of Lake City and H&H Liquid Sludge Disposal, Inc. was approved.

NINTH ORDER OF BUSINESS

Staff Request Board Consideration of a Request to Piggyback on a Contract between the City of Oakland Park and RMPK Funding, Inc. for the Provision of Grant Management Services RFP# 012623

Mr. Stephens reviewed the request to piggyback off the City of Oakland Park contract with RMPK Funding, Inc. Grant funding will be used for this.

On MOTION by Mr. Okyn seconded by Dr. Shank with all in favor piggybacking off the City of Oakland Park contract with RMPK Funding, Inc. was approved.

TENTH ORDER OF BUSINESS

Staff Requests Board Consideration to Continue to Piggyback on the Extension of the Alternate Contract Source No. 31160000-20-NAPSO-ACS Facilities Maintenance, Repair and Operations and Industrial Contract (*The contract is between the State of Florida Department of Management Services and W.W. Grainger, Inc. The extension takes the contract to June 30, 2024*)

Mr. Dwiggins reviewed the request to continue piggybacking on the extension of the State of Florida Department of Management Services contract with W.W. Grainger, Inc.

On MOTION by Mr. Okyn seconded by Dr. Shank with all in favor continuing to piggyback off the State of Florida Department of Management Services contract with W.W. Grainger, Inc. was approved.

ELEVENTH ORDER OF BUSINESS

Staff Requests Board Consideration of the Engagement Letter with Keefe McCullough to Conduct the Financial Audit of the District’s Accounts for the Fiscal Year Ending September 30, 2023 at an Amount not to Exceed \$22,000

Ms. Beyer reviewed the engagement letter with Keefe McCullough for the Fiscal Year 2023 financial audit.

On MOTION by Mr. Okyn seconded by Dr. Shank with all in favor the engagement letter with Keefe McCullough for the Fiscal Year 2023 financial audit was approved.

TWELFTH ORDER OF BUSINESS

Consideration of Staff Requests to Enter into a Three-Year Contract with Huber Technologies to Perform Annual Maintenance on Wastewater Department Huber EscaMax 5000 Barscreen at \$2,000 per Year (*Huber is a Sole Source Provider for this Maintenance*)

Mr. Hosein reviewed the request to enter a three-year contract with Huber Technologies.

On MOTION by Mr. Okyn seconded by Dr. Shank with all in favor a three-year contract with Huber Technologies to perform the annual maintenance was approved.

THIRTEENTH ORDER OF BUSINESS

Staff Requests Board Consideration of the Purchase of Two Club Car Golf Carts from Jeffrey Allen, Inc., an Authorized Club Car Representative (The purchases are piggybacking on the City of Kansas, Missouri, master contract #EV 2671-01 utility transportation and golf vehicles plus related accessories equipment and services with Club Car. This contract is registered through Omnia and the District is eligible to piggyback on this contract by registering with Omnia. The purchases are an electric club car tempo 2+2 for administration at \$10,968.30 and a Club Car GA 300 at \$10,853.42 for the Wastewater Department)

Mr. Stephens reviewed the request to purchase two club car golf carts.

On MOTION by Mr. Okyn seconded by Dr. Shank with all in favor the purchase of two club golf carts from Jeffrey Allen, Inc. piggybacking off the City of Kansas, one at \$10,968.30 and one at \$10,853.42, was approved.

FOURTEENTH ORDER OF BUSINESS

Consideration of Amendment #1 to Work Authorization #211 for Site No. 15 Canal Bank Stabilization for a Decrease of \$24,098

Mr. Olson reviewed Amendment #1 to Work Authorization #211.

On MOTION by Mr. Okyn seconded by Dr. Shank with all in favor Amendment #1 to Work Authorization #211 for a decrease of \$24,098 was approved.

FIFTEENTH ORDER OF BUSINESS

Engineer's Report

Mr. Olson reviewed the report, a copy of which was included in the agenda package. He also reported on lessons learned from Hurricane Ian.

SIXTEENTH ORDER OF BUSINESS

Staff Reports

A. Manager – Ken Cassel

- **Number of Registered Voters within the District – 27,127**

This item is for information purposes only.

B. Department Reports

- **Operations – David McIntosh**

Mr. McIntosh reported the following:

- He thanked the Board for getting through today’s agenda.
- Preparations have been made for the FASD meeting in Orlando next month.
- They received the required payment for the cell tower. Mr. Stephens is working with them to find a location.

- **Utilities Update – Joe Stephens**

Mr. Stephens reported the following:

- Regarding the cell tower, they will be doing the locates on May 17, 2023 and the surveyor will be out May 23, 2023.
- Internships with Broward County high school students will be from June 12, 2023 to July 24, 2023 at 20 hours a week.
- The first meeting of the utility groups within the Interlocal Agreement for biosolids will be held on May 24, 2023.

- **Utility Billing Customer Service Report – Osmanny Larzabal (Report Provided)**

Mr. Larzabal reviewed his report, a copy of which is attached hereto and made a part of the public record.

- **Water – Christian McShea (Report Provided)**

Mr. McShea reviewed his report, a copy of which is attached hereto and made a part of the public record.

- **Wastewater – Mike Hosein (Report Provided)**

Mr. Hosein reviewed his report, a copy of which is attached hereto and made a part of the public record.

- **Stormwater – Shawn Frankenhauser (Report Provided)**

Mr. Frankenhauser reviewed his report, a copy of which is attached hereto and made a part of the public record.

- **Field – Curt Diggins (Report Provided)**

Mr. Diggins reviewed his report, a copy of which is attached hereto and made a part of the public record.

- **Maintenance Report – Miguel Alvarez (Report Provided)**

Mr. Vasquez reviewed his report, a copy of which is attached hereto and made a part of the public record.

- **Procurement Report – Danielle Keira-Cancel (Report Provided)**

Ms. Cancel reviewed her report, a copy of which is attached hereto and made a part of the public record.

- **Human Resources – Jan Zilmer**

Mr. Zilmer provided an update on Paycom and upcoming health insurance plans.

- **Motion to Accept Department Reports**

On MOTION by Mr. Okyn seconded by Dr. Shank with all in favor the Department Reports were accepted.

C. Attorney

Mr. Behn reported the following:

- The landowners meeting will be on June 19, 2023.
- The senate bill requiring board members of special districts to complete four hours of ethics training passed and will likely be signed by the Governor in the upcoming weeks.
- Ms. Demarco noted the landowners meeting will be held at the Maplewood Elementary School cafeteria. The address is 9850 Ramblewood Drive, Coral Springs. The landowners meeting has been advertised as required by Statute.
- Mr. McIntosh asked if there will be any regular business conducted after the landowners meeting. Mr. Behn responded it may depend on how long the election takes. There may be enough time to have a quick organizational meeting.

SEVENTEENTH ORDER OF BUSINESS Audience Comments

Mr. Tiefenbrun stated he appreciated the Open House, and he will be running for the Board.

EIGHTEENTH ORDER OF BUSINESS Supervisors' Requests

- Mr. Okyn thanked staff for everything they do and assured everyone they have a committed group to serve the District.
- Dr. Shank reminded everyone CSID has the best water at the lowest rate compared to the City and other surrounding cities. They also have the lowest assessment rates. This is due to how well the District is run. He thanked everyone for the Open House and the reports.

SEVENTEENTH ORDER OF BUSINESS Audience Comments (Continued)

Mr. Lytle requested information on the landowners meeting and requested a copy of the department reports.

NINETEENTH ORDER OF BUSINESS Adjournment

On MOTION by Mr. Okyn seconded by Dr. Shank with all in favor the meeting was adjourned.

Fifth Order of Business

Professional Services Agreement

This Professional Services Agreement (Agreement) is entered into this 19 day of June, 2023 [YEAR] between CORAL SPRINGS IMPROVEMENT DISTRICT (OWNER), having its principal office at 10300 NW 11th Manor Coral Springs, FL 33071 and FISH TEC INC. (CONTRACTOR), a company licensed to conduct business in the State of Florida, having its principal place of business at 1016 6TH Street Daytona Beach, FL 32117.

WHEREAS, the OWNER intends to engage the CONTRACTOR to provide professional services related to Culvert Pipe Sediment and Debris Removal.

In consideration of the mutual promises herein, CONTRACTOR and the OWNER agree that the terms and conditions of this Agreement are as follows:

1. BASIC SERVICES

- 1.1. **Scope.** CONTRACTOR shall provide the Services as described Schedule C and in individual Purchase Orders authorized in writing by the OWNER. CONTRACTOR's obligations under this Agreement are solely for the benefit of the OWNER and no other party is intended to benefit or have rights hereunder.
- 1.2. **Standard of Care.** CONTRACTOR shall perform the services under this Agreement in a manner consistent with the highest standard of care, diligence, and skill exercised by nationally recognized firms for similar services. These services will be provided by CONTRACTOR's professionals and individuals skilled in other technical disciplines, as appropriate.
- 1.3. **Instruments of Service.** CONTRACTOR is responsible for the professional quality, technical accuracy, timely completion, and the coordination of all instruments of its services including designs, drawings, specifications, reports [collectively called **Service Instruments**] and other services provided under this Agreement.
- 1.4. **End-Users Software License.** RESERVED
- 1.5. **Applicable Codes.** The Service Instruments will conform to the generally accepted codes and regulations applicable to the Project at the time of performance.
- 1.6. **Subcontractors.** Any subcontractors and outside associates of CONTRACTOR to be engaged by CONTRACTOR under this Agreement are limited to those identified in executed Purchase Orders or as the OWNER specifically approves during the performance of a Purchase Order.

2. THE OWNER'S RESPONSIBILITIES

Unless stated otherwise in Section 7 or in individual Purchase Orders, the OWNER shall do the following in a timely manner:

- 2.1. **The OWNER's Representative.** The OWNER will designate a representative having authority to give instructions, receive information, define the OWNER's policies, and make decisions with respect to individual Purchase Orders.
- 2.2. **Project Criteria.** Provide criteria and information as to the OWNER's requirements for a Purchase Order, including design objectives and constraints, space, capacity, scope of service, task assignments, and performance requirements, and any budgetary limitations to the extent known to the OWNER.
- 2.3. **Data.** Provide all available information, including previous reports and any other data in the possession of the OWNER relevant to a Purchase Order.
- 2.4. **Access.** Arrange for CONTRACTOR to enter upon public property as mandated by the OWNER.
- 2.5. **Review.** Respond to CONTRACTOR's request for decisions or determinations.
- 2.6. **Meetings.** Hold or arrange meetings required to assist in the service required by a Purchase Order.
- 2.7. **Project Developments.** Give prompt written notice to CONTRACTOR whenever the OWNER observes or otherwise becomes aware of any development that affects the scope or timing of CONTRACTOR's services.

3. PERIODS OF SERVICE

- 3.1. **Time of Performance.** Sections 3 and 4 anticipate the orderly and continuous progress of Purchase Orders through completion of each Purchase Order's scope of service.
- 3.2. **Start of Performance.** CONTRACTOR will start the Services described in each Purchase Order upon authorization by the OWNER. If the OWNER gives authorization before signing a Purchase Order, the CONTRACTOR shall be paid as if the services had been performed after both parties signed the Purchase Order. Purchase orders will only be valid if signed by the OWNER's authorized representative.
- 3.3. **Force Majeure.** If a force, event, or circumstance beyond CONTRACTOR's or the OWNER'S control interrupts or delays CONTRACTOR's performance, the time of performance shall be equitably adjusted.
- 3.4. **Term.** This Agreement shall be in effect for three (3) years with two (2), one (1) year extensions available upon mutual consent of the parties.

4. COMPENSATION

- 4.1. On an as-needed basis, the OWNER will issue Purchase Orders to the CONTRACTOR describing the service required under this Agreement, containing a mutually agreed upon "Not to Exceed" cost, with all required service being directly related to those services originally sought by the OWNER. In response, CONTRACTOR will prepare a scope of

service and cost estimate based on the Fee Schedule attached as Schedule B, which shall become part of the Purchase Order upon execution by both parties.

- 4.2. **CONTRACTOR Services.** Based upon the Scope of Services provided for in each Purchase Order issued pursuant to the Agreement and Fee Schedule (Bid Price Form ITB# 2023-03 Culvert Pipe Sediment and Debris Removal), the OWNER shall pay CONTRACTOR the amount stated in invoices issued for and in accordance with each Purchase Order for actual service performed during the period covered by the invoice, subject to the funding limits established in each Purchase order. Invoices are payable by the OWNER within 30 days after receipt of the approved invoice.

5. GENERAL CONSIDERATIONS

- 5.1. **Changes.** By written and/or electronic notice at any time, the OWNER may change services required by a Purchase Order, provided such changes are within the general scope of the services contemplated by this Agreement, subject to validation under any applicable cost or price analysis required by federal, state, or local law. In such an event, an equitable adjustment both in the compensation for and time of performance of the adjusted Purchase Order shall be made in writing prior to CONTRACTOR performing the changed services. Such changes can only be required by the OWNER's authorized representative.
- 5.2. **Access to Records.** The following access to records requirements apply to CONTRACTOR, which includes its successors, transferees, assignees, and subcontractors: (a) CONTRACTOR agrees to provide the OWNER, the State of Florida, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records which are directly pertinent to this Agreement for the purpose of making audits, examinations, excerpts, and transcriptions; (b) CONTRACTOR agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed for service being completed under this Agreement.
- 5.3. **Confidentiality and Proprietary Information.** CONTRACTOR will hold secret and confidential all information designated by the OWNER as confidential under Florida Public Records law (Confidential Information). CONTRACTOR will not reveal Confidential Information to a third party unless: (a) such disclosure of information deemed Confidential is permitted by law (b) the OWNER consents in writing; (c) applicable law, regulation, court order or an agency of competent jurisdiction requires its disclosure;. All drawings, specifications, technical information, and other information furnished to the OWNER by CONTRACTOR or developed by CONTRACTOR in connection with the service are, and will remain, the property of the OWNER.
- 5.4. **Disputes.** If a dispute or complaint (collectively referred to as a "Dispute") arises concerning this Agreement, the OWNER and CONTRACTOR will negotiate a resolution of the Dispute. Should negotiation be unsuccessful, mediation of the Dispute by a third party shall follow. Any time which elapses in attempting to resolve the Dispute through either or both negotiation or mediation shall extend day-for-day any applicable statute(s) of repose or limitation of actions.

- 5.5. **Negotiation.** Following written notice of a Dispute, a minimum of one face-to-face meeting (or less if the Dispute is resolved) shall be held.
- 5.6. **Mediation.** If negotiation is unsuccessful, a mutually acceptable third party [**Facilitator**] having expertise in the subject of the Dispute shall be engaged to mediate the Dispute. The fee and expenses of the Facilitator shall be shared equally by the parties to the Dispute. The parties may present evidence and arguments to the Facilitator. Unless the Facilitator and the parties agree otherwise, a minimum of one face-to-face meeting shall be held within the sixty-day period beginning on the date of the Facilitator's engagement. Following the meeting or earlier if appropriate, the Facilitator shall report to the parties whether he believes the Dispute is resolvable through mediation. At that point the parties shall elect (a) to continue mediation, (b) replace the Facilitator and continue mediation, or (c) end mediation. If the mediation is ended, the parties may litigate the Dispute.
- 5.7. **Remedies.** Nothing in this Agreement otherwise prevents the OWNER from utilizing any available remedies, administrative, contractual, or legal, where CONTRACTOR has been found to have violated or breached the terms of this Agreement, subject to the Limitation of Liability provision below.
- 5.8. **Insurance.** CONTRACTOR will maintain **insurance** against the following risks during the term of the Agreement: (a) workers compensation in statutory amounts and employer's liability for CONTRACTOR's employees' project-related injuries or disease; (b) general liability and automobile liability each in the amount of \$1,000,000 for personal injury or property damage to third parties which arises from CONTRACTOR's performance under this Agreement; and (c) professional liability in the amount of \$1,000,000 for legal obligations arising out of CONTRACTOR's failure to meet the Standard of Care.
- 5.8.1. Comprehensive Auto Liability Insurance covering all owned, non-owned and hired vehicles used in connection with the performance of service under this Agreement, with a combined single limit of liability for bodily injury and property damage no less than:
- 5.8.1.1. Any Auto (Symbol 1) Combined Single Limit (Each Accident) - \$1,000,000
 - 5.8.1.2. Hired Autos (Symbol 8) Combined Single Limit (Each Accident) - \$1,000,000
 - 5.8.1.3. Non-Owned Autos (Symbol 9) Combined Single Limit (Each Accident) - \$1,000,000
- 5.8.2. Comprehensive General Liability Insurance written on an occurrence basis including, but not limited to coverage for bodily injury and property damage, personal & advertising injury, products & completed operations, and contractual liability. Coverage must be written on an occurrence basis, with limits of liability no less than:
- 5.8.2.1. Each Occurrence Limit - \$1,000,000
 - 5.8.2.2. Personal & Advertising Injury Limit - \$1,000,000
 - 5.8.2.3. General Aggregate Limit - \$2,000,000

- 5.8.2.4. Products & Completed Operations Aggregate Limit - \$2,000,000
- 5.8.3. Workers' Compensation and Employers' Liability Insurance covering all employees, and/or volunteers of the CONTRACTOR engaged in the performance of the Scope of Service associated with this Agreement. In the event any service is sublet, the CONTRACTOR shall require the subcontractors similarly to provide Workers' Compensation Insurance for all the latter's employees unless such employees are covered by the protection afforded by the CONTRACTOR. Coverage for the CONTRACTOR and its subcontractors shall be in accordance with applicable state and/or federal laws that may apply to Workers' Compensation Insurance with limits of liability no less than:
- 5.8.3.1. Workers' Compensation: Coverage A – Statutory
- 5.8.3.2. Employers Liability: Coverage B \$1,000,000 – Each Accident
- 5.8.3.2.1. \$1,000,000 Disease – Policy Limit
- 5.8.3.2.2. \$1,000,000 Disease – Each Employee
- If CONTRACTOR claims to be exempt from this requirement, CONTRACTOR shall provide CITY proof of such exemption along with a written request for CITY to exempt CONTRACTOR, written on CONTRACTOR letterhead.
- 5.8.4. Umbrella/Excess Liability Insurance in the amount of \$2,000,000, as determined appropriate by the DISTRICT depending on the type of job and exposures contemplated. Coverage must follow the form of General Liability, Auto Liability and Employer's Liability. This coverage shall be maintained for a period of no less than the later of three (3) years after the delivery of goods/services or final payment pursuant to the Agreement. The Coral Springs Improvement District must be shown as an additional insured with respect to this coverage. The DISTRICT'S additional insured status shall extend to any coverage beyond the minimum limits of liability found herein. The Coral Springs Improvement District shall be named as an Additional Insured on each of the General Liability policies required herein.
- 5.8.5. Leased/Rented Contractor's Equipment, with all risk coverage including theft:
- 5.8.5.1. Any One Item - \$450,000
- 5.8.6. CONTRACTOR shall name the DISTRICT, as an additional insured on each of the General Liability policies required herein and shall hold the DISTRICT, its elected and appointed officers, agents, employees, and instrumentalities harmless on account of claims for damages to persons, property or premises arising out of the services provided hereunder.
- 5.8.7. Any insurance required of the CONTRACTOR pursuant to this Agreement must also be required of any subcontractor in the same limits and with all requirements as provided herein, including naming the DISTRICT as an additional insured, in any service that is subcontracted unless such subcontractor is covered by the protection afforded by the CONTRACTOR and provided proof of such coverage is provided to DISTRICT. The CONTRACTOR and any subcontractors shall maintain such policies during the term of this Agreement
- 5.8.8. The DISTRICT reserves the right to require any other additional types of insurance coverage and/or higher limits of liability it deems necessary based on the nature of service being performed under this Agreement.
- 5.8.9. The insurance requirements specified in this Agreement are minimum

requirements and in no way reduce any liability the CONTRACTOR has assumed in the indemnification/hold harmless section(s) of this Agreement.

5.9. Indemnification

5.9.1. To the fullest extent permitted by laws and regulations, Contractor shall indemnify, defend, save and hold harmless the OWNER, its officers, agents and employees, from or on account of all claims, damages, losses, liabilities and expenses, arising out of the operations of the Contractor or his Subcontractors, agents, officers, employees or independent contractors pursuant to the contract caused by or arising out of (a) any negligent act, or willful omission or default of the Contractor and/or his subcontractors, agents, servants, or employees in the provision of the goods and/or services under the contract to include any bodily injuries, sickness, disease, death or destruction of real or tangible property; (b) the use of any improper materials in any goods or services provided pursuant to the contract; (c) a defective condition in any goods provided pursuant to the contract; (d) the violation of any federal, state, county, or municipal laws, ordinances or regulations by Contractor, his subcontractors, agents, servants, independent contractors or employees in the provision of the goods or services under the contract; or (e) the breach by Contractor of any term of the Contract including the breach of any warranty or guarantee.

5.9.2. Contractor agrees to indemnify, defend, save and hold harmless the OWNER, its officers, agents and employees, from all claims, damages, losses, liabilities and expenses arising out of any alleged infringement of copyrights, patent rights and/or the unauthorized or unlicensed use of any material, property or other work in connection with the performance of the Contract.

5.9.3. Contractor shall pay all claims, losses, liens, settlements or judgments of any nature whatsoever in connection with the foregoing indemnifications including, but not limited to, reasonable attorney's fees (including appellate attorney's fees) and costs.

5.9.4. OWNER reserves the right to select its own legal counsel to conduct any defense in any such proceeding and all costs and fees associated therewith shall be the responsibility of Contractor under the indemnification agreement. Nothing contained herein is intended nor shall it be construed to waive OWNER's rights and immunities under the common law or Florida Statute 768.28 as amended from time to time.

5.10. **Limitation of Liability.** Notwithstanding any other provision of this Agreement and to the fullest extent permitted by law the parties agree that neither the OWNER nor CONTRACTOR shall be liable to each other for any special, indirect or consequential damages, whether caused or alleged to be caused by negligence, strict liability, breach of contract or warranty under this Agreement. Except for amounts for which indemnification is given by CONTRACTOR hereunder, in no event will CONTRACTOR's liability to the OWNER, whether in contract, tort or any other theory of liability, exceed

CONTRACTOR's fees for services from which the liability arises.

- 5.11. **Assignment Rights.** OWNER may offer adoption of this agreement in whole to other local governing agencies with the express written approval of the CONTRACTOR. The OWNER makes no guarantee of assignment, and the CONTRACTOR maintains the right to refuse services to other local governing agencies.
- 5.12. **Interpretation.** This Agreement shall be interpreted in accordance with the laws of the State of Florida.
- 5.13. **Successors.** This Agreement is binding on the successors and assignees of the OWNER and CONTRACTOR. The Agreement may not be assigned in whole or in part to any third parties without the written consent of the OWNER.
- 5.14. **Independent Contractor.** CONTRACTOR represents that it is an independent contractor and is not an employee of the OWNER.
- 5.15. **Notices.** Written notices may be delivered in person or by certified mail, or by facsimile, or by courier or by email. All notices shall be effective upon the date of receipt by the party.
- 5.16. **Entire Agreement.** This Agreement encompasses all procurement and contract documents to include the ITB and addenda, CONTRACTOR Proposal, Contract, Schedules, Attachments, and Purchase Orders executed pursuant to this Agreement. Any prior or contemporaneous agreements, promises, negotiations or representations not expressly stated herein are of no force and effect. Any modifications to this Agreement shall be in writing and signed by the OWNER and CONTRACTOR. In the event of inconsistency between the contract documents, unless otherwise provided herein, the terms of the following documents will govern in the following order of precedence:
- 5.16.1. Terms and conditions as contained in this Agreement.
 - 5.16.2. Terms and conditions contained in ITB# 2023-03 Culvert Pipe Sediment and Debris Removal, and any addenda thereto.
 - 5.16.3. Contractor's response to ITB# 2023-03 and any subsequent information submitted by Contractor during the procurement process
 - 5.16.4. Purchase orders issued under this agreement.
- 5.17. **Waivers and Severability.** A waiver or breach of any term, condition, or covenant by a party shall not constitute a waiver or breach of any other term, condition or covenant. If any court of competent jurisdiction declares a provision of this Agreement invalid, illegal, or otherwise unenforceable, the remaining provisions of the Agreement shall remain in full force and effect.

5.18. **Termination.** Upon seven (7) calendar day's written notice delivered by certified mail, return receipt requested, to the Successful Bidder, the DISTRICT may without cause and without prejudice to any other right or remedy; terminate the agreement for the DISTRICT'S convenience whenever the DISTRICT determines that such termination is in the best interest of the DISTRICT. Where the agreement is terminated for the convenience of the DISTRICT the notice of termination to the Successful Bidder must state that the contract is being terminated for the convenience of the DISTRICT under the termination clause and the extent of termination. Upon receipt of the notice of termination for convenience, the Successful Bidder shall promptly discontinue all service at the time and extent indicated on the notice of termination, terminate all outstanding sub-contractors and purchase orders to the extent that they relate to the terminated portion of the Contract and refrain from placing further orders and subcontracts except as they may be necessary, and complete any continued portions of the service.

5.19. **Effective Date.** This Agreement is effective on the date it has been executed by both Parties.

6. SPECIAL PROVISIONS, EXHIBITS, and SCHEDULES.

6.1. **Duties and Responsibilities of CONTRACTOR.** CONTRACTOR or its representatives may be on site during various stages of the service to observe the progress and quality of the service and to determine, in general, if the service is proceeding in accordance with the intent of the Agreement. Visits and observations made by CONTRACTOR will not relieve other contractors of their obligation to conduct comprehensive inspections of the service, to furnish materials, to perform acceptable service, and to provide adequate safety precautions.

6.2. **Limitations of CONTRACTOR's Responsibilities.** CONTRACTOR will not be responsible for other contractors' means, methods, techniques, sequences or procedures of the service, or the safety precautions, including compliance with the program's incident thereto. CONTRACTOR will not be responsible for contractors' or their subcontractor's failure to perform the service in accordance with their contract with the OWNER or any other agreement. CONTRACTOR will not be responsible for the acts or omissions of contractors, their subcontractors or any other contractors, or any of its or their agents or employees or any other persons at the site or otherwise performing any of the service.

6.3. **Schedules.** The following **Schedules** are attached to and made a part of this Agreement:

6.3.1. **Schedule A:** *Invitation to Bid*

6.3.2. **Schedule B:** *Contractor Proposal*

6.3.3. **Schedule C:** *Scope of Services*

7.

7.1. **E-Verify:** CONTRACTOR certifies that it is aware of and complies with the requirements of Section 448.095, Florida Statutes, as may be amended from time to time and briefly described herein below

7.1.1. **Definitions for this Section:**

- 7.1.1.1. **“Contractor”** means a person or entity that has entered or is attempting to enter into a contract with a public employer to provide labor, supplies, or services to such employer in exchange for salary, wages, or other remuneration. “Contractor” includes, but is not limited to, a vendor or consultant.
- 7.1.1.2. **“Subcontractor”** means a person or entity that provides labor, supplies, or services to or for a contractor or another subcontractor in exchange for salary, wages, or other remuneration.
- 7.1.1.3. **“E-Verify system”** means an Internet-based system operated by the United States Department of Homeland Security that allows participating employers to electronically verify the employment eligibility of newly hired employees.
- 7.1.2. **Registration Requirement; Termination:** Pursuant to Section 448.095, Florida Statutes, effective January 1, 2021, Contractors shall register with and use the E-Verify system in order to verify the work authorization status of all newly hired employees. Contractor shall register for and utilize the U.S. Department of Homeland Security’s E-Verify System to verify the employment eligibility of:
- 7.1.2.1. All persons employed by a Contractor to perform employment duties within Florida during the term of the contract; and
- 7.1.2.2. All persons (including sub vendors/ subconsultants/subcontractors) assigned by Contractor to perform work pursuant to the Contract with the Coral Springs Improvement District. The Contractor acknowledges and agrees that registration and use of the U.S. Department of Homeland Security’s E-Verify System during the term of the Contract is a condition of the contract with the Coral Springs Improvement District; and
- 7.1.3. The Contractor shall comply with the provisions of Section 448.095, Fla. Stat., “Employment Eligibility,” as amended from time to time. This includes but is not limited to registration and utilization of the E-Verify System to verify the work authorization status of all newly hired employees. The contractor shall also require all subcontractors to provide an affidavit attesting that the subcontractor

does not employ, contract with, or subcontract with, an unauthorized alien. The Contractor shall maintain a copy of such affidavit for the duration of the Contract. Failure to comply will lead to termination of this Contract, or if a subcontractor knowingly violates the statute, the subcontract must be terminated immediately. Any challenge to termination under this provision must be filed in the Circuit Court no later than twenty (20) calendar days after the date of termination. Termination of this Contract under this Section is not a breach of Contract and may not be considered as such. If this Contract is terminated for a violation of the statute by the Contractor, the Contractor may not be awarded a public contract for a period of one (1) year after the date of termination.

7.2. **Scrutinized Companies:** By execution of this Agreement, CONTRACTOR, its principals or owners, certify that they are not listed on the Scrutinized Companies that Boycott Israel List, Scrutinized Companies with Activities in Sudan List, Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or is engaged in business operations with Syria. In accordance with Section 287.135, Florida Statutes, as amended, a company is ineligible to, and may not, bid on, submit a proposal for, or enter into or renew a contract with any agency or local governmental entity for goods or services of:

7.2.1. Any amount of, at the time bidding on, submitting a proposal for, or entering into or renewing such Contract, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Florida Statutes, or is engaged in a boycott of Israel; or

7.2.2. One million dollars or more if, at the time of bidding on, submitting a proposal for, or entering into or renewing such Contract, the company:

7.2.2.1. Is on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, created pursuant to Section 215.473, Florida Statutes; or

7.2.2.2. Is engaged in business operations in Syria.

7.3. **Execution Authority.** This Agreement is a valid and authorized undertaking of the OWNER and CONTRACTOR. The representatives of the OWNER and CONTRACTOR who have signed below have been authorized to do so.

- 7.4. **Public Records.** The Parties are public agencies subject to Chapter 119, Fla. Stat. The Parties shall comply with all public records laws in accordance with Chapter 119, Fla. Stat. In accordance with state law, the Parties agrees to:
- 7.4.1. Keep and maintain all records that ordinarily and necessarily would be required by the Parties.
 - 7.4.2. Provide the public with access to public records on the same terms and conditions that the Parties would provide for the records and at a cost that does not exceed the costs provided in Chapter 119, Fla. Stat. or as otherwise provided by law.
 - 7.4.3. that public records that are exempt or confidential and exempt from public records disclosure are not disclosed except as authorized by law.
 - 7.4.4. all requirements for retaining public records and transfer, at no cost, to the Parties all records in possession of the Parties at the termination of this Agreement and destroy any public records that are exempt or confidential and exempt from public records disclosure requirements. All records stored electronically must be provided to the Parties in a format that is compatible with the information technology systems of the Parties. All records shall be transferred to the Parties prior to final payment being made to the Parties.
 - 7.4.5. If either Party does not comply with this section, the non-breaching Party shall enforce the Agreement provisions in accordance with this Agreement and may unilaterally cancel this Agreement in accordance with state law.

IF THE CONTRACTOR HAS ANY QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES TO THE CONTRACTORS DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, THE CONTRACTOR SHOULD CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT

Sandra Demarco

210 N. University Drive, Suite 702 Coral Springs, FL 33071

Title: _____

Title: Joseph B. Pellicer, President

Date: _____

Date: 6/9/2023

Schedule C: Scope of Services

This specification is for the purpose of soliciting bids for Culvert Pipe Sediment and Debris Removal.

Objectives

Based on the provided map, the Contractor shall remove sediment and clean all debris from the selected culvert pipes. The bottom of the canal shall be dredged of material no less than 50 feet away from upstream and downstream approaches to a depth of 1 foot below the bottom of the pipe or the hard bottom. This includes 1 foot away from the outside edges of the culvert pipe(s).

Contractor shall dispose of all sediment and debris removed from the pipe, culverts and stormwater structures at a location approved to accept this type of material. It is not to be translocated downstream or upstream.

All work shall be performed Monday-Friday between 8:00am and 5:00pm EST.

Diving Operations

Contractor shall use Diving Crew comprised of a minimum of three (3) persons with the necessary equipment, experience, and qualifications to comply with OSHA (Occupational Safety and Health Administration) regulations for Commercial Diving AND perform the following activities: Cutting, drilling, and repair of defective submerged structures and pipes Closed circuit color video documentation of submerged structures and pipes; Excavation of sediment, rocks, and debris from canals under the supervision of the Stormwater Department.

Drainage Cleaning Crew and Equipment

Contractor shall use a Drainage and Cleaning Crew comprised of persons with the training, expertise and equipment to install/remove plugs, install/remove, pumps, and perform confined space entry tasks in conjunction with the storm drainage sediment and debris removal services. The use of a vacuum truck, suction device, or other appliance for removal of sediment by submerged diver(s) is the **only** removal method acceptable to the District and is included in the price for sediment and debris removal services.

Supervision and Superintendence

Contractor shall keep on site at all times during its progress a competent supervisor who shall not be replaced without written notice to the District. The superintendent shall be able to communicate in English. The supervisor shall be the Contractor's representative and shall be able to act on behalf of the Contractor.

Sediment / Debris Disposal

Contractor is solely responsible for the appropriate, legal disposal of all waste associated with each project. All sediment removed from the pipes, culverts and stormwater structures is to be pumped into a container and hauled off to be disposed of at an approved facility. The cost of disposal is to be included in the cost per foot price on the bid price form.

Turbidity Barriers

Turbidity barriers are to be used in all waterways, canals and lakes where the flow of water containing sediment and debris from the cleaning of the pipe flows into the waterway protecting it from contamination. The cost of the installation of the turbidity barrier is to be included in the cost per foot price on the bid price form.

BID SUBMITTAL FORM FOR ITB NO. 2023-03

Page 1 of 4

SUBMITTED TO:

**Coral Springs Improvement District
10300 N.W. 11th Manor
Coral Springs, Florida 33071**

1. The undersigned Bidder proposes and agrees, if this Bid is accepted, to enter into an agreement with DISTRICT to perform all service as specified in the Invitation to Bid No. 2023-03 Documents for the price(s) and within the time indicated in this Invitation to Bid No. 2023-03, and in accordance with the terms and conditions of the Invitation to Bid No. 2023-03 Documents.

2. Bidder accepts and hereby incorporates by reference in this Bid Submittal Form all of the terms and conditions of the Invitation to Bid and Instructions to Bidders, Chapter 3 Section 2.0 including without limitation those pertaining to the disposition of Invitation to Bid Security.

3. The Bidder has examined the site of the project and has become fully informed concerning local conditions, and the nature and extent of the deliveries. Bidder has examined the indemnification and liquidated damages provisions, if any, and the bond and insurance requirements of the bid submittal. Accepts and agrees to abide by those terms and conditions without exception or limitation of any kind.

4. Bidder has given the DISTRICT written notice of all conflicts, errors or discrepancies that it has discovered in the ITB No 2023-03 and/or Contract documents and the written resolution thereof by the DISTRICT is acceptable to Bidder.

5. Will you subcontract any part of these deliveries? If so, give details including a list of each subcontractor(s) that will perform deliveries of more than ten percent (10%) of the contract amount and the deliveries that will be performed by each subcontractor(s).

N/A - No subcontractors

5

BID SUBMITTAL FORM FOR ITB NO. 2023-03

Page 2 of 4

- 6. Bidder proposes to furnish all labor, materials, equipment, machinery, tools, transportation, supplies, services, and supervision for the deliveries described as follows:

Remove all debris, materials, and sediment from culvert pipes. This type of material must be disposed of at an approved location.

- 7. The bidder will adhere to the awarded Bid Price(s) listed on their submitted BID PRICE FORM ITB# 2023-03 CULVERT PIPE SEDIMENT AND DEBRIS REMOVAL in US Dollars

- 8. The bidder agrees that the deliverables will be ready for deliveries within sixty (60) calendar days from the date of Contract Commencement as specified in the Notice to Proceed.

- 9. Acknowledgment is hereby made of the following addenda (identified by number) received since issuance of the Invitation to Bid:

Pre-Bid Meeting Dated 5/31/23

Site Visit Q & A Dated 5/31/23

Addendum No. 1 Dated 6/6/23

QUALIFICATIONS STATEMENT

Page 7 of 10

The undersigned further agrees to the following stipulations of the ITB requirements.

1.LIABILITY

- A. District personnel shall be contacted a minimum of 24 hours prior to any deliveries with the time and location the deliveries are to be made. In addition, District personnel will/may observe but will not participate in any operations.
- B. CONTRACTOR shall not commence any deliveries under this Agreement until it has obtained all insurance required under this paragraph and such insurance has been approved by the DISTRICT nor shall the CONTRACTOR allow any subcontractor to commence any deliveries on any subcontract until all similar such insurance required of the subcontractor has been obtained and similarly approved. It shall be the responsibility of the Contractor to comply with all Federal, State, and Local Water Management District Environmental Rules and/or Regulations.
- C. Comprehensive General Liability Insurance written on an occurrence basis including, but not limited to coverage for bodily injury and property damage, personal & advertising injury, products & completed operations, and contractual liability. Coverage must be written on an occurrence basis, with limits of liability no less than:
1. Each Occurrence Limit - \$1,000,000
 2. Personal & Advertising Injury Limit - \$1,000,000
 3. General Aggregate Limit - \$2,000,000
 4. Products & Completed Operations Aggregate Limit - \$2,000,000
- D. Workers' Compensation and Employers' Liability Insurance covering all employees, and/or volunteers of the CONTRACTOR engaged in the performance of the Scope of Service associated with this Agreement. In the event any service is sublet, the CONTRACTOR shall require the subcontractors similarly to provide Workers' Compensation Insurance for all the latter's employees unless such employees are covered by the protection afforded by the CONTRACTOR. Coverage for the CONTRACTOR and its subcontractors shall be in accordance with applicable state and/or federal laws that may apply to Workers' Compensation Insurance with limits of liability no less than:
1. Workers' Compensation: Coverage A – Statutory
 2. Employers Liability: Coverage B \$1,000,000 - Each Accident
\$1,000,000 Disease – Policy Limit
\$1,000,000 Disease – Each Employee
- If CONTRACTOR claims to be exempt from this requirement, CONTRACTOR shall provide CITY proof of such exemption along with a written request for CITY to exempt CONTRACTOR, written on CONTRACTOR letterhead.

QUALIFICATIONS STATEMENT

Page 8 of 10

- E. Leased/Rented Contractor's Equipment, with all risk coverage including theft:
1. Any One Item - \$450,000
- F. Umbrella/Excess Liability Insurance in the amount of \$2,000,000, as determined appropriate by the DISTRICT depending on the type of job and exposures contemplated. Coverage must follow the form of General Liability, Auto Liability and Employer's Liability. This coverage shall be maintained for a period of no less than the later of three (3) years after the delivery of goods/services or final payment pursuant to the Agreement. The Coral Springs Improvement District must be shown as an additional insured with respect to this coverage. The DISTRICT'S additional insured status shall extend to any coverage beyond the minimum limits of liability found herein. The Coral Springs Improvement District shall be named as an Additional Insured on each of the General Liability policies required herein.
- G. CONTRACTOR shall name the DISTRICT, as an additional insured on each of the General Liability policies required herein and shall hold the DISTRICT, its elected and appointed officers, agents, employees, and instrumentalities harmless on account of claims for damages to persons, property or premises arising out of the services provided hereunder.
- H. The Coral Springs Improvement District shall be named as an Additional Insured on each of the General Liability policies required herein.
- I. CONTRACTOR shall name the DISTRICT, as an additional insured on each of the General Liability policies required herein and shall hold the DISTRICT, its elected and appointed officers, agents, employees, and instrumentalities harmless on account of claims for damages to persons, property or premises arising out of the services provided hereunder.
- J. Any insurance required of the CONTRACTOR pursuant to this Agreement must also be required of any subcontractor in the same limits and with all requirements as provided herein, including naming the DISTRICT as an additional insured, in any service that is subcontracted unless such subcontractor is covered by the protection afforded by the CONTRACTOR and provided proof of such coverage is provided to DISTRICT. The CONTRACTOR and any subcontractors shall maintain such policies during the term of this Agreement.
- K. The DISTRICT reserves the right to require any other additional types of insurance coverage and/or higher limits of liability it deems necessary based on the nature of service being performed under this Agreement.
- L. The insurance requirements specified in this Agreement are minimum requirements and in no way reduce any liability the CONTRACTOR has assumed in the indemnification/hold harmless section(s) of this Agreement.

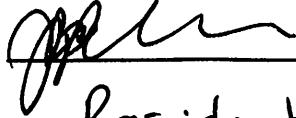

QUALIFICATIONS STATEMENT

Page 9 of 10

2. COMPLETION OF DELIVERIES

- A. The District reserves the right to inspect the contractor's delivery to verify completion of the contract and withhold partial payment for deliveries deemed incomplete.

PUBLIC ENTITY CRIMES

Page 1 of 3

Section 287.132-133(3)(a), Florida Statutes, effective July 1, 1989, require that no public entity shall enter into a contract, award of ITB, or transact business in excess of \$10,000.00 with any person or affiliate who has been convicted of a public entity crime. Prior to entering into a sworn statement with the Purchasing Department on form 7088.

A copy of the form is reproduced below. This completed form must be on file prior to the issuing of a Purchasing Order.

**Sworn Statement Under Section 287.133(3)(a),
Florida Statutes on Public Entity Crimes**

THIS FORM MUST BE SIGNED IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICIER AUTHORIZED TO ADMINISTER OATHS.

1. This sworn statement is submitted with ITB# 2023-03 Culvert Pipe Sediment and Debris Removal

2. This sworn statement is submitted by Fish Tec Inc. whose business address is 1016 6th Street, Daytona Beach, FL 32117

and (if applicable) it's Federal Employer Identification No. (FEIN) is 59-3417877 (If the entity has no FEIN, include the Social Security Number of the individual signing the sworn statement.

3. My name is Joseph B. Pellicer and my relationship to the entity name above is President.

4. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), Florida Statutes, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or with the United States, including but not limited to, any ITB or contract for goods or services to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

5. I understand that "convicted or conviction" as defined in Paragraph 287.133(1)(b), Florida Statutes, means a finding or fault or a conviction of a public entity crime, with or without adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, non-jury trial, or entry of a plea of guilty or nolo contendere.

PUBLIC ENTITY CRIMES

Page 2 of 3

6. I understand that an “affiliate” as defined in Paragraph 287.133(1)(a). Florida Statutes, means:

- A. A predecessor or successor of a person convicted of a public entity crime; or
- B. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term “affiliate” includes those officers, directors, executives, partners, shareholders, employees, members and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm’s length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

7. I understand that a “person” as defined in Paragraph 287.133(1)(e), Florida Statutes, means any natural person or entity organized under the laws of the state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term “person” includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

8. Based on information and belief, the statement, which I have marked below, is true in relation to the entity submitting this sworn statement. (Please indicate which one of the two statements applies.)

XXX Neither the entity submitting this sworn statement, nor any officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, nor the affiliate of the entity have been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of the officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, have been charged with and convicted of a public entity crime subsequent to July 1, 1989, AND (Please indicate which of the three additional statement applies below.)

PUBLIC ENTITY CRIMES

Page 3 of 3

____ There have been proceedings concerning the conviction before a hearing officer of the State of Florida, Division of Administration Hearings. The final order entered by the hearing officer did not place the person or affiliate on the convicted vendor list. (Please attach a copy of the Final Order)

____ The person or affiliate was placed on the convicted vendor list. There has been a subsequent proceeding before a hearing officer of the State of Florida, Division of Administration Hearings. The final order entered by the hearing officer determined that it was in the public interest to remove the person or affiliate from the convicted vendor list. (Please attach a copy of the Final Order)

____ The person or affiliate has not been placed on the convicted vendor list. (Please describe any action taken by or pending with the Department of General Services)

DRUG-FREE WORKPLACE CERTIFICATION

THE BELOW SIGNED Contractor CERTIFIES that it has implemented a drug-free workplace program. In order to have a drug-free workplace program, a business shall:

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violation of such prohibition.
2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
3. Give each employee engaged in providing the commodities or contractual services that are under quote a copy of the statement specified in subsection 1.
4. In the statement specified in subsection 1, notify the employees that, as a condition of working on the commodities or contractual services that are under quote, the employee will abide by the terms of the statement and will notify the employer of any conviction or plea of guilty or nolo contendere to any violation occurring in the workplace no later than five (5) days after such conviction.
5. Impose a sanction on, or require the satisfactory participation in, drug abuse assistance or rehabilitation program if such is available in the employee's community, by an employee who is convicted.
6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

As the person authorized to sign this statement, I certify the Contractor complies fully with the above requirements.

SCRUTINIZED VENDOR CERTIFICATION

Page 1 of 2

Certification Pursuant to Florida Statute § 287.135

I, Joseph B. Pellicer, on behalf of Fish Tec Inc.,
Print Name and Title Contractor Name

Certify that Fish Tec Inc. does not:
Contractor Name

- 1. Participate in a boycott of Israel; and
- 2. Is not on the Scrutinized Companies that Boycott Israel List; and
- 3. Is not on the Scrutinized Companies with Activities in Sudan List; and
- 4. Is not on the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List; and
- 5. Has not engaged in business operations in Syria.

Submitting a false certification shall be deemed a material breach of contract. The District shall provide notice, in writing, to the Contractor of the District's determination concerning the false certification. The Contractor shall have ninety (90) days following receipt of the notice to respond in writing and demonstrate that the determination of false certification was made in error. If the Contractor does not demonstrate that the District's determination of false, certification was made in error then the District shall have the right to terminate the contract and seek civil remedies pursuant to Florida Statute § 287.135.

Section 287.135, Florida Statutes, prohibits the District from: 1) Contracting with companies for goods or services in any amount if at the time of bidding on, submitting a proposal for, or entering into or renewing a contract if the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, F.S. or is engaged in a boycott of Israel; and 2) Contracting with companies, for goods or services over \$1,000,000.00 that re on either the Scrutinized Companies with activities in the Iran Petroleum Energy Sector List, created pursuant to s. 215.473, or are engaged in business operations in Syria

24

SCRUTINIZED VENDOR CERTIFICATION

Page 2 of 2

As the person authorized to sign on behalf of the Contractor, I hereby certify that the company identified above in the section entitled "Contractor Name" does not participate in any boycott of Israel, is not listed on the Scrutinized Companies that Boycott Israel List, is not listed on either the Scrutinized Companies with activities in the Iran Petroleum Energy Sector List, and is not engaged in business operations in Syria. I understand that pursuant to section 287.135, Florida Statutes, the submission of a false certification may subject the company to civil penalties, attorney's fees, and/or costs. I further understand that any contract with the District for goods or services may be terminated at the option of the District if the company is found to have submitted a false certification or has been placed on the Scrutinized Companies with Activities in Sudan list or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List.

E-VERIFY FORM UNDER SECTION 448.095, FLORIDA STATUTES

Page 1 of 3

Project Name: CULVERT PIPE SEDIMENT AND DEBRIS REMOVAL

Project No.: ITB# 2023-03

DEFINITIONS:

“Contractor” means a person or entity that has entered or is attempting to enter into a contract with a public employer to provide labor, supplies, or services to such employer in exchange for salary, wages, or other remuneration. “Contractor” includes, but is not limited to, a vendor or consultant.

“Subcontractor” means a person or entity that provides labor, supplies, or services to or for a contractor or another subcontractor in exchange for salary, wages, or other remuneration.

“E-Verify system” means an Internet-based system operated by the United States Department of Homeland Security that allows participating employers to electronically verify the employment eligibility of newly hired employees.

Effective January 1, 2021, Contractors shall register with and use the E-Verify system in order to verify the work authorization status of all newly hired employees. Contractor shall register for and utilize the U.S. Department of Homeland Security’s E-Verify System to verify the employment eligibility of:

- a) All persons employed by a Contractor to perform employment duties within Florida during the term of the contract; and
- b) All persons (including sub vendors/subconsultants/subcontractors) assigned by Contractor to perform work pursuant to the contract with the Coral Springs Improvement District. The Contractor acknowledges and agrees that registration and use of the U.S. Department of Homeland Security’s E-Verify System during the term of the contract is a condition of the contract with the Coral Springs Improvement District; and
- c) Should vendor become the successful Contractor awarded for the above-named project, by entering into the contract, the Contractor shall comply with the provisions of Section 448.095, Fla. Stat., "Employment Eligibility," as amended from time to time. This includes but is not limited to registration and utilization of the E-Verify System to verify the work authorization status of all newly hired employees. The contractor shall also require all subcontractors to provide an affidavit attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. The Contractor shall maintain a copy of such affidavit for the duration of the contract

E-VERIFY FORM UNDER SECTION 448.095, FLORIDA STATUTES

Page 2 of 3

CONTRACT TERMINATION:

- a) If the District has a good faith belief that a person or entity with which it is contracting has knowingly violated s. 448.09 (1) Fla. Stat., the contract shall be terminated.
- b) If the District has a good faith belief that a subcontractor knowingly violated s. 448.095 (2), but the Contractor otherwise complied with s. 448.095 (2) Fla. Stat., shall promptly notify the Contractor and order the Contractor to immediately terminate the contract with the subcontractor.
- c) A contract terminated under subparagraph a) or b) is not a breach of contract and may not be considered as such.
- d) Any challenge to termination under this provision must be filed in the Circuit Court no later than 20 calendar days after the date of termination.
- e) If the contract is terminated for a violation of the statute by the Contractor, the Contractor may not be awarded a public contract for a period of 1 year after the date of termination.

GOOD FAITH AFFIDAVIT

I hereby propose providing the services requested in the District's ITB and, if awarded, enter into a contract with the District. I agree that the terms and conditions of the District's ITB shall take precedence over any conflicting terms and conditions submitted with my proposal and agree to abide by all conditions of the ITB. I acknowledge that the District may not accept the proposal due to any exceptions.

I certify that all information contained in my proposal is truthful to the best of my knowledge and belief. I further certify that I am duly authorized to submit this proposal on behalf of the company as its agent and that the company is ready, willing, and able to perform if awarded a contract.

I further certify, under oath, that this proposal is made without prior understanding, agreement, connection, discussion or collusion with any other person, company or corporation submitting a proposal for the same product or service; no gratuities, gifts or kick-backs were offered or given by the Contractor or anyone on its behalf to gain favorable treatment concerning this procurement; no elected official, employee or agent of the District or of any other company is interested in said proposal; and that the undersigned executed this affidavit with full knowledge and understanding of the matters therein contained and was duly authorized to do so.

Diving and Surveying Resume

Dive Log Overview

- 1500+ logged dives (>2000 hours) since 2003, primarily as a commercial and scientific diver.
- Proficient in open/closed circuit scuba and surface supplied diver.
- More than 1000 hours using surface supplied diving techniques including KM37, KM57, KM97, Genesis II helmets and Auga full face masks.
- More than 500 hours in confined space and penetration diving.
- Proficient with scientific & commercial diving project supervision and management in compliance with OSHA, MSHA, & ADCI standards.

Special Commercial Diving Skills

- Utility skills including rigging, splicing, general seamanship
- Light salvage, construction, engineering/structural inspections
- u/w cutting and burning, hydraulic jackhammers and chainsaws
- Confined space entry (to 24" diameter for 600+ linear feet), detailed narrative video inspections
- Dredging, airlifting, sediment core sampling, cable location devices
- Various tasks in zero visibility
- HAZMAT diving
- Familiar with coral reef invertebrate ID for Caribbean region
- Proficient with photo/video
- Instrumentation deployment including LICOR Spectroradiometers, PAM Fluorometer, FRR Fluorometer, HOBO Temp thermistors, S-5 current profilers, HOBI Labs optical packages, CTD, sediment collection.

Surveying Skills

- Familiar with the use of Hypack and Dredgepack.
- Novatel RTK/Static GPS Systems with DAP9800 and TDS Ranger to mark lines and elevation for geotextile tube projects at Deer Island, Pascagoula Beach, and Bayou Caddy for the US Army Corp of Engineers.
- Proficient in the use of construction laser level equipment.

Professional certifications

- ADCI Diver Certification
- Army Core of Engineers Construction Quality Management
- OSHA 30hr Hazard Recognition
- American Red Cross CPR
- American Red Cross 1st Aid
- OUVF Inland/Near Coastal
- PSI Cylinder Inspector
- Kirby Morgan Maintenance & Repair Certification

Andrew Brown

DIVE SUPERVISOR

Diving

Dive Log Overview

- 200+ logged dives since 2006, primarily as a commercial and scientific diver.
- Proficient in open/closed circuit scuba and surface supplied diver.
- More than 100 hours using surface supplied diving techniques including KM37, KM57, Genesis II helmets and Auga full face masks.
- More than 50 hours in confined space and penetration diving.
- Proficient with scientific & commercial diving project supervision and management in compliance with OSHA, MSHA, & ADCI standards.

Special Commercial Diving Skills

- Utility skills including rigging, splicing, general seamanship
- Light salvage, construction, engineering/structural inspections

Daytona Beach, FL 32117
Phone 386-547-0765

CHECKLIST OF REQUIRED SUBMITTALS PRIOR TO DIVE OPERATIONS

All submittals will be made to, reviewed by, and found acceptable by the Designated Dive Coordinator (DDC) prior to the start of dive operations.

Contractor	
1. Safe Practices Manual (Section 30.A.16, EM 385-1-1)	
2. Certificate of Analysis (Section 30.E.05) for all breathing air from an accredited testing laboratory within the prior 6 months.	
3. Dive Operations Plan (Section 30.A.17)	
4. Activity Hazard Analysis for specific dive work (Section 30.A.18)	
5. Emergency Management Plan (Section 30.A.19)	
6. Dive Personnel Qualifications (see below)	
7. USACE Dive Supervisor or Dive Inspector monitoring/inspecting dive work.	

Dive Personnel Requirements	1	2	3	4
Documentation of Training to the Appropriate Level (photocopy)				
<ul style="list-style-type: none"> • Certificate from Accredited Commercial Diving School OR • Valid ADC Diver Certification Card 				
Experience (photo copy of dive logs)				
<ul style="list-style-type: none"> • Minimum 1 year experience consistent with scope of work of the dives • Minimum 4 dives in similar work, with at least 1 in the last 6 months 				
Current Certifications				
<ul style="list-style-type: none"> • CPR • First Aid • Emergency Oxygen Systems 				
Medical Physical				
Examination by a licensed physician within the previous 12 months				

Dive Safety Procedures and Checklists

No set of standard procedures can anticipate all operating situations that may be encountered, and consequently, no diver or employee supporting diving operations may assume safe operation by merely following the guidelines. Safety rules do not exist as a substitute for sound judgment and a continuing concern and vigilance for maximum safety.

Safety Precautions Applicable to All Diving

- Care must be taken to secure or neutralize any equipment or system at the work site that present a potential hazard to the diver.
- The depth of water, condition of the diver, water temperature, and type of work shall determine the length of the dive. The amount of work shall not be a factor.
- Boats or craft of any kind shall not come alongside a vessel from which diving operations are being conducted while a diver is in the water without receiving permission from the Dive Master.
- Hazardous energy clearances, lockout, warning tags, and equipment position or status shall not be modified while divers are in the water.
- Whenever diving operations are conducted from a ship, precautions shall be taken to ensure that the diver's umbilical does not become fouled in the propellers.
- Before lifting heavy objects or weights from the bottom, the diver should leave the water or ensure he/she and his/her umbilical is clear of the load.
- Appropriate signals and flags such as International Code Alpha, and day shapes shall be displayed in a prominently visible location during daylight diving operations. Night operations should ensure that proper anchor lights, RAM light, etc. are displayed.
- Mode for signaling diver recall, such as diver-to-surface communications, line pull, or underwater air horn shall be in place.
- Every precaution must be taken to prevent the diver from becoming fouled on the bottom.
- Divers must not cut any lines until their purpose is known or until directed by the Dive Master.

- No diver, tender, or dive support personnel who shows signs of intoxication, its after-effects, or appears to be under the influence of drugs or medications will be allowed on the station during diving operations.
- All work activities in close proximity to the dive site shall be informed before diving operations begin and after diving operations are completed.
- Whenever a diving operation requires a diver to make a penetration into a pipe, structure or other restricted underwater area, a standby diver shall be available at the point of entry to tend the diver who has entered the confined area.
- Divers must be properly trained on the safe operation of tools and equipment to be used in the water
- All tools passed to the diver or recovered from the diver shall be turned off.
- Any diver who has a cold, sinus infection, inability to clear ears, or any other physical or mental problem that may interfere with his ability to perform the assigned task in the water in a safe and healthful manner will inform the Dive Master and will not be allowed to dive until the diver's condition is such that the diver can dive in a safe and healthful manner.

Tending Safety

When tending an umbilical, hose, etc., tend about 1-3 feet from the side rail, if possible, and hand over hand the umbilical over the side. Never let it slip freely through your hands. A backup tender should be used on heavy umbilical.

If an umbilical, hose, or line starts to run free, do not try to stop it by jumping on it, stepping on it, or grabbing it by hand. Pick it up at the coil or figure 8 stack and use a line to tie it down to a cleat or foundation.

The NEVER list of tending safety:

- Never step into the bight
- Never let an umbilical slip freely through your hands
- Never tend over the rail
- Never tend loosely, always feel the diver
- Never step or jump on a running umbilical, hose, or line.

Pre-Mobilization and Dive Guidelines

At a minimum, the following procedures [29 CFR 1910.421] will be used in pre-dive preparation at the dive location. The Dive Master or person in charge may require additional operation-specific requirements.

Diver Briefing

Dive team members shall be briefed on the tasks to be undertaken, safety procedures for the diving mode, any unusual hazards or environmental conditions likely to be encountered, and any modifications to standard operating procedures. Before each dive the Dive Master will brief each diver and ensure the diver has an understanding of the tasks to be completed underwater. During the pre-dive briefing, the Dive Master will inquire as to each diver's current state of physical fitness and will indicate the procedure for reporting physical problems resulting from the dive.

Equipment Inspection

The Dive Master will ensure that all breathing air supply systems and diver support systems are inspected prior to each dive. He will ensure that all normal and reserve breathing air supplies are adequate. Furthermore, both the diver and the Dive Master will ensure that the diver is wearing the minimum equipment required and that pre-dive inspections have been made on all diver-worn life support equipment, especially the following:

- SCUBA cylinders, including valves or manifolds
- Buoyancy compensators (BCs), including secondary inflation
- Regulators, submersible pressure gauges and depth gauges
- Face masks
- SCUBA tending lines (when applicable)
- Surface supply diving helmets
- Surface supply umbilical
- Dry suits particularly those with variable inflation attachment and dumps
- Weight belts
- Any auxiliary equipment required (i.e., fins, boots, knife, watches, etc.)

Warning Flags and Marking Dive Locations

An international flag "A" (alpha or replica if diving from other than a vessel in areas capable of supporting marine traffic) shall be displayed at the dive location in a manner that allows all around visibility. It shall be illuminated during night diving operations. Additionally, the work vessel (safety boat) shall be illuminated as specified in USCG Rules of the Road or in inland situations as per state or local regulations. When diving at night, turn on deck lights – make yourself visible. The red diver's flag with a diagonal white stripe may also be displayed.

General Diving Requirements and Guidelines

At a minimum, the following procedures will be used during diving operations (29 CFR 1910.422). Depending on the nature of the task, the Dive Master may dictate additional requirements.

Water Entry and Exit

Diver shall be able to safely enter and exit the water. The Dive Master must evaluate the situation and ensure an adequate means is available for egress/ingress. When required for safe entry and exit, ladders capable of supporting the diver shall be provided. The ladder shall extend below the water surface at least 3 feet [CFR 1910.422(b) (1)].

A descent line should be used in situations where divers need a guideline from the surface to an underwater work site.

Confined Space or Ladder Entry

Divers entering a confined space, such as a pump chamber, gate chamber, or basin that requires ingress/egress via a ladder (over 3 feet vertical distance) or man-skip shall wear a fall restraint/retrieval harness. A retrieval tripod/winch or other mechanical means of hoisting an incapacitated diver to ground surface shall be on site.

Communications

An operational two-way voice communication system must be used between each surface supplied air diver and Dive Master on the diving station. Tenders and divers will know and use line pull signals.

An effective communication system should be used on SCUBA dives. This can include two-way voice communication devices, thru-water communication devices, hand signals, or slates for writing. Line pull signals will be used for communications with surface tended SCUBA divers.

An operational two-way communication system shall be available at the dive location to obtain emergency assistance. Two-way communication systems include radio and/or cellular telephone equipment.

An effective Scuba Diver recall signaling device, such as banging on a scuba tank or underwater air horn must be used.

Dive Log

The Dive Master is responsible for maintaining a dive log for each dive. A depth time profile of the dive shall be maintained for each diver during the dive and must include decompression. An equivalent form or database may be used; however, completed logs will remain on file as a permanent record at each Region [29 CFR 1910.423(e), 29 CFR 197.410 (a) (4)].

If a SCUBA diver keeps, his/her own time during a dive, the dive log must be completed as soon as possible after surfacing. Each Region may tailor their own log; however, the dive profile/log must include the following information:

- Name of the diver, Dive Master and other positions of dive team members
- Date, time and location of the dive
- Diving mode
- Nature of the work performed, and underwater tools used
- Underwater and surface conditions (visibility, water temperature, current, etc.)
- Log record or the dive events, including maximum depth, total bottom time, and decompression profile, etc.
- Residual nitrogen obligations at the beginning and end of the dive, including altitude adjustments upon arrival at dive site.
- Mode of determining residual nitrogen (RNT), dive tables or dive computer
- Altitude depth correction
- General nature of the work performed
- Any emergency incidents during the dive
- List psi of bailout cylinder before the dive

Air Decompression Policy

It is the policy of Reclamation not to plan or perform decompression diving. No exceptional exposure diving will be planned. If an emergency situation occurs where the no-decompression limit is exceeded due to entrapment, entanglement or timing device failure, in-water decompression is permitted to avoid injury to the diver. The U.S. Navy based Standard Decompression Tables shall be used to calculate decompression depths and times.

Normal diving procedures shall be conducted in the Unlimited/No-Decompression. Repetitive diving procedures will be followed carefully; each diver shall always know his or her repetitive group and last time of reached surface, so that surface intervals can be quickly determined for daily dive planning.

The dive team leader and the Dive Masters shall ensure that all divers are trained on the use of standard and repetitive diving procedures.

Post-Dive Requirements and Guidelines

At a minimum, the following procedures will be used post-dive. The Team Leader or Dive Master may specify additional operation-specific requirements.

Physical Condition Check

At the end of each dive, the Dive Master will assess the physical condition of each diver. Diver "OK" means the diver has no symptoms of any decompression sickness (DCS) or arterial gas embolism (AGE) and is feeling well after the dive. Divers will not respond "OK" if they are not feeling well. Dive Masters will not only get an "OK" from the diver but shall observe each diver for any signs of DCS, AGE, trauma, or environmental exposure.

Flying after Diving Rules

Ascent to altitude after diving increases the risk of decompression sickness. Fish Tec, Inc. follows the U.S. Navy policy regarding flying after diving. The waiting time required between the last dive and flying depends on the repetitive group of the diver after diving. Commercial airliners are assumed to be pressurized in flight to 8,000 feet.

Termination of a Dive

Working dives shall be terminated under the following conditions:

- Diver requests termination
- Diver fails to respond correctly to communications or signals from another diver or tender
- Communications are lost between the dive station and diver
- Communications are lost between the Dive Master or other critical controlling operators (i.e., vessel operator when live-boating, crane operators, etc.)
- Air supply system failure or interruption (SSA). Diver goes on bailout supply or topside shifts to reserve or emergency supply, etc.
- Diver loses his buddy in SCUBA operations. After one minute both divers should immediately surface. Unless the diver has through-water communications, he or she should inform the Dive Master, and then follow the lost diver emergency procedure.
- Failure of a dive computer or submersible depth gauge in the water
- Scuba tank cylinder pressure below 500 psi

Dive Safety Checklist**Safe Practices/Operations Manual**

- Safety procedures checklist
- Dive team member assignments and responsibilities
- Equipment procedures and checklist

- Emergency procedures for fire, equipment failure, adverse environmental conditions, medical illness or injury
- Specific individual procedures for tools, equipment and associated systems
- Available at dive site to dive team members
- Copy to the person in charge of the vessel or facility
- Equipment certifications
- Equipment inspection requirements

Emergency Aid

- Decompression chamber (off-site)
- Nearest hospital /medical treatment facility
- Air or ground emergency transportation
- US Coast Guard Rescue Coordination Center
- Two-way communications available on-site and tested to emergency response link

First Aid

- First Aid kit
- First Aid manual
- Bag-typed manual resuscitator

Planning and Assessment

- Job hazard analysis
 - Diving mode/equipment/system(s)
 - Means of water entry and exit
 - Breathing gas supplies including reserves (set up and tested)
 - Thermal protection (all dive team members)
 - Dive team assignments/briefing and fitness to dive
 - Inert gas status of dive team members (repeat designations)
-

- Decompression and/or treatment procedures (including altitude)
- Communications procedures and methods to all personnel involved in the diving operation
- Emergency procedures
- Dive station setup
- Any necessary modifications the Safety Manual
- Written designation of the diving supervisor given to the person in charge of the vessel or facility
- Report on the nature and planned times of the planned diving operation and the planned involvement of the vessel or facility's equipment and personnel to the person in charge.

Hazards to Diving Operations

- Surface to vessel traffic and/or vehicular traffic
- Overhead crane/gantry operations
- Pedestrian traffic
- Displayed diver signals
- Critical Dive System to Vessel or Platform Interfaces tagged and non-dive team personnel briefed

Underwater Hazardous Conditions

- Diver fouling and/or entrapment
 - Differential pressures
 - Lockout/Tag out
 - Contaminated/toxic liquid
 - Limited access/confined space/penetration
 - Use of explosives or seismic activities
 - Underwater sonar
 - Cathodic protection
-

Emergency Procedures

Fire

- Extinguish fire and secure equipment.
- Determine damage and effect on diver.
- If required, terminate dive, and commence decompression.
- Each chamber must have a means of extinguishing a fire in the interior.

Equipment Failure

- Evaluate effect on diver.
- Inform diver of problem and action planned.
- Alert stand-by diver.
- Alert deck crew.
- Diver informs topside of his readiness.
- Activate plan and terminate dive.

Adverse Weather Conditions

- Weather conditions must be assessed on site and continually monitored throughout diving operations including:
 - Lightning (within 30 miles)
 - Sea conditions and wave height
 - High winds
 - Water Temperatures (thermal protections as needed and kee hydrated in warm water conditions.
- Dives will either continue with safety precautions as needed or be terminat should any of the above conditions exceed comfortable operating ranges.

Medical Illness or Injury

- Diver exit or retrieved from water.
- Evaluate injury or illness.
- Administer on-site aid.

- Activate Emergency Victim Transport Plan including diver transport if needed.

Additional Procedures

Entrapped or fouled diver including fouled umbilical (suction and entanglement/debris);

- Avoid panic and ensure diver does not ditch equipment.
- Diver informs topside.
- Alert stand-by diver.
- Diver determines extent of entrapment.
- Diver attempts to free himself.
- If required, send stand-by diver to diver's assistance.
- When diver is free, if shaken, or stand-by diver was required to go to his assistance, terminate dive.

Actions upon loss of breathing media;

- Re-establish breathing media supply by activating the topside secondary breathing media supply, or Diver go on bailout, or put breathing media to diver's pneumatic hose and have the diver insert pneumo hose into helmet/ mask.
- Alert stand-by diver.
- Diver goes to bell/ stage.
- If required, send stand-by diver to diver's assistance.
- Terminate dive.

Action upon loss of communication;

- Attempt to establish line-pull signals.
- Put air to diver's pneumo.
- Alert stand-by diver.
- Diver proceeds to down-line/bell/stage (if bell, attempt to use bell communications).
- Bring diver to first stop once line-pull signals are established.

- If required (unable to establish any form of communications with diver), send stand-by diver to diver's assistance prior to bringing diver to his first stop.
- Terminate dive.

Injured diver plan;

- Diver informs topside, and dive is aborted.
- Alert stand-by diver.
- Diver determines nature and extent of injury.
- If required, send stand-by diver down to assist diver, administer first aid, and evaluate injury. Stand-by diver should remain with diver.
- Stand-by diver assists injured diver to surface, following proper decompression procedures, except when severity of injury indicates a greater risk than omitting decompression.
- Request required medical assistance and emergency evacuation (if required).
- Monitor breathing. If breathing stops, over-pressure the diver's regulator if possible.

Diver blow up/over rapid ascent to surface;

- Administer oxygen to diver.
- Lay diver on his or her left side.
- Admit diver to recompression chamber.

Diver loss of consciousness; and

- Retrieve diver.
- Administer oxygen.
- Activate Emergency Victim Transport Plan.

Injury/illness of surface crew Member with diver in water.

- Evaluate illness or injury.
- Diver out of water.
- Administer aid as necessary.

- Activate Emergency Victim Transport Plan
- Terminate Dive if necessary
- Fish Tec, Inc. dives include a four-person team with each member cross-trained for all positions.

Internal Safety Inspections

Fish Tec, Inc. believes that safety and health add value to a business and overall workplace. When workers stay whole and healthy, businesses receive direct and indirect cost-savings, and employees and their families benefit from safety and health because their incomes are protected, their family lives are not hindered by injury; and their stress is not increased. Simply put, protecting people on the job is in everyone's best interest—our economy, our communities, our fellow workers and our families. Safety and health add value to businesses, workplaces and lives.

This is why Fish Tec, Inc. believes the personal safety and health of each employee of this company is of primary importance. Safety and health in our business must be a part of every operation. Without question it is every employee's responsibility at all levels. We will maintain a safety and health program conforming to the best practices in diving and marine construction. To be successful, such a program must embody the proper attitudes toward injury and illness prevention on the part of supervisors and employees. It also requires cooperation in all safety and health matters, not only between supervisor and employee, but also between each employee and his or her co-workers. Only through such a cooperative effort can a safety program in the best interest of all be established and preserved.

Because of these beliefs, Fish Tec, Inc. will endeavor to promote health and safety in the workplace by implementing a program of safety and health inspections to identify and eliminate unsafe working conditions or practices, to control health hazards, and to comply fully with the safety and health standards for every job. This shall include:

- Training all employees in good safety and health practices.
- Providing necessary personal protective equipment and instructions for its use and care.
- Developing and enforcing safety and health rules and requiring that employees cooperate with these rules as a condition of employment.
- Investigating, promptly and thoroughly, every accident to find out what caused it and to correct the problem so that it won't happen again.

All Fish Tec property and equipment shall be subject to regular safety inspections including the use of the following checklists. These check lists are by no means all-inclusive. Employees and supervisors are encouraged to add to portions as necessary;

however, carefully consider each item as you come to it and then make your decision. You also will need to refer to OSHA standards for complete and specific standards that may apply to your work situation.

RECORDKEEPING

- Are all occupational injury or illnesses, except minor injuries requiring only first aid, being recorded as required on the OSHA 200 log?
- Are employee medical records and records of employee exposure to hazardous substances or harmful physical agents up-to-date and in compliance with current OSHA standards?
- Are employee-training records kept and accessible for review by employees, when required by OSHA standards?
- Have arrangements been made to maintain required records for the legal period of time for each specific type record? (Some records must be maintained for at least 40 years.)
- Are operating permits and records up-to-date for such items as elevators, air pressure tanks, and liquefied petroleum gas tanks?

SAFETY AND HEALTH PROGRAM

- Do you have an active safety and health program in operation that deals with general safety and health program elements as well as the management of hazards specific to your worksite?
- Is one person clearly responsible for the overall activities of the safety and health program?
- Do you have a safety committee or group made up of management and labor representatives that meet regularly and report in writing on its activities?
- Do you have a working procedure for handling in-house employee complaints regarding safety and health?
- Are you keeping your employees advised of the successful effort and accomplishments you and/or your safety committee have made in assuring they will have a workplace that is safe and healthful?
- Have you considered incentives for employees or workgroups who have excelled in reducing workplace injury/illnesses?

PERSONAL PROTECTIVE EQUIPMENT AND CLOTHING

- Are employers assessing the workplace to determine if hazards that require the use of personal protective equipment (e.g. head, eye, face, hand, or foot protection) are present or are likely to be present?
 - If hazards or the likelihood of hazards are found, are employers selecting and having affected employees use properly fitted personal protective equipment suitable for protection from these hazards?
 - Has the employer been trained on PPE procedures, i.e. what PPE is necessary for a job task, when they need it, and how to properly adjust it?
 - Are protective goggles or face shields provided and worn where there is any danger of flying particles or corrosive materials?
 - Are approved safety glasses required to be worn at all times in areas where there is a risk of eye injuries such as punctures, abrasions, contusions or burns?
 - Are employees who need corrective lenses (glasses or contacts) in working environments having harmful exposures, required to wear *only* approved safety glasses, protective goggles, or use other medically approved precautionary procedures?
 - Are protective gloves, aprons, shields, or other means provided and required where employees could be cut or where there is reasonably anticipated exposure to corrosive liquids, chemicals, blood, or other potentially infectious materials? See 29 CFR 1910.1030(b) for the definition of “other potentially infectious materials.”
 - Are hard hats provided and worn where danger of falling objects exists?
 - Are hard hats inspected periodically for damage to the shell and suspension system?
 - Is appropriate foot protection required where there is the risk of foot injuries from hot, corrosive, poisonous substances, falling objects, and crushing or penetrating actions?
 - Are approved respirators provided for regular or emergency use where needed?
 - Is all protective equipment maintained in a sanitary condition and ready for use?
 - Do you have eye wash facilities and a quick Drench Shower within the work area where employees are exposed to injurious corrosive materials?
-

- Where special equipment is needed for electrical workers, is it available?
- Where food or beverages are consumed on the premises, are they consumed in areas where there is no exposure to toxic material, blood, or other potentially infectious materials?
- Is protection against the effects of occupational noise exposure provided when sound levels exceed those of the OSHA noise standard?
- Are adequate work procedures, protective clothing and equipment provided and used when cleaning up spilled toxic or otherwise hazardous materials or liquids?
- Are there appropriate procedures in place for disposing of or decontaminating personal protective equipment contaminated with, or reasonably anticipated to be contaminated with, blood or other potentially infectious materials?

LOCKOUT/TAGOUT PROCEDURES

- Is all machinery or equipment capable of movement, de-energized or disengaged and locked-out during cleaning, servicing, adjusting or setting up operations, whenever required?
 - Where the power disconnecting means for equipment does not also disconnect the electrical control circuit:
 - Are the appropriate electrical enclosures identified?
 - Is means provided to assure the control circuit can also be disconnected and locked-out?
 - Is the locking-out of control circuits in lieu of locking-out main power disconnects prohibited?
 - Are all equipment control valve handles provided with a means for locking-out?
 - Does the lockout procedure require that stored energy (mechanical, hydraulic, air, etc.) be released or blocked before equipment is locked-out for repairs?
 - Are appropriate employees provided with individually keyed personal safety locks?
 - Are employees required to keep personal control of their key(s) while they have safety locks in use?
 - Is it required that only the employee exposed to the hazard, place or remove the safety lock?
-

- Is it required that employees check the safety of the lockout by attempting a startup after making sure no one is exposed?
- Are employees instructed to always push the control circuit stop button immediately after checking the safety of the lockout?
- Is there a means provided to identify any or all employees who are working on locked-out equipment by their locks or accompanying tags?
- Are a sufficient number of accident preventive signs or tags and safety padlocks provided for any reasonably foreseeable repair emergency?
- When machine operations, configuration or size requires the operator to leave his or her control station to install tools or perform other operations, and that part of the machine could move if accidentally activated, is such element required to be separately locked or blocked out?
- In the event that equipment or lines cannot be shut down, locked-out and tagged, is a safe job procedure established and rigidly followed?

COMPRESSED GAS CYLINDERS

- Are cylinders with water weight capacity over 30 pounds (13.5 kilograms), equipped with means for connecting a valve protector device, or with a collar or recess to protect the valve?
- Are cylinders legibly marked to clearly identify the gas contained?
- Are compressed gas cylinders stored in areas that are protected from external heat sources such as flame impingement, intense radiant heat, electric arcs, or high temperature lines?
- Are cylinders located or stored in areas where unauthorized persons will not damage them by passing or falling objects or subject to tampering?
- Are cylinders stored or transported in a manner to prevent them from creating a hazard by tipping, falling or rolling?
- Are cylinders containing liquefied fuel gas, stored or transported in a position so that the safety relief device is always in direct contact with the vapor space in the cylinder?
- Are valve protectors always placed on cylinders when the cylinders are not in use or connected for use?
- Are all valves closed off before a cylinder is moved, when the cylinder is empty, and at the completion of each job?

Sample Diving Log (Example)

For each diver and dive, the following dive log information, as a minimum, shall be recorded and maintained at the dive location:

A. Full Name	B. Date, Time and Location of Dive
C. Maximum Depth and Bottom Time	D. Surface Interval Between Dives
E. Breathing Medium and Type of Equipment Used	
F. Group Classification at the Beginning and End of Each Interval and Repetitive Dive Worksheet	
G. Underwater and Surface Conditions	
H. Depth(s) and Duration(s) of any Decompression Stops	
I. Date and Time of Last Previous Dive if it Occurred in the last 24 hours	
J. Name of Dive Supervisor(s) During Dive	
K. General Description of Work Performed	
L. For dives outside the no-decompression limits, deeper than 100 ft. salt water (fsw) (30.5m), or using mixed-gas, include depth-time and breathing-gas profiles and decompression tables (including any modifications).	

Sample Repetitive Dive Worksheet

Repetitive Dive Worksheet

- A** = Depth
- B** = Residual Nitrogen Time
- C** = Actual Bottom Time
- D** = Total Bottom Time
- E** = Pressure Group Designation, Start of Surface Interval
- F** = Surface Interval Time
- G** = Pressure Group Designation, End of Surface Interval
- H** = Safety or Emergency Decompression Stop

Policy Statement

Fish Tec, Inc. is committed to creating a workplace that is safe, healthy and injury-free. Our employees are our most valuable assets, and their safety and health is our first priority. Safety is essential to all business functions and is never compromised under any circumstance. Every employee has a responsibility to maintain our work environment including reporting hazards and working toward preventing accidents.

We will provide training, review our procedures, review accidents and maintain the equipment. In the event of an injury, we will actively work to return the employee back to work when medically possible. Our Drug and Alcohol policy will be strictly enforced with no exceptions.

We will provide support to safety by providing employees the time and management commitment needed to reach our common goal of an injury free workplace. I appreciate your full cooperation to follow our safety program and make our workplace safe, healthy and injury-free.

Sincerely,

J.B. Pellicer

President and CEO

Appendix B: U.S. Navy Tables

U.S. Navy Table of No-Decompression Limits and Repetitive Group Designation for No-Decompression Air Dives

From U.S. Navy Diving Manual, Rev. 4

Depth (feet/meters)	No-Decompression Limits (min)	Group Designation															
		A	B	C	D	E	F	G	H	I	J	K	L	M	N	O	
10	unlimited	60	120	210	300	797	*

190	5				5												

* Highest repetitive group that can be achieved at this depth regardless of bottom time.

64

U.S. Navy Residual Nitrogen Timetables for Repetitive Air Dives

From U.S. Navy Diving Manual, Rev 4

Locate the diver's repetitive group designation from his previous dive along the diagonal line above the table. Read horizontally to the interval in which the diver's surface interval lies

Next, read vertically downward to the new repetitive group designation. Continue downward in this same column to the row that represents the depth of the repetitive dive. The time given at the intersection is residual nitrogen time, in minutes, to be applied to the repetitive dive.

* Dives following surface intervals of more than 12 hours are not repetitive dives. Use actual bottom times in the Standard Air Decompression Tables to compute decompression for such dives.

** If no Residual Nitrogen Time is given, then the repetitive group does not change.

Repetitive group at the beginning of the surface interval

ADDENDUM NO. 1

ITB# 2023-03

CULVERT PIPE SEDIMENT AND DEBRIS REMOVAL

THIS ADDENDUM SHALL MODIFY AND BECOME A PART OF THE ORIGINAL ITB DOCUMENT. THE FOLLOWING CLARIFICATIONS, CHANGES, ADDITIONS, AND/OR DELETIONS ARE HEREBY MADE PART OF THE CONTRACT DOCUMENTS FOR ITB 2023-03 CULVERT PIPE SEDIMENT AND DEBRIS REMOVAL

TO ALL PROSPECTIVE BIDDERS

Words ~~stricken~~ are deletions; words underlined are additions to the ITB

1. Addition – Cover Page

Bid Submission Due Date: June 8, 2023 @ 10:00 AM Eastern Time (ET)

2. Addition – 1.3 Schedule

	Date	Time
<u>Bid Submission Due Date/Time</u>	<u>June 8, 2023</u>	<u>10:00 AM</u>
<u>Public Bid Opening Date/Time</u>	<u>June 8, 2023</u>	<u>10:00 AM</u>
Evaluation Committee Meeting (n/a)		

3. Addition – Section 1.0 Introduction; 1.1 Overview

The District desires to enter into a contract with the lowest price ~~responsible~~ responsive and responsible Bidder for three (3) years, with two (2) one-year options to renew

4. Questions from Al Panzarella – Johnson Environmental Services

- q. Please provide a copy of the current contract the District is operating under, the company providing the services, and the current rates.?
- a. The district does not currently have a contract for this type of service.

- q. When were the last time services were provided on each culvert?
- a. Each culvert is annually inspected and cleaned if more than 50% with debris / sediment.

- q. Most bids provide for 3 different levels of cleaning depending on the level of sediment, light, medium, heavy, is this a possibility to have the bid sheet reflect this? If not the company will need to calculate a worst case scenario, planning on heavy cleaning taking the most time, and this will be reflected in the rate?
- a. Culverts will be selected for cleaning based on 50% or higher amounts of debris in any portion of the pipe or throughout the entire length. Refer to pipe size/length for estimations.

- q. Are divers needed each time a culvert is requested to be cleaned?
- a. Yes, see section 4 of bid document – Scope of Services

- q. Is the work scheduled on a cycle or just as needed? If a scheduled please provide frequency.
- a. The culverts are annually inspected. The culverts are cleaned based on inspection reports.

- q. Bid pricing: Should there not be additional line items for divers, turbidity barriers, disposal charges, Supervisor, additional labor (most vac trucks may operate depending on the job with just an operator, but some jobs require a helper) etc. to be charged as needed, as they might not need to be used on every job request?
- a. No, section 4 of the bid document defines the scope and required method of service.

- q. If the contract is for an initial 3-year term there is no provision for yearly CPI adjustments to pricing or fluctuations of fuel?
- a. No, see section 1.5 of the bid document.

5. Questions from Yamileth Hoffman – Shenandoah General Construction

- q. It requires a bid bond.
- a. No

- q. What is the budget?
- a. \$100,000 annually

- q. Do you have the additional forms?
- a. There are no additional forms. The only form that is being revised is attached to the Pre-Bid Q & A ITB# 2023-03 Culvert Pipe Sediment and Debris Removal documentation. Please look for the form titled “Bid Price Form ITB# 2023-03 Culvert Pipe Sediment and Debris Removal” and include it in your bid submittal.

6. Questions from Alex Delgado – Industrial Divers., Inc.

- q. Can you provide inspection reports for the previous 3 years so that we may get a sense of how much material is in the culvert systems and the approaches?
- a. Yes, please review all the additional documents attached to the document titled “Pre-Bid Q & A ITB# 2023-03 Culvert Pipe Sediment and Debris Removal”.

- q. Can you provide a copy of the last 3 years culvert cleaning and invoices so we can get an idea of what CSID has been paying for culvert cleaning?
- a. Yes, please review all the additional documents attached to the document titled “Pre-Bid Q & A ITB# 2023-03 Culvert Pipe Sediment and Debris Removal”. Summary is as follows below:

Vendor	FY	Contracted Price
Fish Tech Inc.	2020	\$ 92,000.00
Fish Tech Inc.	2021	\$ 69,000.00
Arbor Tree & Land	2022	\$ 37,460.00

- q. Can we get receipts or confirmation that materials removed from CSID in the past 3 years were properly disposed?
- a. The contractor is responsible for the legal disposal of any material, we do not require documentation nor maintain any disposal receipts.
- q. How will CSID confirm that the all members of the Dive Team meet OSHA (a) Certifications (b) First Aid/CPR (c) Physical or Fit to Dive Statement (d) Company to have a Safe Practice Manual?
- a. As mentioned in the pre-bid meeting, a dive plan shall be included in the bid submittal and include the information (a-d) and any other data relevant to proving members of your dive team are competent and able/trained to perform the services outlined in the scope of services.
- q. Attached are three examples of locations with limited access. While CSID states that most sites have plenty of right away available the contractor needs to plan for all possibilities and cost in a lump sum per foot cost.
 - i. E24 has a limited space available between the guardrail and the street but placement of a dumpster in this area is likely to damage the swale and the curb. All damage must be repaired to at least previous conditions, correct?
 - a. The site, staging area and working areas must be restored to their original condition or better.
 - ii. E21 on the east side has no access that will not affect adjacent property owners, where should dumpsters be placed in this situation?
 - a. That determination is up to the contractor to find a way to perform the task within the scope of services.
 - iii. E20 south side has no access to the right away and the north side only has access through private property; where would dumpsters be placed in a situation like this?
 - a. That determination is up to the contractor to find a way to perform the task within the scope of work.

- q. Can the deadline for submittal be extended? I understand that it was stated at the meeting that CSID is under a tight deadline and behind schedule but bidders must get and review information provided in questions/ addendums, get quotes for rentals such as dumpster/s, cost of hauling, and cost of disposal all within one week. The shortened time frame may cause bid prices to be higher than otherwise because of a lack of time to get multiple quotes and review all information to provide best possible pricing.
- a. Currently no consideration is being granted for any extensions of deadlines.

7. Questions from Michael Cardona – Free Agent Marine LLC

- q. Great meeting today! I would like to request the entire job file including any of the addendums available as of now please.
- a. The Pre-Bid question and answer document and related will be emailed to each company in attendance as well as addendum # 1. The bid documents can be found on our website under **procurement** or ask Danielle to send you a link. Please email her at daniellec@csidfl.org

8. Questions from Renee Pellicer – Fish Tec Inc

- q. The bid states "**Production** – Bids must be bound in a manner that permits the bid to lie flat when open. Staples or paperclips are not permitted." For clarity, will you provide acceptable examples of binding?
- a. Binder Clips, Spines/Spirals/Coils/Comb, Hard Cover, Tape Binding, Wire binding, Black Tape, Ring Binders

- q. In addition to the Required Forms in Section 6.0, is the bidder also *required* to submit an Executive Summary and Table of Contents as described in Section 2.8 or the bid will be considered non-responsive?
- a. Yes, deviation from this format **may** cause bids to be deemed non-responsive.

9. Addition – Section 3.0 Terms and Conditions; 3.12 Multiple Awards of Contract

- (f) Lowest total sum of items 1 through 12 on the revised Bid Price Form ITB# 2023-03 attached to the Pre-Bid Q & A ITB# 2023-03 Culvert Pipe Sediment and Debris Removal document.

10. Addition – Section 4.0 Scope of Services; Diving Operation

Contactors shall perform services on the District's ROW (Right-of-Way) or Public Right-of-Way. Staging of any contractor's equipment on private property is prohibited. MOT (Maintenance of Traffic) is the responsibility of the contractor.

<End of Document>

PRE-BID Q & A

ITB# 2023-03

CULVERT PIPE SEDIMENT AND DEBRIS REMOVAL

THIS DOCUMENT SHALL MODIFY AND BECOME A PART OF THE ORIGINAL ITB DOCUMENT. THE FOLLOWING CLARIFICATIONS, CHANGES, ADDITIONS, AND/OR DELETIONS ARE HEREBY MADE PART OF THE CONTRACT DOCUMENTS FOR ITB 2023-03 CULVERT PIPE SEDIMENT AND DEBRIS REMOVAL

TO ALL PROSPECTIVE BIDDERS

Words ~~stricken~~ are deletions; words underlined are additions to the ITB

Q: Do you have the last 3-4 years of inspection reports?

A: Yes, the last 3-4 years of inspection reports have been included and attached to this Pre-Bid Q&A document.

Q: Looking at some of the aerials, you have a lot of small two-lane streets, you have a lot of barriers in front of the canals, and you are requested that all materials be removed and dumped off-site that requires dumpsters and there is no place to put dumpsters in a lot of these right of ways?

A: The awarded contractor must make the determination on the logistics needed to complete the required service in the scope of services and decide on how to complete the services safely.

Q: If you could tell me on 8-20 and 8-21, if you look at a satellite picture, where you have the rail stretching from property line to property line in front of the out falls, where would a dumpster be placed on those roads – to take up the material from the pipe or from the approaches?

A: It's been a while since we have had to do (clean) that pipe – at least 10 or 12 years. Back then, there may not have been a guardrail there. However, there is room for staging your equipment with a roll-off dumpster with MOT. You may have to shut a road lane down to place your dumpster on the lane or on the grass. Distance from the guardrail to the road will vary. Once you get behind the guardrails, there is more than enough space to operate on district ROW with your staff and equipment.

Continued from Pg 1

- Q:** Can you provide us with the locations you did last year, how much money you spent, how much money you have allocated for this project? I'm sure you will require payment and performance bonds. How are going to determine the lowest bidder with the provided pricing sheet without any proposed quantities? Once you do those bid totals and they come in over \$300k, what will then be the procurement pre-requisites? When you need payment and performance bonds, or will it be paid separately because I don't know the quantity. Are you providing estimated quantities for bidding?
- A:** Yes, the requested documents have been included and attached to this Pre-Bid Q&A document. Please all documents from Arbor Tree & Land and the associated invoice# J000870. For fiscal year 2023, we have allocated \$100,000.00 USD for this project. Payment and performance bonds will not be required for this contract. A revised copy of the pricing sheet has been attached to this Pre-Bid Q&A document including your sum of all pipes. The award will be based on the lowest sum on the revised Bid Price Form as well as the most responsible and responsive bidder. Base your price on the bid per foot which will be below the state statute threshold for bonds. This will be your firm price on what we will engage with you on an annual basis. We cannot provide linear footage for each pipe (on this bid price form) because the assignment of pipes to be cleaned will change from year to year. For example: There may be 8 locations on the inspection report to be cleaned and we are going to give you a breakdown. X amount are 36", X amount are 64", here's the linear footage for each one. At that point, we will multiply your contracted price per foot for each diameter of pipe and what we expect to pay based on your bid. If you have any other specific questions, you may email Danielle Cancel at daniellec@csidfl.org
- Q:** So following up on the proposed work, you mentioned divers, I assume you need divers for 84",72",66"? You've done this work before I guess you had a previous contractor do this work before. Can you provide us the bid tabs for last year?
- A:** Yes, the requested documents have been included and attached to this Pre-Bid Q&A document. Every pipe is inspected with a diver and every pipe should be cleaned with a diver.
- Q:** How do you get a diver in a 30" pipe?
- A:** 30" pipes can be cleaned with a diver using smaller equipment. We do not have any 24" pipes.

Continued from Pg 2

Q: Any preferred dumpsite for the material?

A: Just one that is authorized and approved to accept the material. Usually if you use a dumpster, landfill is fine. Most of the material is fine sediment. You may have a branch here or there, but you won't have shopping carts, tires, etc.

Q: Will you have separate bid item for that (dredging of material no less than 50 feet away from upstream and downstream approaches to a depth of 1 foot below the bottom of the pipe or the hard bottom)?

A: No, your price per foot is inclusive of these tasks.

Q: Every pipe must have the 50 feet away from upstream and downstream approaches to a depth of 1 foot below the bottom of the pipe or the hard bottom?

A: Yes

Q: Do you have an average of bottom heights of your canals? I have seen an average of 10 feet away of 3-foot height difference.

A: We do not have a current survey per se. For the past 6 years, we have been focusing more on the approaches. There might be a couple of pipes that we haven't done during this time.

Q: What is your situation with water plants? Because those get into the mud and getting those out require some sort of mechanical or manual and they won't get dredged.

A: We are aggressive with our aquatic plant management. We might have some vegetation and we must keep some in the water from becoming septic. Once you dredge to the hard bottom there will not be any vegetation.

Q: On your dive requirements, you have a minimum of 3 divers which is fine for your approaches obviously you need 4 divers per OSHA for penetration, for dredging in the pipes, how are you going to follow-up on making sure that all the divers and dive team members are certified and meet all the standards or OSHA or ADCI? How do you double-check?

A: This is the responsibility of the contractor to meet OSHA regulations. The contractor's Dive Plan will need to be submitted as part of their response. The Dive Plan must show qualifications of all divers, DPIC, and USL&H Coverage

Q: Is USL&H Insurance listed as a requirement?

A: No, just commercial general liability

Q: Are there any possibilities for increases during contract term inclusive of renewals?

A: No

Continued from Pg 3

Q: So we have to make sure our prices are covered for 5 years down the road?

A: Yes

Additional Comments:

The maps (attached to this Q&A document) provided at today's meeting show you generally the locations and the diameter and the length for each culvert pipe. You can walk or drive to each location you may. Most of these are on residential roads. Please keep in mind that site restoration (resodding, repair of sprinkler heads) is part of your scope of services.

CORAL SPRINGS IMPROVEMENT DISTRICT
PROJECT NO. GF-2021-02 CULVERT CLEANING
INVITATION TO BID

ADVERTISEMENT FOR BIDS
FOR
CORAL SPRINGS IMPROVEMENT DISTRICT
BROWARD COUNTY, FLORIDA

Sealed bids for procurement of the following described project will be received by the owner, Coral Springs Improvement District, Broward County Florida:

For the removal of sediment and debris from culvert pipes at nine (9) locations in the District and dredging of the approaches to the culverts and disposal of the debris

Bids shall be on a total lump sum basis; segregated bids will not be accepted. *Sealed bids will be received until 11:00 am eastern time on February 5, 2021* at the offices of the Coral Springs Improvement District, 10300 NW 11th Manor Coral Springs, FL 33071.

The outside of the envelope or box containing **THREE (3) COPIES** of the bid with original signatures must clearly state **"BID Project GF 2021-02 CULVERT CLEANING"**. Late submittals will not be accepted. A mandatory pre-bid meeting will be held on February 2, 2021 at 9:00AM at the District offices. *All persons attending will be required to follow social distancing guidelines and CDC Covid-19 personal protective measures.*

Bidders may obtain complete sets of Bidding Documents from the District Offices, 10300 NW 11th Manor, Coral Springs, FL 33071, (954) 753-0380, or www.csidfl.org. Partial sets of Bidding Documents will not be available. For information, you may contact Shawn Frankenhauser, District Representative at ShawnF@csidfl.org or 954-796-6669.

The Owner reserves the right to reject any or all Bids with or without cause, to waive technical errors and informalities, and to accept the Bid, which best serves the interest of the Owner.

TITLE: CULVERT PIPE SEDIMENT AND DEBRIS REMOVAL

Sealed bids for procurement of a contractor to remove sediment and debris as needed from the Coral Springs Improvement District's culvert pipes will be received by the Coral Springs Improvement District, Broward County Florida.

A mandatory pre-bid and site visit meeting will be held on **May 31, 2023, at 10:00am** at the district's offices. Failure to sign-in on the sign-in sheet at this meeting will result in your bid not being opened at the bid opening meeting. The proposed bid pricing shall be submitted on the required bid price form. Sealed bids will be received until **10:00am eastern time on June 8, 2023**, at the offices of the Coral Springs Improvement District, 10300 NW 11th Manor Coral Springs, FL 33071. The outside of the envelope or box containing one (1) original bid including original signatures, one (1) additional copy, and one (1) digital copy (USB Drive) must clearly state "**Culvert Pipe Sediment and Debris Removal ITB# 2023-03**". This ITB will be subject to the Cone of Silence. Late submittals will not be accepted. All bids will be publicly opened at the district's offices at 10:00am eastern time on June 8, 2023.

PDF versions of the ITB solicitation document are available on the district's website at www.csidfl.org or by requesting a PDF copy via email to the representative listed below.

The district reserves the right to reject any or all bids either with or without cause, to waive technical errors and informality and to accept the bid or portion of the bid, which in its judgment best serves the district.

Section 1.0 – Introduction

1.1 Overview

Coral Springs Improvement District (District) is a special-purpose local government serving an area of north-central Broward County, FL.

The District is seeking a qualified contractor to inspect, remove, and dispose of sediment and debris from District-owned culvert pipes, culverts, drainage structures and canals. The District desires to enter into a contract with the lowest price responsible and responsible Bidder for three (3) years, with two (2) one-year options to renew

Please review Section 4.0 for the full and complete Scope of Services.

1.2 Minimum Qualifications

The Successful Bidder shall be responsible for initiating, maintaining and supervising all safety precautions and programs in connection with the work. The Successful Bidder shall comply with the rules and regulations of the Florida Department of Commerce regarding industrial safety (Fla Statues Section 440.56) and with the standards set forth in the Occupational Safety and Health Act of 1970 (OSHA) and its current amendments.

The Successful Bidder shall take all reasonable precautions for the safety of and shall provide all reasonable protection to prevent damage, injury or loss to:

- (a) All employees on the work site and all other persons who may be affected thereby.
- (b) The work and all materials and equipment incorporated therein.
- (c) Other property at the site or adjacent thereto, including trees, shrubs, lawns, walks, pavements, structures and utilities not designated for removal, relocation or replacement in the course of the work.

DISTRICT reserves the right to consider a Bidder's history of citations and/or violations of environmental regulations in determining a Bidder's responsibility, and further reserves the right to declare a Bidder not responsible if the history of violations warrant such determination. Bidder shall submit with Bid, a complete history of all citations and/or violations, notices and dispositions thereof. The non-submission of any such documentation shall be deemed to be an affirmation by the Bidder that there are no citations or violations. Bidder shall notify DISTRICT immediately of notice of any citation or violation, which Bidder may receive after the Bid opening date and during the time of performance of any contract awarded to Bidder.

1.3 Schedule

While it is the District's intent to strictly adhere to the following schedule, modifications may be required. Dates in this schedule may be amended by the District in its sole discretion and no rights shall accrue to any Bidder due to such amendment. Bidders may not rely on dates after Due Date and Time until confirmed by the District. All times listed below are in Eastern Time (ET).

1.4 Point of Contact during Cone of Silence

All communication concerning this ITB should be issued in writing, contain the ITB number (ITB # 2023-03) in the subject line, and be directed solely to the point of contact at the email address below. To ensure Bidders receive all relevant communications pertaining to this ITB, Bidders are encouraged to submit an email to the point of contact below for any questions.

Name: Danielle Keira-Cancel
Title: Procurement Manager
Email: daniellec@csidfl.org

This solicitation is subject to the Florida Cone of Silence Laws, specifically Broward County Code ARTICLE XIII – LOBBY ACTIVITIES Sec. 1-266.- Cone of Silence. Communication outside of authorized avenues is prohibited and may be subject to legal remedies.

This would include communications with any District Board Member, all other District employees, and any non-employee appointed to evaluate or recommend selection in such a procurement process.

The Cone of Silence shall terminate at the time the District awards or approves a contract, votes to reject all bids or responses, or otherwise acts which ends the solicitation or other procurement process.

1.5 Contract Term and Renewal

The District desires to enter into a three (3) year contract for culvert pipe sediment and debris removal, with two (2) one-year options to renew. It will also have an option to renew for two (2) one-year periods. Any agreed upon extensions shall be in the form of a written contract amendment that incorporates the same terms and conditions of the original contract plus any amendments thereto. The contracts may be extended beyond the 60-month term to allow for the completion of designated tasks described in active purchase orders issued during the term of the contract.

1.6 Right of Assignment

For the term of the contract, and any mutually agreed extensions pursuant to this ITB, the Contractor permits the District to authorize use of this procurement by other local agencies that may otherwise be adversely affected without access to the services contracted. The District reserves the right to ensure all District needs are satisfied before extending use of the contract to other agencies.

1.7 Irrevocable Offer

The Bidder commits that a bid offered in response to this solicitation guarantees a firm and irrevocable offer for a period of ninety (90) days from the date of submission deadline. This period may be extended by the District as necessary to facilitate contract award. Bidders may submit a written request to the point of contact listed on this page to withdraw their bids prior to the submission deadline or after the ninety (90) day irrevocable offer period expires otherwise the bid shall remain firm until an award is announced.

1.8 Conflict of Interest

The Bidder confirms that it presently has no interest and shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance of the services required to be performed under the contract.

1.9 Disadvantaged and Small Business Enterprises

The District is committed to fostering the continued development and economic growth of small and disadvantaged business enterprises. To this end, the participation by small and disadvantaged business enterprises in this solicitation as both prime contractors and subcontractors is encouraged.

Section 2.0 – Procurement Process and Bid Requirements

This section includes general Instructions to Bidder designed to ensure all Bidders understand the procurement process for this ITB and develop bids in a format acceptable to the District.

2.1 Question Submission

Bidders are encouraged to submit questions or requests for clarification to ensure a full understanding of the bid requirements and the scope of services requested. Questions must be directed to the point of contact identified in Section 1.4 and in adherence with the schedule outlined in Section 1.3.

2.2 Addenda

If the District finds it necessary to supplement, clarify, or modify any portion of this ITB, a written addendum will be issued to interested parties and incorporated into the bidding docs. Bidders will be required to acknowledge receipt of any addenda on the included BID SUBMITTAL FORM FOR ITB NO. 2023-03 form, Section 10.

2.3 Mandatory Pre-Bid Meeting and Site Visit

Any Bidders interested in submitting a bid for this ITB# 2023-03 must attend the mandatory pre-proposal meeting indicated in Section 1.3 on the schedule. Immediately following the pre-bid meeting, the site visit will begin to answer any questions that bidders may have regarding the site and scope of service. **Only one (1) pre-bid meeting will be held. You must sign-in on the sign-in sheet for your attendance to be counted. Failure to attend the Mandatory Pre-Bid meeting will result in your bid not being accepted or opened at the bid submission deadline date and time.**

2.4 Reserved Rights

The District reserves the right to accept or reject all bids, with or without cause, when doing so is perceived in the best interest of the District. The District reserves the right to waive technicalities or request additional information or clarification from Contractors. The District reserves the right to accept the bid which, in its sole judgement, best serves the interests of the District.

This ITB does not constitute a guarantee from the District.

2.5 Contract

It is the intent of the District to award a contract to the Bidder that is deemed the lowest price, responsive and responsible bidder, that best serves the interest of the District. A sample contract has been included as a supplement to this ITB. Contractors must be willing to accept the terms and conditions contained within. Contractors are not permitted to modify the terms or conditions of this contract and any effort to suggest or otherwise do so may be grounds for disqualification.

2.6 Submission Requirements

Bidders are required to follow the submission requirements including proper adherence to bid quantities, page limitations, and formatting. Deviation from these requirements may cause bids to be deemed nonresponsive.

- **Quantity** – Contractor must submit one (1) original bid including original signatures, one (1) additional copy, and one (1) digital copy (USB drive). A redacted digital copy may also be included if the Contractor's bid contains information that may be exempt from applicable Florida Public Records Law.
- **Page Limits** – Contractor bids are limited to no more than seventy-five (75) pages excluding the required forms. Each sections' page limits are further defined in Section 2.8 Bid Layout.
- **Text and Page Format** – A page is defined as one (1) 8 ½" by 11" piece of paper with text on one side. Contractors may choose to print double-sided but should be aware that each printed side constitutes a page. Text must be in a font size no smaller than 11.
- **Production** – Bids must be bound in a manner that permits the bid to lie flat when open. Staples or paperclips are not permitted.
- **Packaging** – Bids are to be sealed in a box or properly sized envelope to ensure delivery in an undisturbed state. Each package should include a label on the exterior that identifies the package as a response to **CULVERT PIPE SEDIMENT AND DEBRIS REMOVAL ITB # 2023-03**.
- **Delivery** – **THE DISTRICT DOES NOT PARTICIPATE IN ONLINE BIDDING OR E-BIDDING. BIDS ARE TO BE MAILED OR HAND-DELIVERED TO CORAL SPRING SPRINGS IMPROVEMENT DISTRICT OFFICES located at 10300 NW 11th Manor, Coral Springs, FL 33071 Attn: Procurement Manager. ALL BIDS MUST BE RECEIVED BY THE DATE AND TIME INDICATED IN THE SCHEDULE OF SECTION 1.3. Late, faxed and/or emailed bids to any other DISTRICT employee will not be accepted.**

2.7 Preparation Costs

All costs associated with the development, production, and delivery of Contractor bids are solely those of the Contractor. The District will not reimburse any Contractor for expenses incurred during this procurement process. The Contractor also agrees that the District bears no responsibility for any costs associated with administrative or judicial proceedings resulting from this solicitation process.

2.8 Bid Layout

Contractors are required to follow the bid layout defined below to enable ease of review and evaluation consistency. Deviation from this format may cause bids to be deemed non-responsive.

- **Executive Summary** – Provide a brief introduction to the Contractor, a summary of their bid, and the Contractor’s primary point of contact and authorized signatory. (2-page limit)
- **Table of Contents** – Provide a table of contents that identifies each section of the bid and the corresponding page numbers. (1-page limit)
- **Section 1. Firm Qualifications and References** – Provide evidence that the Contractor meets the minimum qualifications identified in Section 1.2 and include a minimum of three (3) references from clients whom the Contractor has provided similar services in the past five (5) years. References from Florida Public Entities clients are preferable. (10-page limit)
- **Section 2. Past Project Experience** – Provide a detailed summary of similar projects performed in the past five (5) years. Include the name of the client, the Scope of Service, and a detailed description of the services provided. (10-page limit)
- **Section 3. Project Personnel** – Provide an organization chart and brief one (1) page resumes for all project personnel. This should include any possible Technicians that could be assigned to the DISTRICT. (20-page limit)
- **Section 4. Cost Bid** – Only use the associated BID PRICE FORM. (2-page limit)
- **Section 5. Required Forms and Documents** – Complete and include each of the required forms:
 - Drug-Free Workplace Certification
 - Proof of Insurability
 - Valid Business License
 - Non-Collusion Oath
 - Qualification Statement
 - Client References
 - Bid Submittal Form for ITB No. 2023-03
 - Bid Submittal Security, if required by the Instructions to Bidders

Public Entity Crimes
Scrutinized Vendor Certification
Good Faith Affidavit

2.9 Assertion of Contractor Confidentiality

Contractors that desire to keep supplied information confidential must assert proprietary, trade secret, intellectual property, or otherwise confidential claims specific to those sections or subsections of their bid. Contractors must provide statutory citation(s) supporting their claim of confidentiality. Simply identifying the entire bid as confidential may be grounds for disqualification.

To facilitate public record requests required by Florida Public Records Law, the District may be required to disclose parts of, or entire documents associated with this solicitation. Contractors that wish to keep confidential information private must provide the District with a redacted digital copy of their bid. Failure to do so will constitute a waiver of claim and authorize the District to reproduce the entire un-redacted bid as required.

Section 3.0 – Terms and Conditions

The purpose of this ITB is to engage a Contractor to inspect Coral Spring Improvement District culverts pipe and remove any sediment contained therein.

3.1 General

The Scope of Work, Plans and/or Specifications for services and/or goods and materials to be provided under this solicitation is described in Section 4.0 hereof. Any Plans associated with the service are referenced in the Scope of Services. The failure of the Bidder to direct the attention of the DISTRICT to errors or discrepancies will not relieve the Bidder, should Bidder be awarded the Contract, of the responsibility of performing the work to the satisfaction of the DISTRICT. **Please review Section 4.0 as it contains the full and complete Scope of Services.**

3.2 Warranties

Warranty of Title: The Successful Bidder warrants to the DISTRICT that all goods and materials furnished under the Contract will be new unless otherwise specified and that Successful Bidder possesses good, clear, and marketable title to said goods and there are no pending liens, claims or encumbrances whatsoever against said goods. All work not conforming to these requirements, including substitutions not properly approved and authorized may be considered defective.

Warranty of fitness for a Particular Purpose: The Successful Bidder warrants the goods shall be fit for and sufficient for the purpose(s) intended. The purpose for the goods covered by the Contract is intended is:

The Successful Bidder understands and agrees that the DISTRICT is purchasing the goods in reliance upon the skill of the Successful Bidder in furnishing the goods suitable for the above stated purpose. If the goods cannot be used in the manner stated in this Paragraph, then the DISTRICT, at its sole discretion, may return the goods to the Successful Bidder for a full refund of any and all moneys paid for the goods.

Warrantee of Merchantability: The Successful Bidder warrants that the goods to be supplied pursuant to the Agreement are merchantable, of good quality and free from defects, whether patent or latent in material or workmanship.

Warranty of Performance: The Successful Bidder warrants that the goods are capable of doing the same or better-quality work than other goods of equal value operated under the same conditions.

Warranty of Product: The Successful Bidder warrants all products for a minimum of one year from the date of acceptance by the DISTRICT. If within one year after acceptance by the DISTRICT, or within such larger period of time as may be prescribed by law any of the products are found to be defective or not meeting performance standards with the Contract Documents, the Successful Bidder shall after receipt of a written notice from the DISTRICT to do so, (promptly replace the product unless the DISTRICT has previously given the Successful Bidder a written acceptance of such condition).

The Successful Bidder warrants to the DISTRICT that it will comply with all applicable federal laws, state laws, local laws, regulations, and orders in carrying out its obligations under the Contract.

The Successful Bidder warrants to the DISTRICT that it is not insolvent, it is not in bankruptcy proceedings or receivership, nor is it engaged in or threatened with any litigation, arbitration or other legal or administrative proceedings or investigations of any kind which would have an adverse effect on its ability to perform its obligations under the Contract.

The Successful Bidder warrants to the DISTRICT that the consummation of the work provided for in the Contract Documents will not result in the breach of any term or provision of, or constitute a default under any indenture, mortgage, contract, or agreement to which the Successful Bidder is a party.

The Successful Bidder warrants that there has been no violation of copyrights or patent rights either in the United States of America or in foreign countries in connection with the work of the Contract.

All warranties made by the Successful Bidder together with service warranties and guarantees shall run to the DISTRICT and the successors and assigns of the DISTRICT.

3.3 Risk of Loss

The risk of loss, injury, or destruction, regardless of the cause of the casualty, shall be on the Successful Bidder until the delivery of goods to the DISTRICT, and inspection and acceptance of the goods by the DISTRICT. Title to the goods shall pass to DISTRICT upon acceptance by DISTRICT.

3.4 Permits, Fees, and Notices

The Successful Bidder shall secure all permits and licenses which may be required for the proper execution and completion of the service. The Successful Bidder shall use its best efforts to obtain all necessary permits as soon as possible after the date of Notice to Proceed. Any delays in obtaining permits must be brought to the attention of the DISTRICT without delay.

The Successful Bidder shall give all notices and comply with all laws, ordinances, rules, regulations and lawful orders of any public authority bearing on the performance of the work. The DISTRICT shall not be responsible for monitoring the Successful Bidder's compliance with any laws or regulations. The District shall pay for any permit fees.

3.5 Cleaning Up

The Successful Bidder at all times shall keep the premises free from accumulation of waste materials or rubbish caused by Bidder's operations. At the completion of the service Bidder shall remove all waste materials and rubbish from and about the site as well as all tools, equipment, machinery and surplus materials. The site must be returned to original or better conditions post completion. At all times the successful bidder shall comply with all specifications in Schedule C.

3.6 Default

In the event the Successful Bidder shall default in any of the terms, obligations, restrictions or conditions in the Contract Documents, the DISTRICT shall give the Successful Bidder written notice by registered, certified mail of the default and that such default shall be corrected or actions taken to correct such default shall be commenced within four (4) hours thereof. In the event the Successful Bidder has failed to correct the condition(s) of the default or the default is not remedied to the satisfaction and approval of the DISTRICT, the DISTRICT shall have all legal remedies available to it, including, but not limited to termination of the Contract in which case the Successful

Bidder shall be liable for all procurement costs and any and all damages permitted by law arising from the default and breach of the Contract.

3.7 Termination for Convenience of District

Upon seven (7) calendar day's written notice delivered by certified mail, return receipt requested, to the Successful Bidder, the DISTRICT may without cause and without prejudice to any other right or remedy; terminate the agreement for the DISTRICT'S convenience whenever the DISTRICT determines that such termination is in the best interest of the DISTRICT. Where the agreement is terminated for the convenience of the DISTRICT the notice of termination to the Successful Bidder must state that the contract is being terminated for the convenience of the DISTRICT under the termination clause and the extent of termination. Upon receipt of the notice of termination for convenience, the Successful Bidder shall promptly discontinue all service at the time and extent indicated on the notice of termination, terminate all outstanding sub-contractors and purchase orders to the extent that they relate to the terminated portion of the Contract and refrain from placing further orders and subcontracts except as they may be necessary, and complete any continued portions of the service.

3.8 Assignment

The Successful Bidder shall not assign or transfer its rights, title or interests in the Agreement nor delegate any of the duties or obligations undertaken by Successful Bidder without DISTRICT'S prior written approval.

3.9 Applicable Laws, Ordinance, Rules, Codes and Regulations

Familiarity with Laws: Notice is hereby given that the Successful Bidder must be familiar with all Federal, State and Local Laws, ordinances, rules, codes and regulations that may affect the work. Ignorance on the part of the Bidder will in no way relieve him from the responsibility of compliance therewith. The DISTRICT is providing the following list of references for the convenience of the Bidder. These requirements may apply under the appropriate circumstance. Inclusion herein does not constitute any waiver by the DISTRICT or any admission or agreement that these laws, orders or rules actually apply to this Product/material/service. Moreover, the list is not intended to be inclusive and omission shall not be a defense for a Bidder's, Contractor's or Subcontractor's failure to comply with applicable laws, ordinances, rules, codes or regulations:

Non-Segregated Facilities: The Successful Bidder and each subcontractor shall comply with the Certification of Non-Segregated Facilities supplied in the Bid Documents and this Certification shall be a part of the Bid Documents. By submission of a bid, the Bidder and all subcontractors certify that Bidder has become familiar with the certification and that he will comply with the requirements set forth in the Certification

Nondiscrimination and Equal Opportunity Employment: During performance of the contract, the successful Bidder agrees as follows:

- (a) The Successful Bidder shall not discriminate against any employee or applicant for employment because of race, religion, color, sex or national origin. The Successful Bidder shall take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, creed, color, or national origin. Such action shall include, but not be limited to, the following: Employment; upgrading; demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Successful Bidder agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this nondiscrimination clause.
- (b) In the event of the Successful Bidder's noncompliance with the nondiscrimination clauses of the contract or with any of such rules, regulations, or orders, the Contract may be canceled, terminated, or suspended in whole or in part without liability to DISTRICT.

3.10 Indemnification

GENERAL INDEMNIFICATION: To the fullest extent permitted by laws and regulations, Successful Bidder shall indemnify, defend, save and hold harmless the DISTRICT, its officers, agents and employees, from or on account of all claims, damages, losses, liabilities and expenses, arising out of the operations of the Successful Bidder or his Subcontractors, agents, officers, employees or independent contractors pursuant to the contract caused by or arising out of (a) any negligent act, or willful omission or default of the Successful Bidder and/or his subcontractors, agents, servants, or employees in the provision of the goods and/or services under the contract to include any bodily injuries, sickness, disease, death or destruction of real or tangible property; (b) the use of any improper materials in any goods or services provided pursuant to the contract; (c) a defective condition in any goods provided pursuant to the contract; (d) the violation of any federal, state, county, or municipal laws, ordinances or regulations by

Successful Bidder, his subcontractors, agents, servants, independent contractors or employees in the provision of the goods or services under the contract; or (e) the breach by Successful Bidder of any term of the Contract including the breach of any warranty or guarantee.

Successful Bidder shall pay all claims, losses, liens, settlements, or judgments of any nature whatsoever in connection with the foregoing indemnifications including, but not limited to, reasonable attorney's fees (including appellate attorney's fees) and costs.

DISTRICT reserves the right to select its own legal counsel to conduct any defense in any such proceeding and all costs and fees associated therewith shall be the responsibility of Successful Bidder under the indemnification agreement. Nothing contained herein is intended nor shall it be construed to waive District's rights and immunities under the common law or Florida Statute 768.28 as amended from time to time.

3.11 Patent and Copyright Indemnification

Successful Bidder agrees to indemnify, defend, save and hold harmless the DISTRICT, its officers, agents and employees, from all claims, damages, losses, liabilities and expenses arising out of any alleged infringement of copyrights, patent rights and/or the unauthorized or unlicensed use of any material, property or other work in connection with the performance of the Contract.

3.12 Multiple Awards of Contract

If the Contract is to be awarded, it will be awarded to the lowest price responsible and responsive Bidder(s). There is no guarantee of any assignments to minimum amount of compensation under this solicitation. Contracts with active orders may be extended beyond the 60-month term to allow for the completion of designated tasks. All Bidders must be willing to accept the award as the result of selection process if the Bidder is deemed to be the most qualified contractor.

Criteria utilized by DISTRICT for determining that the Bidder is responsible and responsive includes, but is not limited to the following:

- (a) Ability of Bidder to meet published specifications.
- (b) Bidders experience and references, including, but not limited to, the reputation, integrity, character, efficiency, experience, skill, ability and business judgment of the Bidder, the quality of performance of Bidder under previous contracts, any subcontractors and other persons providing labor or materials to Bidder.
- (c) Bidder's qualifications and capabilities, including but not limited to, the size, financial history, strength and stability of the business to perform the service of the Contract, the possession of necessary facilities and equipment and the quality, availability and adaptability thereof to the particular use(s) required.
- (d) Whether Bidder can perform the contract promptly or within the time specified, without delay or interference.
- (e) Previous and existing compliance by Bidder with laws, ordinances and regulations relating to the goods or services.

If applicable, the Bidder to whom award is made shall execute a written Contract within Fifteen (15) calendar days after the Contract award. If the Bidder to whom the first award is made fails to enter into a Contract as herein provided, the award may be annulled and the Contract let to the next lowest Bidder who is responsible and responsive in the opinion of the DISTRICT. Such Bidder shall fulfill every stipulation embraced herein as if he were the original party to whom the award was made.

Section 4.0 – Scope of Services

This specification is for the purpose of soliciting bids for Culvert Pipe Sediment and Debris Removal.

Objectives

Based on the provided maps, the Contractor shall remove sediment and clean all debris from the selected culvert pipes. The bottom of the canal shall be dredged of material no less than 50 feet away from upstream and downstream approaches to a depth of 1 foot below the bottom of the pipe or the hard bottom. This includes 1 feet away from the outside edges of the culvert pipe(s).

Contractor shall dispose of all sediment and debris removed from the pipe, culverts and stormwater structures at a location approved to accept this type of material. It is not to be translocated downstream or upstream.

All work shall be performed Monday-Friday between 8:00am and 5:00pm EST.

Diving Operations

Contractor shall use Diving Crew comprised of a minimum of three (3) persons with the necessary equipment, experience, and qualifications to comply with OSHA (Occupational Safety and Health Administration) regulations for Commercial Diving AND perform the following activities: Cutting, drilling, and repair of defective submerged structures and pipes Closed circuit color video documentation of submerged structures and pipes; Excavation of sediment, rocks, and debris from canals under the supervision of the Stormwater Department.

Drainage Cleaning Crew and Equipment

Contractor shall use a Drainage and Cleaning Crew comprised of persons with the training, expertise and equipment to install/remove plugs, install/remove, pumps, and perform confined space entry tasks in conjunction with the storm drainage sediment and debris removal services. The use of a vacuum truck, suction device, or other appliance for removal of sediment by submerged diver(s) is the **only** removal method acceptable to the District and is included in the price for sediment and debris removal services.

Supervision and Superintendence

Contractor shall keep on site at all times during its progress a competent supervisor who shall not be replaced without written notice to the District. The superintendent shall be able to communicate in English. The supervisor shall be the Contractor's representative and shall be able to act on behalf of the Contractor.

Section 5.0 - Bid Pricing

The Bid Price Form contains the pipe diameter of the DISTRICT'S culvert pipes.

Rates provided are understood to be fully burdened, to encompass all costs associated with providing the scope of services listed in Schedule C. The District reserves the right to amend the compensation schedule to meet project requirements that may not be evident at the time of this solicitation.

Below is a sample of the ITB Bid Price Form that must be included in your bid response.

PLEASE DO NOT COMPLETE THIS SAMPLE

<div style="text-align: center;"> <p>BID PRICE FORM ITB# 2023-03</p> <p>CULVERT PIPE SEDIMENT AND DEBRIS REMOVAL</p> <p><small>THIS BID PRICE FORM MUST BE PRINTED AND MANUALLY/WET SIGNED AS A PART OF YOUR OFFICIAL RESPONSE TO THE ITB. Section 6.0 – Required Forms

This section includes forms that must be completed and submitted with the Contractor's bid. Each form should be completed accurately and in its entirety. Contractors that require clarification may submit a written request to the POC identified in Section 1.4.

<The remainder of this page is intentional left blank>

BID SUBMITTAL FORM FOR ITB NO. 2023-03

Page 1 of 4

SUBMITTED TO:

Coral Springs Improvement District
10300 N.W. 11th Manor
Coral Springs, Florida 33071

1. The undersigned Bidder proposes and agrees, if this Bid is accepted, to enter into an agreement with DISTRICT to perform all service as specified in the Invitation to Bid No. 2023-03 Documents for the price(s) and within the time indicated in this Invitation to Bid No. 2023-03, and in accordance with the terms and conditions of the Invitation to Bid No. 2023-03 Documents.

2. Bidder accepts and hereby incorporates by reference in this Bid Submittal Form all of the terms and conditions of the Invitation to Bid and Instructions to Bidders, Chapter 3 Section 2.0 including without limitation those pertaining to the disposition of Invitation to Bid Security.

3. The Bidder has examined the site of the project and has become fully informed concerning local conditions, and the nature and extent of the deliveries. Bidder has examined the indemnification and liquidated damages provisions, if any, and the bond and insurance requirements of the bid submittal. Accepts and agrees to abide by those terms and conditions without exception or limitation of any kind.

4. Bidder has given the DISTRICT written notice of all conflicts, errors or discrepancies that it has discovered in the ITB No 2023-03 and/or Contract documents and the written resolution thereof by the DISTRICT is acceptable to Bidder.

5. Will you subcontract any part of these deliveries? If so, give details including a list of each subcontractor(s) that will perform deliveries of more than ten percent (10%) of the contract amount and the deliveries that will be performed by each subcontractor(s).

BID SUBMITTAL FORM FOR ITB NO. 2023-03

Page 2 of 4

- 6. Bidder proposes to furnish all labor, materials, equipment, machinery, tools, transportation, supplies, services, and supervision for the deliveries described as follows:

Remove all debris, materials, and sediment from culvert pipes. This type of material must be disposed of at an approved location.

- 7. The bidder will adhere to the awarded Bid Price(s) listed on their submitted BID PRICE FORM ITB# 2023-03 CULVERT PIPE SEDIMENT AND DEBRIS REMOVAL in US Dollars
- 8. The bidder agrees that the deliverables will be ready for deliveries within sixty (60) calendar days from the date of Contract Commencement as specified in the Notice to Proceed.

- 9. Acknowledgment is hereby made of the following addenda (identified by number) received since issuance of the Invitation to Bid:

QUALIFICATIONS STATEMENT

Page 7 of 10

The undersigned further agrees to the following stipulations of the ITB requirements.

1.LIABILITY

- A. District personnel shall be contacted a minimum of 24 hours prior to any deliveries with the time and location the deliveries are to be made. In addition, District personnel will/may observe but will not participate in any operations.
- B. CONTRACTOR shall not commence any deliveries under this Agreement until it has obtained all insurance required under this paragraph and such insurance has been approved by the DISTRICT nor shall the CONTRACTOR allow any subcontractor to commence any deliveries on any subcontract until all similar such insurance required of the subcontractor has been obtained and similarly approved. It shall be the responsibility of the Contractor to comply with all Federal, State, and Local Water Management District Environmental Rules and/or Regulations.
- C. Comprehensive General Liability Insurance written on an occurrence basis including, but not limited to coverage for bodily injury and property damage, personal & advertising injury, products & completed operations, and contractual liability. Coverage must be written on an occurrence basis, with limits of liability no less than:
 - 1. Each Occurrence Limit - \$1,000,000
 - 2. Personal & Advertising Injury Limit - \$1,000,000
 - 3. General Aggregate Limit - \$2,000,000
 - 4. Products & Completed Operations Aggregate Limit - \$2,000,000
- D. Workers' Compensation and Employers' Liability Insurance covering all employees, and/or volunteers of the CONTRACTOR engaged in the performance of the Scope of Service associated with this Agreement. In the event any service is sublet, the CONTRACTOR shall require the subcontractors similarly to provide Workers' Compensation Insurance for all the latter's employees unless such employees are covered by the protection afforded by the CONTRACTOR. Coverage for the CONTRACTOR and its subcontractors shall be in accordance with applicable state and/or federal laws that may apply to Workers' Compensation Insurance with limits of liability no less than:
 - 1. Workers' Compensation: Coverage A – Statutory
 - 2. Employers Liability: Coverage B \$1,000,000 - Each Accident
\$1,000,000 Disease – Policy Limit
\$1,000,000 Disease – Each Employee

If CONTRACTOR claims to be exempt from this requirement, CONTRACTOR shall provide CITY proof of such exemption along with a written request for CITY to exempt CONTRACTOR, written on CONTRACTOR letterhead.

QUALIFICATIONS STATEMENT

Page 8 of 10

- E. Leased/Rented Contractor's Equipment, with all risk coverage including theft:
 - 1. Any One Item - \$450,000

- F. Umbrella/Excess Liability Insurance in the amount of \$2,000,000, as determined appropriate by the DISTRICT depending on the type of job and exposures contemplated. Coverage must follow the form of General Liability, Auto Liability and Employer's Liability. This coverage shall be maintained for a period of no less than the later of three (3) years after the delivery of goods/services or final payment pursuant to the Agreement. The Coral Springs Improvement District must be shown as an additional insured with respect to this coverage. The DISTRICT'S additional insured status shall extend to any coverage beyond the minimum limits of liability found herein. The Coral Springs Improvement District shall be named as an Additional Insured on each of the General Liability policies required herein.

- G. CONTRACTOR shall name the DISTRICT, as an additional insured on each of the General Liability policies required herein and shall hold the DISTRICT, its elected and appointed officers, agents, employees, and instrumentalities harmless on account of claims for damages to persons, property or premises arising out of the services provided hereunder.

- H. The Coral Springs Improvement District shall be named as an Additional Insured on each of the General Liability policies required herein.

- I. CONTRACTOR shall name the DISTRICT, as an additional insured on each of the General Liability policies required herein and shall hold the DISTRICT, its elected and appointed officers, agents, employees, and instrumentalities harmless on account of claims for damages to persons, property or premises arising out of the services provided hereunder.

- J. Any insurance required of the CONTRACTOR pursuant to this Agreement must also be required of any subcontractor in the same limits and with all requirements as provided herein, including naming the DISTRICT as an additional insured, in any service that is subcontracted unless such subcontractor is covered by the protection afforded by the CONTRACTOR and provided proof of such coverage is provided to DISTRICT. The CONTRACTOR and any subcontractors shall maintain such policies during the term of this Agreement.

- K. The DISTRICT reserves the right to require any other additional types of insurance coverage and/or higher limits of liability it deems necessary based on the nature of service being performed under this Agreement.

- L. The insurance requirements specified in this Agreement are minimum requirements and in no way reduce any liability the CONTRACTOR has assumed in the indemnification/hold harmless section(s) of this Agreement.

QUALIFICATIONS STATEMENT

PUBLIC ENTITY CRIMES

Page 1 of 3

Section 287.132-133(3)(a), Florida Statutes, effective July 1, 1989, require that no public entity shall enter into a contract, award of ITB, or transact business in excess of \$10,000.00 with any person or affiliate who has been convicted of a public entity crime. Prior to entering into a sworn statement with the Purchasing Department on form 7088.

A copy of the form is reproduced below. This completed form must be on file prior to the issuing of a Purchasing Order.

**Sworn Statement Under Section 287.133(3)(a),
Florida Statutes on Public Entity Crimes**

THIS FORM MUST BE SIGNED IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICIER AUTHORIZED TO ADMINISTER OATHS.

1. This sworn statement is submitted with ITB# 2023-03 Culvert Pipe Sediment and Debris Removal

2. This sworn statement is submitted by _____ whose business address is _____

and (if applicable) it's Federal Employer Identification No. (FEIN) is _____ (If the entity has no FEIN, include the Social Security Number of the individual signing the sworn statement.

3. My name is _____ and my relationship to the entity name above is _____.

4. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), Florida Statutes, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or with the United States, including but not limited to, any ITB or contract for goods or services to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

5. I understand that "convicted or conviction" as defined in Paragraph 287.133(1)(b), Florida Statutes, means a finding or fault or a conviction of a public entity crime, with or without adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, non-jury trial, or entry of a plea of guilty or nolo contendere.

PUBLIC ENTITY CRIMES

Page 2 of 3

6. I understand that an “affiliate” as defined in Paragraph 287.133(1)(a), Florida Statutes, means:

- A. A predecessor or successor of a person convicted of a public entity crime; or
- B. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term “affiliate” includes those officers, directors, executives, partners, shareholders, employees, members and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm’s length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

7. I understand that a “person” as defined in Paragraph 287.133(1)(e), Florida Statutes, means any natural person or entity organized under the laws of the state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term “person” includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

8. Based on information and belief, the statement, which I have marked below, is true in relation to the entity submitting this sworn statement. **(Please indicate which one of the two statements applies.)**

_____ Neither the entity submitting this sworn statement, nor any officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, nor the affiliate of the entity have been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of the officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, have been charged with and convicted of a public entity crime subsequent to July 1, 1989, AND **(Please indicate which of the three additional statement applies below.)**

PUBLIC ENTITY CRIMES

Page 3 of 3

_____ There have been proceedings concerning the conviction before a hearing officer of the State of Florida, Division of Administration Hearings. The final order entered by the hearing officer did not place the person or affiliate on the convicted vendor list. **(Please attach a copy of the Final Order)**

_____ The person or affiliate was placed on the convicted vendor list. There has been a subsequent proceeding before a hearing officer of the State of Florida, Division of Administration Hearings. The final order entered by the hearing officer determined that it was in the public interest to remove the person or affiliate from the convicted vendor list. **(Please attach a copy of the Final Order)**

_____ The person or affiliate has not been placed on the convicted vendor list. **(Please describe any action taken by or pending with the Department of General Services)**

DRUG-FREE WORKPLACE CERTIFICATION

THE BELOW SIGNED Contractor CERTIFIES that it has implemented a drug-free workplace program. In order to have a drug-free workplace program, a business shall:

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violation of such prohibition.
2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
3. Give each employee engaged in providing the commodities or contractual services that are under quote a copy of the statement specified in subsection 1.
4. In the statement specified in subsection 1, notify the employees that, as a condition of working on the commodities or contractual services that are under quote, the employee will abide by the terms of the statement and will notify the employer of any conviction or plea of guilty or nolo contendere to any violation occurring in the workplace no later than five (5) days after such conviction.
5. Impose a sanction on, or require the satisfactory participation in, drug abuse assistance or rehabilitation program if such is available in the employee's community, by an employee who is convicted.
6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

As the person authorized to sign this statement, I certify the Contractor complies fully with the above requirements.

SCRUTINIZED VENDOR CERTIFICATION

Page 1 of 2

Certification Pursuant to Florida Statute § 287.135

I, _____, on behalf of _____,
 Print Name and Title Contractor Name

Certify that _____ does not:
 Contractor Name

1. Participate in a boycott of Israel; and
2. Is not on the Scrutinized Companies that Boycott Israel List; and
3. Is not on the Scrutinized Companies with Activities in Sudan List; and
4. Is not on the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List; and
5. Has not engaged in business operations in Syria.

Submitting a false certification shall be deemed a material breach of contract. The District shall provide notice, in writing, to the Contractor of the District’s determination concerning the false certification. The Contractor shall have ninety (90) days following receipt of the notice to respond in writing and demonstrate that the determination of false certification was made in error. If the Contractor does not demonstrate that the District’s determination of false, certification was made in error then the District shall have the right to terminate the contract and seek civil remedies pursuant to Florida Statute § 287.135.

Section 287.135, Florida Statutes, prohibits the District from: 1) Contracting with companies for goods or services in any amount if at the time of bidding on, submitting a proposal for, or entering into or renewing a contract if the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, F.S. or is engaged in a boycott of Israel; and 2) Contracting with companies, for goods or services over \$1,000,000.00 that re on either the Scrutinized Companies with activities in the Iran Petroleum Energy Sector List, created pursuant to s. 215.473, or are engaged in business operations in Syria

SCRUTINIZED VENDOR CERTIFICATION

Page 2 of 2

As the person authorized to sign on behalf of the Contractor, I hereby certify that the company identified above in the section entitled "Contractor Name" does not participate in any boycott of Israel, is not listed on the Scrutinized Companies that Boycott Israel List, is not listed on either the Scrutinized Companies with activities in the Iran Petroleum Energy Sector List, and is not engaged in business operations in Syria. I understand that pursuant to section 287.135, Florida Statutes, the submission of a false certification may subject the company to civil penalties, attorney's fees, and/or costs. I further understand that any contract with the District for goods or services may be terminated at the option of the District if the company is found to have submitted a false certification or has been placed on the Scrutinized Companies with Activities in Sudan list or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List.

Project Name: CULVERT PIPE SEDIMENT AND DEBRIS REMOVAL

Project No.: ITB# 2023-03

DEFINITIONS:

“Contractor” means a person or entity that has entered or is attempting to enter into a contract with a public employer to provide labor, supplies, or services to such employer in exchange for salary, wages, or other remuneration. “Contractor” includes, but is not limited to, a vendor or consultant.

“Subcontractor” means a person or entity that provides labor, supplies, or services to or for a contractor or another subcontractor in exchange for salary, wages, or other remuneration.

“E-Verify system” means an Internet-based system operated by the United States Department of Homeland Security that allows participating employers to electronically verify the employment eligibility of newly hired employees.

Effective January 1, 2021, Contractors shall register with and use the E-Verify system in order to verify the work authorization status of all newly hired employees. Contractor shall register for and utilize the U.S. Department of Homeland Security’s E-Verify System to verify the employment eligibility of:

- a) All persons employed by a Contractor to perform employment duties within Florida during the term of the contract; and
- b) All persons (including sub vendors/subconsultants/subcontractors) assigned by Contractor to perform work pursuant to the contract with the Coral Springs Improvement District. The Contractor acknowledges and agrees that registration and use of the U.S. Department of Homeland Security’s E-Verify System during the term of the contract is a condition of the contract with the Coral Springs Improvement District; and
- c) Should vendor become the successful Contractor awarded for the above-named project, by entering into the contract, the Contractor shall comply with the provisions of Section 448.095, Fla. Stat., "Employment Eligibility," as amended from time to time. This includes but is not limited to registration and utilization of the E-Verify System to verify the work authorization status of all newly hired employees. The contractor shall also require all subcontractors to provide an affidavit attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. The Contractor shall maintain a copy of such affidavit for the duration of the contract

E-VERIFY FORM UNDER SECTION 448.095, FLORIDA STATUTES

Page 2 of 3

CONTRACT TERMINATION:

- a) If the District has a good faith belief that a person or entity with which it is contracting has knowingly violated s. 448.09 (1) Fla. Stat., the contract shall be terminated.
- b) If the District has a good faith belief that a subcontractor knowingly violated s. 448.095 (2), but the Contractor otherwise complied with s. 448.095 (2) Fla. Stat., shall promptly notify the Contractor and order the Contractor to immediately terminate the contract with the subcontractor.
- c) A contract terminated under subparagraph a) or b) is not a breach of contract and may not be considered as such.
- d) Any challenge to termination under this provision must be filed in the Circuit Court no later than 20 calendar days after the date of termination.
- e) If the contract is terminated for a violation of the statute by the Contractor, the Contractor may not be awarded a public contract for a period of 1 year after the date of termination.

GOOD FAITH AFFIDAVIT

I hereby propose providing the services requested in the District's ITB and, if awarded, enter into a contract with the District. I agree that the terms and conditions of the District's ITB shall take precedence over any conflicting terms and conditions submitted with my proposal and agree to abide by all conditions of the ITB. I acknowledge that the District may not accept the proposal due to any exceptions.

I certify that all information contained in my proposal is truthful to the best of my knowledge and belief. I further certify that I am duly authorized to submit this proposal on behalf of the company as its agent and that the company is ready, willing, and able to perform if awarded a contract.

I further certify, under oath, that this proposal is made without prior understanding, agreement, connection, discussion or collusion with any other person, company or corporation submitting a proposal for the same product or service; no gratuities, gifts or kick-backs were offered or given by the Contractor or anyone on its behalf to gain favorable treatment concerning this procurement; no elected official, employee or agent of the District or of any other company is interested in said proposal; and that the undersigned executed this affidavit with full knowledge and understanding of the matters therein contained and was duly authorized to do so.

Section 7.0 – Sample Contract

The enclosed sample contract is intended to represent the agreement between the District and the Contractor for illustrative purposes ONLY. **PLEASE DO NOT SUBMIT WITH BID SUBMITTAL.** Contractors are encouraged to review all terms and conditions to ensure compliance and acceptance. The District does not intend to modify this agreement unless one or more parts conflict with preceding law.

<Remainder of page intentionally left blank>

Professional Services Agreement

This Professional Services Agreement (Agreement) is entered into this 19 day of June, 2023 [YEAR] between CORAL SPRINGS IMPROVEMENT DISTRICT (OWNER), having its principal office at 10300 NW 11th Manor Coral Springs, FL 33071 and [CONTRACTOR] (CONTRACTOR), a company licensed to conduct business in the State of Florida, having its principal place of business at [CONTRACTOR ADDRESS].

WHEREAS, the OWNER intends to engage the CONTRACTOR to provide professional services related to Culvert Pipe Sediment and Debris Removal.

In consideration of the mutual promises herein, CONTRACTOR and the OWNER agree that the terms and conditions of this Agreement are as follows:

1. BASIC SERVICES

- 1.1. **Scope.** CONTRACTOR shall provide the Services as described Schedule C and in individual Purchase Orders authorized in writing by the OWNER. CONTRACTOR's obligations under this Agreement are solely for the benefit of the OWNER and no other party is intended to benefit or have rights hereunder.
- 1.2. **Standard of Care.** CONTRACTOR shall perform the services under this Agreement in a manner consistent with the highest standard of care, diligence, and skill exercised by nationally recognized firms for similar services. These services will be provided by CONTRACTOR's professionals and individuals skilled in other technical disciplines, as appropriate.
- 1.3. **Instruments of Service.** CONTRACTOR is responsible for the professional quality, technical accuracy, timely completion, and the coordination of all instruments of its services including designs, drawings, specifications, reports [collectively called **Service Instruments**] and other services provided under this Agreement.
- 1.4. **End-Users Software License.** RESERVED
- 1.5. **Applicable Codes.** The Service Instruments will conform to the generally accepted codes and regulations applicable to the Project at the time of performance.
- 1.6. **Subcontractors.** Any subcontractors and outside associates of CONTRACTOR to be engaged by CONTRACTOR under this Agreement are limited to those identified in executed Purchase Orders or as the OWNER specifically approves during the performance of a Purchase Order.

2. THE OWNER'S RESPONSIBILITIES

Unless stated otherwise in Section 7 or in individual Purchase Orders, the OWNER shall do the following in a timely manner:

- 2.1. **The OWNER's Representative.** The OWNER will designate a representative having authority to give instructions, receive information, define the OWNER's policies, and make decisions with respect to individual Purchase Orders.
- 2.2. **Project Criteria.** Provide criteria and information as to the OWNER's requirements for a Purchase Order, including design objectives and constraints, space, capacity, scope of service, task assignments, and performance requirements, and any budgetary limitations to the extent known to the OWNER.
- 2.3. **Data.** Provide all available information, including previous reports and any other data in the possession of the OWNER relevant to a Purchase Order.
- 2.4. **Access.** Arrange for CONTRACTOR to enter upon public property as mandated by the OWNER.
- 2.5. **Review.** Respond to CONTRACTOR's request for decisions or determinations.
- 2.6. **Meetings.** Hold or arrange meetings required to assist in the service required by a Purchase Order.
- 2.7. **Project Developments.** Give prompt written notice to CONTRACTOR whenever the OWNER observes or otherwise becomes aware of any development that affects the scope or timing of CONTRACTOR's services.

3. PERIODS OF SERVICE

- 3.1. **Time of Performance.** Sections 3 and 4 anticipate the orderly and continuous progress of Purchase Orders through completion of each Purchase Order's scope of service.
- 3.2. **Start of Performance.** CONTRACTOR will start the Services described in each Purchase Order upon authorization by the OWNER. If the OWNER gives authorization before signing a Purchase Order, the CONTRACTOR shall be paid as if the services had been performed after both parties signed the Purchase Order. Purchase orders will only be valid if signed by the OWNER's authorized representative.
- 3.3. **Force Majeure.** If a force, event, or circumstance beyond CONTRACTOR's or the OWNER'S control interrupts or delays CONTRACTOR's performance, the time of performance shall be equitably adjusted.
- 3.4. **Term.** This Agreement shall be in effect for three (3) years with two (2), one (1) year extensions available upon mutual consent of the parties.

4. COMPENSATION

- 4.1. On an as-needed basis, the OWNER will issue Purchase Orders to the CONTRACTOR describing the service required under this Agreement, containing a mutually agreed upon "Not to Exceed" cost, with all required service being directly related to those services originally sought by the OWNER. In response, CONTRACTOR will prepare a scope of

service and cost estimate based on the Fee Schedule attached as Schedule B, which shall become part of the Purchase Order upon execution by both parties.

- 4.2. **CONTRACTOR Services.** Based upon the Scope of Services provided for in each Purchase Order issued pursuant to the Agreement and Fee Schedule (Bid Price Form ITB# 2023-03 Culvert Pipe Sediment and Debris Removal), the OWNER shall pay CONTRACTOR the amount stated in invoices issued for and in accordance with each Purchase Order for actual service performed during the period covered by the invoice, subject to the funding limits established in each Purchase order. Invoices are payable by the OWNER within 30 days after receipt of the approved invoice.

5. GENERAL CONSIDERATIONS

- 5.1. **Changes.** By written and/or electronic notice at any time, the OWNER may change services required by a Purchase Order, provided such changes are within the general scope of the services contemplated by this Agreement, subject to validation under any applicable cost or price analysis required by federal, state, or local law. In such an event, an equitable adjustment both in the compensation for and time of performance of the adjusted Purchase Order shall be made in writing prior to CONTRACTOR performing the changed services. Such changes can only be required by the OWNER's authorized representative.
- 5.2. **Access to Records.** The following access to records requirements apply to CONTRACTOR, which includes its successors, transferees, assignees, and subcontractors: (a) CONTRACTOR agrees to provide the OWNER, the State of Florida, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records which are directly pertinent to this Agreement for the purpose of making audits, examinations, excerpts, and transcriptions; (b) CONTRACTOR agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed for service being completed under this Agreement.
- 5.3. **Confidentiality and Proprietary Information.** CONTRACTOR will hold secret and confidential all information designated by the OWNER as confidential under Florida Public Records law (Confidential Information). CONTRACTOR will not reveal Confidential Information to a third party unless: (a) such disclosure of information deemed Confidential is permitted by law (b) the OWNER consents in writing; (c) applicable law, regulation, court order or an agency of competent jurisdiction requires its disclosure;. All drawings, specifications, technical information, and other information furnished to the OWNER by CONTRACTOR or developed by CONTRACTOR in connection with the service are, and will remain, the property of the OWNER.
- 5.4. **Disputes.** If a dispute or complaint (collectively referred to as a "Dispute") arises concerning this Agreement, the OWNER and CONTRACTOR will negotiate a resolution of the Dispute. Should negotiation be unsuccessful, mediation of the Dispute by a third party shall follow. Any time which elapses in attempting to resolve the Dispute through either or both negotiation or mediation shall extend day-for-day any applicable statute(s) of repose or limitation of actions.

- 5.5. **Negotiation.** Following written notice of a Dispute, a minimum of one face-to-face meeting (or less if the Dispute is resolved) shall be held.
- 5.6. **Mediation.** If negotiation is unsuccessful, a mutually acceptable third party [**Facilitator**] having expertise in the subject of the Dispute shall be engaged to mediate the Dispute. The fee and expenses of the Facilitator shall be shared equally by the parties to the Dispute. The parties may present evidence and arguments to the Facilitator. Unless the Facilitator and the parties agree otherwise, a minimum of one face-to-face meeting shall be held within the sixty-day period beginning on the date of the Facilitator's engagement. Following the meeting or earlier if appropriate, the Facilitator shall report to the parties whether he believes the Dispute is resolvable through mediation. At that point the parties shall elect (a) to continue mediation, (b) replace the Facilitator and continue mediation, or (c) end mediation. If the mediation is ended, the parties may litigate the Dispute.
- 5.7. **Remedies.** Nothing in this Agreement otherwise prevents the OWNER from utilizing any available remedies, administrative, contractual, or legal, where CONTRACTOR has been found to have violated or breached the terms of this Agreement, subject to the Limitation of Liability provision below.
- 5.8. **Insurance.** CONTRACTOR will maintain **insurance** against the following risks during the term of the Agreement: (a) workers compensation in statutory amounts and employer's liability for CONTRACTOR's employees' project-related injuries or disease; (b) general liability and automobile liability each in the amount of \$1,000,000 for personal injury or property damage to third parties which arises from CONTRACTOR's performance under this Agreement; and (c) professional liability in the amount of \$1,000,000 for legal obligations arising out of CONTRACTOR's failure to meet the Standard of Care.
- 5.8.1. Comprehensive Auto Liability Insurance covering all owned, non-owned and hired vehicles used in connection with the performance of service under this Agreement, with a combined single limit of liability for bodily injury and property damage no less than:
- 5.8.1.1. Any Auto (Symbol 1) Combined Single Limit (Each Accident) - \$1,000,000
 - 5.8.1.2. Hired Autos (Symbol 8) Combined Single Limit (Each Accident) - \$1,000,000
 - 5.8.1.3. Non-Owned Autos (Symbol 9) Combined Single Limit (Each Accident) - \$1,000,000
- 5.8.2. Comprehensive General Liability Insurance written on an occurrence basis including, but not limited to coverage for bodily injury and property damage, personal & advertising injury, products & completed operations, and contractual liability. Coverage must be written on an occurrence basis, with limits of liability no less than:
- 5.8.2.1. Each Occurrence Limit - \$1,000,000
 - 5.8.2.2. Personal & Advertising Injury Limit - \$1,000,000
 - 5.8.2.3. General Aggregate Limit - \$2,000,000

- 5.8.2.4. Products & Completed Operations Aggregate Limit - \$2,000,000
- 5.8.3. Workers' Compensation and Employers' Liability Insurance covering all employees, and/or volunteers of the CONTRACTOR engaged in the performance of the Scope of Service associated with this Agreement. In the event any service is sublet, the CONTRACTOR shall require the subcontractors similarly to provide Workers' Compensation Insurance for all the latter's employees unless such employees are covered by the protection afforded by the CONTRACTOR. Coverage for the CONTRACTOR and its subcontractors shall be in accordance with applicable state and/or federal laws that may apply to Workers' Compensation Insurance with limits of liability no less than:
- 5.8.3.1. Workers' Compensation: Coverage A – Statutory
- 5.8.3.2. Employers Liability: Coverage B \$1,000,000 – Each Accident
- 5.8.3.2.1. \$1,000,000 Disease – Policy Limit
- 5.8.3.2.2. \$1,000,000 Disease – Each Employee
- If CONTRACTOR claims to be exempt from this requirement, CONTRACTOR shall provide CITY proof of such exemption along with a written request for CITY to exempt CONTRACTOR, written on CONTRACTOR letterhead.
- 5.8.4. Umbrella/Excess Liability Insurance in the amount of \$2,000,000, as determined appropriate by the DISTRICT depending on the type of job and exposures contemplated. Coverage must follow the form of General Liability, Auto Liability and Employer's Liability. This coverage shall be maintained for a period of no less than the later of three (3) years after the delivery of goods/services or final payment pursuant to the Agreement. The Coral Springs Improvement District must be shown as an additional insured with respect to this coverage. The DISTRICT'S additional insured status shall extend to any coverage beyond the minimum limits of liability found herein. The Coral Springs Improvement District shall be named as an Additional Insured on each of the General Liability policies required herein.
- 5.8.5. Leased/Rented Contractor's Equipment, with all risk coverage including theft:
- 5.8.5.1. Any One Item - \$450,000
- 5.8.6. CONTRACTOR shall name the DISTRICT, as an additional insured on each of the General Liability policies required herein and shall hold the DISTRICT, its elected and appointed officers, agents, employees, and instrumentalities harmless on account of claims for damages to persons, property or premises arising out of the services provided hereunder.
- 5.8.7. Any insurance required of the CONTRACTOR pursuant to this Agreement must also be required of any subcontractor in the same limits and with all requirements as provided herein, including naming the DISTRICT as an additional insured, in any service that is subcontracted unless such subcontractor is covered by the protection afforded by the CONTRACTOR and provided proof of such coverage is provided to DISTRICT. The CONTRACTOR and any subcontractors shall maintain such policies during the term of this Agreement
- 5.8.8. The DISTRICT reserves the right to require any other additional types of insurance coverage and/or higher limits of liability it deems necessary based on the nature of service being performed under this Agreement.
- 5.8.9. The insurance requirements specified in this Agreement are minimum

requirements and in no way reduce any liability the CONTRACTOR has assumed in the indemnification/hold harmless section(s) of this Agreement.

5.9. Indemnification

5.9.1. To the fullest extent permitted by laws and regulations, Contractor shall indemnify, defend, save and hold harmless the OWNER, its officers, agents and employees, from or on account of all claims, damages, losses, liabilities and expenses, arising out of the operations of the Contractor or his Subcontractors, agents, officers, employees or independent contractors pursuant to the contract caused by or arising out of (a) any negligent act, or willful omission or default of the Contractor and/or his subcontractors, agents, servants, or employees in the provision of the goods and/or services under the contract to include any bodily injuries, sickness, disease, death or destruction of real or tangible property; (b) the use of any improper materials in any goods or services provided pursuant to the contract; (c) a defective condition in any goods provided pursuant to the contract; (d) the violation of any federal, state, county, or municipal laws, ordinances or regulations by Contractor, his subcontractors, agents, servants, independent contractors or employees in the provision of the goods or services under the contract; or (e) the breach by Contractor of any term of the Contract including the breach of any warranty or guarantee.

5.9.2. Contractor agrees to indemnify, defend, save and hold harmless the OWNER, its officers, agents and employees, from all claims, damages, losses, liabilities and expenses arising out of any alleged infringement of copyrights, patent rights and/or the unauthorized or unlicensed use of any material, property or other work in connection with the performance of the Contract.

5.9.3. Contractor shall pay all claims, losses, liens, settlements or judgments of any nature whatsoever in connection with the foregoing indemnifications including, but not limited to, reasonable attorney's fees (including appellate attorney's fees) and costs.

5.9.4. OWNER reserves the right to select its own legal counsel to conduct any defense in any such proceeding and all costs and fees associated therewith shall be the responsibility of Contractor under the indemnification agreement. Nothing contained herein is intended nor shall it be construed to waive OWNER's rights and immunities under the common law or Florida Statute 768.28 as amended from time to time.

5.10. **Limitation of Liability.** Notwithstanding any other provision of this Agreement and to the fullest extent permitted by law the parties agree that neither the OWNER nor CONTRACTOR shall be liable to each other for any special, indirect or consequential damages, whether caused or alleged to be caused by negligence, strict liability, breach of contract or warranty under this Agreement. Except for amounts for which indemnification is given by CONTRACTOR hereunder, in no event will CONTRACTOR's liability to the OWNER, whether in contract, tort or any other theory of liability, exceed

CONTRACTOR's fees for services from which the liability arises.

- 5.11. **Assignment Rights.** OWNER may offer adoption of this agreement in whole to other local governing agencies with the express written approval of the CONTRACTOR. The OWNER makes no guarantee of assignment, and the CONTRACTOR maintains the right to refuse services to other local governing agencies.
- 5.12. **Interpretation.** This Agreement shall be interpreted in accordance with the laws of the State of Florida.
- 5.13. **Successors.** This Agreement is binding on the successors and assignees of the OWNER and CONTRACTOR. The Agreement may not be assigned in whole or in part to any third parties without the written consent of the OWNER.
- 5.14. **Independent Contractor.** CONTRACTOR represents that it is an independent contractor and is not an employee of the OWNER.
- 5.15. **Notices.** Written notices may be delivered in person or by certified mail, or by facsimile, or by courier or by email. All notices shall be effective upon the date of receipt by the party.
- 5.16. **Entire Agreement.** This Agreement encompasses all procurement and contract documents to include the ITB and addenda, CONTRACTOR Proposal, Contract, Schedules, Attachments, and Purchase Orders executed pursuant to this Agreement. Any prior or contemporaneous agreements, promises, negotiations or representations not expressly stated herein are of no force and effect. Any modifications to this Agreement shall be in writing and signed by the OWNER and CONTRACTOR. In the event of inconsistency between the contract documents, unless otherwise provided herein, the terms of the following documents will govern in the following order of precedence:
- 5.16.1. Terms and conditions as contained in this Agreement.
 - 5.16.2. Terms and conditions contained in ITB# 2023-03 Culvert Pipe Sediment and Debris Removal, and any addenda thereto.
 - 5.16.3. Contractor's response to ITB# 2023-03 and any subsequent information submitted by Contractor during the procurement process
 - 5.16.4. Purchase orders issued under this agreement.
- 5.17. **Waivers and Severability.** A waiver or breach of any term, condition, or covenant by a party shall not constitute a waiver or breach of any other term, condition or covenant. If any court of competent jurisdiction declares a provision of this Agreement invalid, illegal, or otherwise unenforceable, the remaining provisions of the Agreement shall remain in full force and effect.

5.18. **Termination.** Upon seven (7) calendar day's written notice delivered by certified mail, return receipt requested, to the Successful Bidder, the DISTRICT may without cause and without prejudice to any other right or remedy; terminate the agreement for the DISTRICT'S convenience whenever the DISTRICT determines that such termination is in the best interest of the DISTRICT. Where the agreement is terminated for the convenience of the DISTRICT the notice of termination to the Successful Bidder must state that the contract is being terminated for the convenience of the DISTRICT under the termination clause and the extent of termination. Upon receipt of the notice of termination for convenience, the Successful Bidder shall promptly discontinue all service at the time and extent indicated on the notice of termination, terminate all outstanding sub-contractors and purchase orders to the extent that they relate to the terminated portion of the Contract and refrain from placing further orders and subcontracts except as they may be necessary, and complete any continued portions of the service.

5.19. **Effective Date.** This Agreement is effective on the date it has been executed by both Parties.

6. SPECIAL PROVISIONS, EXHIBITS, and SCHEDULES.

6.1. **Duties and Responsibilities of CONTRACTOR.** CONTRACTOR or its representatives may be on site during various stages of the service to observe the progress and quality of the service and to determine, in general, if the service is proceeding in accordance with the intent of the Agreement. Visits and observations made by CONTRACTOR will not relieve other contractors of their obligation to conduct comprehensive inspections of the service, to furnish materials, to perform acceptable service, and to provide adequate safety precautions.

6.2. **Limitations of CONTRACTOR's Responsibilities.** CONTRACTOR will not be responsible for other contractors' means, methods, techniques, sequences or procedures of the service, or the safety precautions, including compliance with the program's incident thereto. CONTRACTOR will not be responsible for contractors' or their subcontractor's failure to perform the service in accordance with their contract with the OWNER or any other agreement. CONTRACTOR will not be responsible for the acts or omissions of contractors, their subcontractors or any other contractors, or any of its or their agents or employees or any other persons at the site or otherwise performing any of the service.

6.3. **Schedules.** The following **Schedules** are attached to and made a part of this Agreement:

6.3.1. **Schedule A:** *Invitation to Bi*

6.3.2. **Schedule B:** *Contractor Proposal*

6.3.3. **Schedule C:** *Scope of Services*

7.

7.1. **E-Verify:** CONTRACTOR certifies that it is aware of and complies with the requirements of Section 448.095, Florida Statutes, as may be amended from time to time and briefly described herein below

7.1.1. **Definitions for this Section:**

7.1.1.1. **“Contractor”** means a person or entity that has entered or is attempting to enter into a contract with a public employer to provide labor, supplies, or services to such employer in exchange for salary, wages, or other remuneration. “Contractor” includes, but is not limited to, a vendor or consultant.

7.1.1.2. **“Subcontractor”** means a person or entity that provides labor, supplies, or services to or for a contractor or another subcontractor in exchange for salary, wages, or other remuneration.

7.1.1.3. **“E-Verify system”** means an Internet-based system operated by the United States Department of Homeland Security that allows participating employers to electronically verify the employment eligibility of newly hired employees.

7.1.2. **Registration Requirement; Termination:** Pursuant to Section 448.095, Florida Statutes, effective January 1, 2021, Contractors shall register with and use the E-Verify system in order to verify the work authorization status of all newly hired employees. Contractor shall register for and utilize the U.S. Department of Homeland Security’s E-Verify System to verify the employment eligibility of:

7.1.2.1. All persons employed by a Contractor to perform employment duties within Florida during the term of the contract; and

7.1.2.2. All persons (including sub vendors/ subconsultants/subcontractors) assigned by Contractor to perform work pursuant to the Contract with the Coral Springs Improvement District. The Contractor acknowledges and agrees that registration and use of the U.S. Department of Homeland Security’s E-Verify System during the term of the Contract is a condition of the contract with the Coral Springs Improvement District; and

7.1.3. The Contractor shall comply with the provisions of Section 448.095, Fla. Stat., “Employment Eligibility,” as amended from time to time. This includes but is not limited to registration and utilization of the E-Verify System to verify the work authorization status of all newly hired employees. The contractor shall also require all subcontractors to provide an affidavit attesting that the subcontractor

does not employ, contract with, or subcontract with, an unauthorized alien. The Contractor shall maintain a copy of such affidavit for the duration of the Contract. Failure to comply will lead to termination of this Contract, or if a subcontractor knowingly violates the statute, the subcontract must be terminated immediately. Any challenge to termination under this provision must be filed in the Circuit Court no later than twenty (20) calendar days after the date of termination. Termination of this Contract under this Section is not a breach of Contract and may not be considered as such. If this Contract is terminated for a violation of the statute by the Contractor, the Contractor may not be awarded a public contract for a period of one (1) year after the date of termination.

7.2. **Scrutinized Companies:** By execution of this Agreement, CONTRACTOR, its principals or owners, certify that they are not listed on the Scrutinized Companies that Boycott Israel List, Scrutinized Companies with Activities in Sudan List, Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or is engaged in business operations with Syria. In accordance with Section 287.135, Florida Statutes, as amended, a company is ineligible to, and may not, bid on, submit a proposal for, or enter into or renew a contract with any agency or local governmental entity for goods or services of:

7.2.1. Any amount of, at the time bidding on, submitting a proposal for, or entering into or renewing such Contract, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Florida Statutes, or is engaged in a boycott of Israel; or

7.2.2. One million dollars or more if, at the time of bidding on, submitting a proposal for, or entering into or renewing such Contract, the company:

7.2.2.1. Is on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, created pursuant to Section 215.473, Florida Statutes; or

7.2.2.2. Is engaged in business operations in Syria.

7.3. **Execution Authority.** This Agreement is a valid and authorized undertaking of the OWNER and CONTRACTOR. The representatives of the OWNER and CONTRACTOR who have signed below have been authorized to do so.

- 7.4. **Public Records.** The Parties are public agencies subject to Chapter 119, Fla. Stat. The Parties shall comply with all public records laws in accordance with Chapter 119, Fla. Stat. In accordance with state law, the Parties agrees to:
- 7.4.1. Keep and maintain all records that ordinarily and necessarily would be required by the Parties.
 - 7.4.2. Provide the public with access to public records on the same terms and conditions that the Parties would provide for the records and at a cost that does not exceed the costs provided in Chapter 119, Fla. Stat. or as otherwise provided by law.
 - 7.4.3. that public records that are exempt or confidential and exempt from public records disclosure are not disclosed except as authorized by law.
 - 7.4.4. all requirements for retaining public records and transfer, at no cost, to the Parties all records in possession of the Parties at the termination of this Agreement and destroy any public records that are exempt or confidential and exempt from public records disclosure requirements. All records stored electronically must be provided to the Parties in a format that is compatible with the information technology systems of the Parties. All records shall be transferred to the Parties prior to final payment being made to the Parties.
 - 7.4.5. If either Party does not comply with this section, the non-breaching Party shall enforce the Agreement provisions in accordance with this Agreement and may unilaterally cancel this Agreement in accordance with state law.

IF THE CONTRACTOR HAS ANY QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES TO THE CONTRACTORS DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, THE CONTRACTOR SHOULD CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT

Sandra Demarco

210 N. University Drive, Suite 702 Coral Springs, FL 33071

Schedule A

Invitation to Bid (ITB #2023-03)

Schedule B

Contractor Bid

Schedule C: Scope of Services

This specification is for the purpose of soliciting bids for Culvert Pipe Sediment and Debris Removal.

Objectives

Based on the provided map, the Contractor shall remove sediment and clean all debris from the selected culvert pipes. The bottom of the canal shall be dredged of material no less than 50 feet away from upstream and downstream approaches to a depth of 1 foot below the bottom of the pipe or the hard bottom. This includes 1 foot away from the outside edges of the culvert pipe(s).

Contractor shall dispose of all sediment and debris removed from the pipe, culverts and stormwater structures at a location approved to accept this type of material. It is not to be translocated downstream or upstream.

All work shall be performed Monday-Friday between 8:00am and 5:00pm EST.

Diving Operations

Contractor shall use Diving Crew comprised of a minimum of three (3) persons with the necessary equipment, experience, and qualifications to comply with OSHA (Occupational Safety and Health Administration) regulations for Commercial Diving AND perform the following activities: Cutting, drilling, and repair of defective submerged structures and pipes Closed circuit color video documentation of submerged structures and pipes; Excavation of sediment, rocks, and debris from canals under the supervision of the Stormwater Department.

Drainage Cleaning Crew and Equipment

Contractor shall use a Drainage and Cleaning Crew comprised of persons with the training, expertise and equipment to install/remove plugs, install/remove, pumps, and perform confined space entry tasks in conjunction with the storm drainage sediment and debris removal services. The use of a vacuum truck, suction device, or other appliance for removal of sediment by submerged diver(s) is the **only** removal method acceptable to the District and is included in the price for sediment and debris removal services.

Supervision and Superintendence

Contractor shall keep on site at all times during its progress a competent supervisor who shall not be replaced without written notice to the District. The superintendent shall be able to communicate in English. The supervisor shall be the Contractor's representative and shall be able to act on behalf of the Contractor.

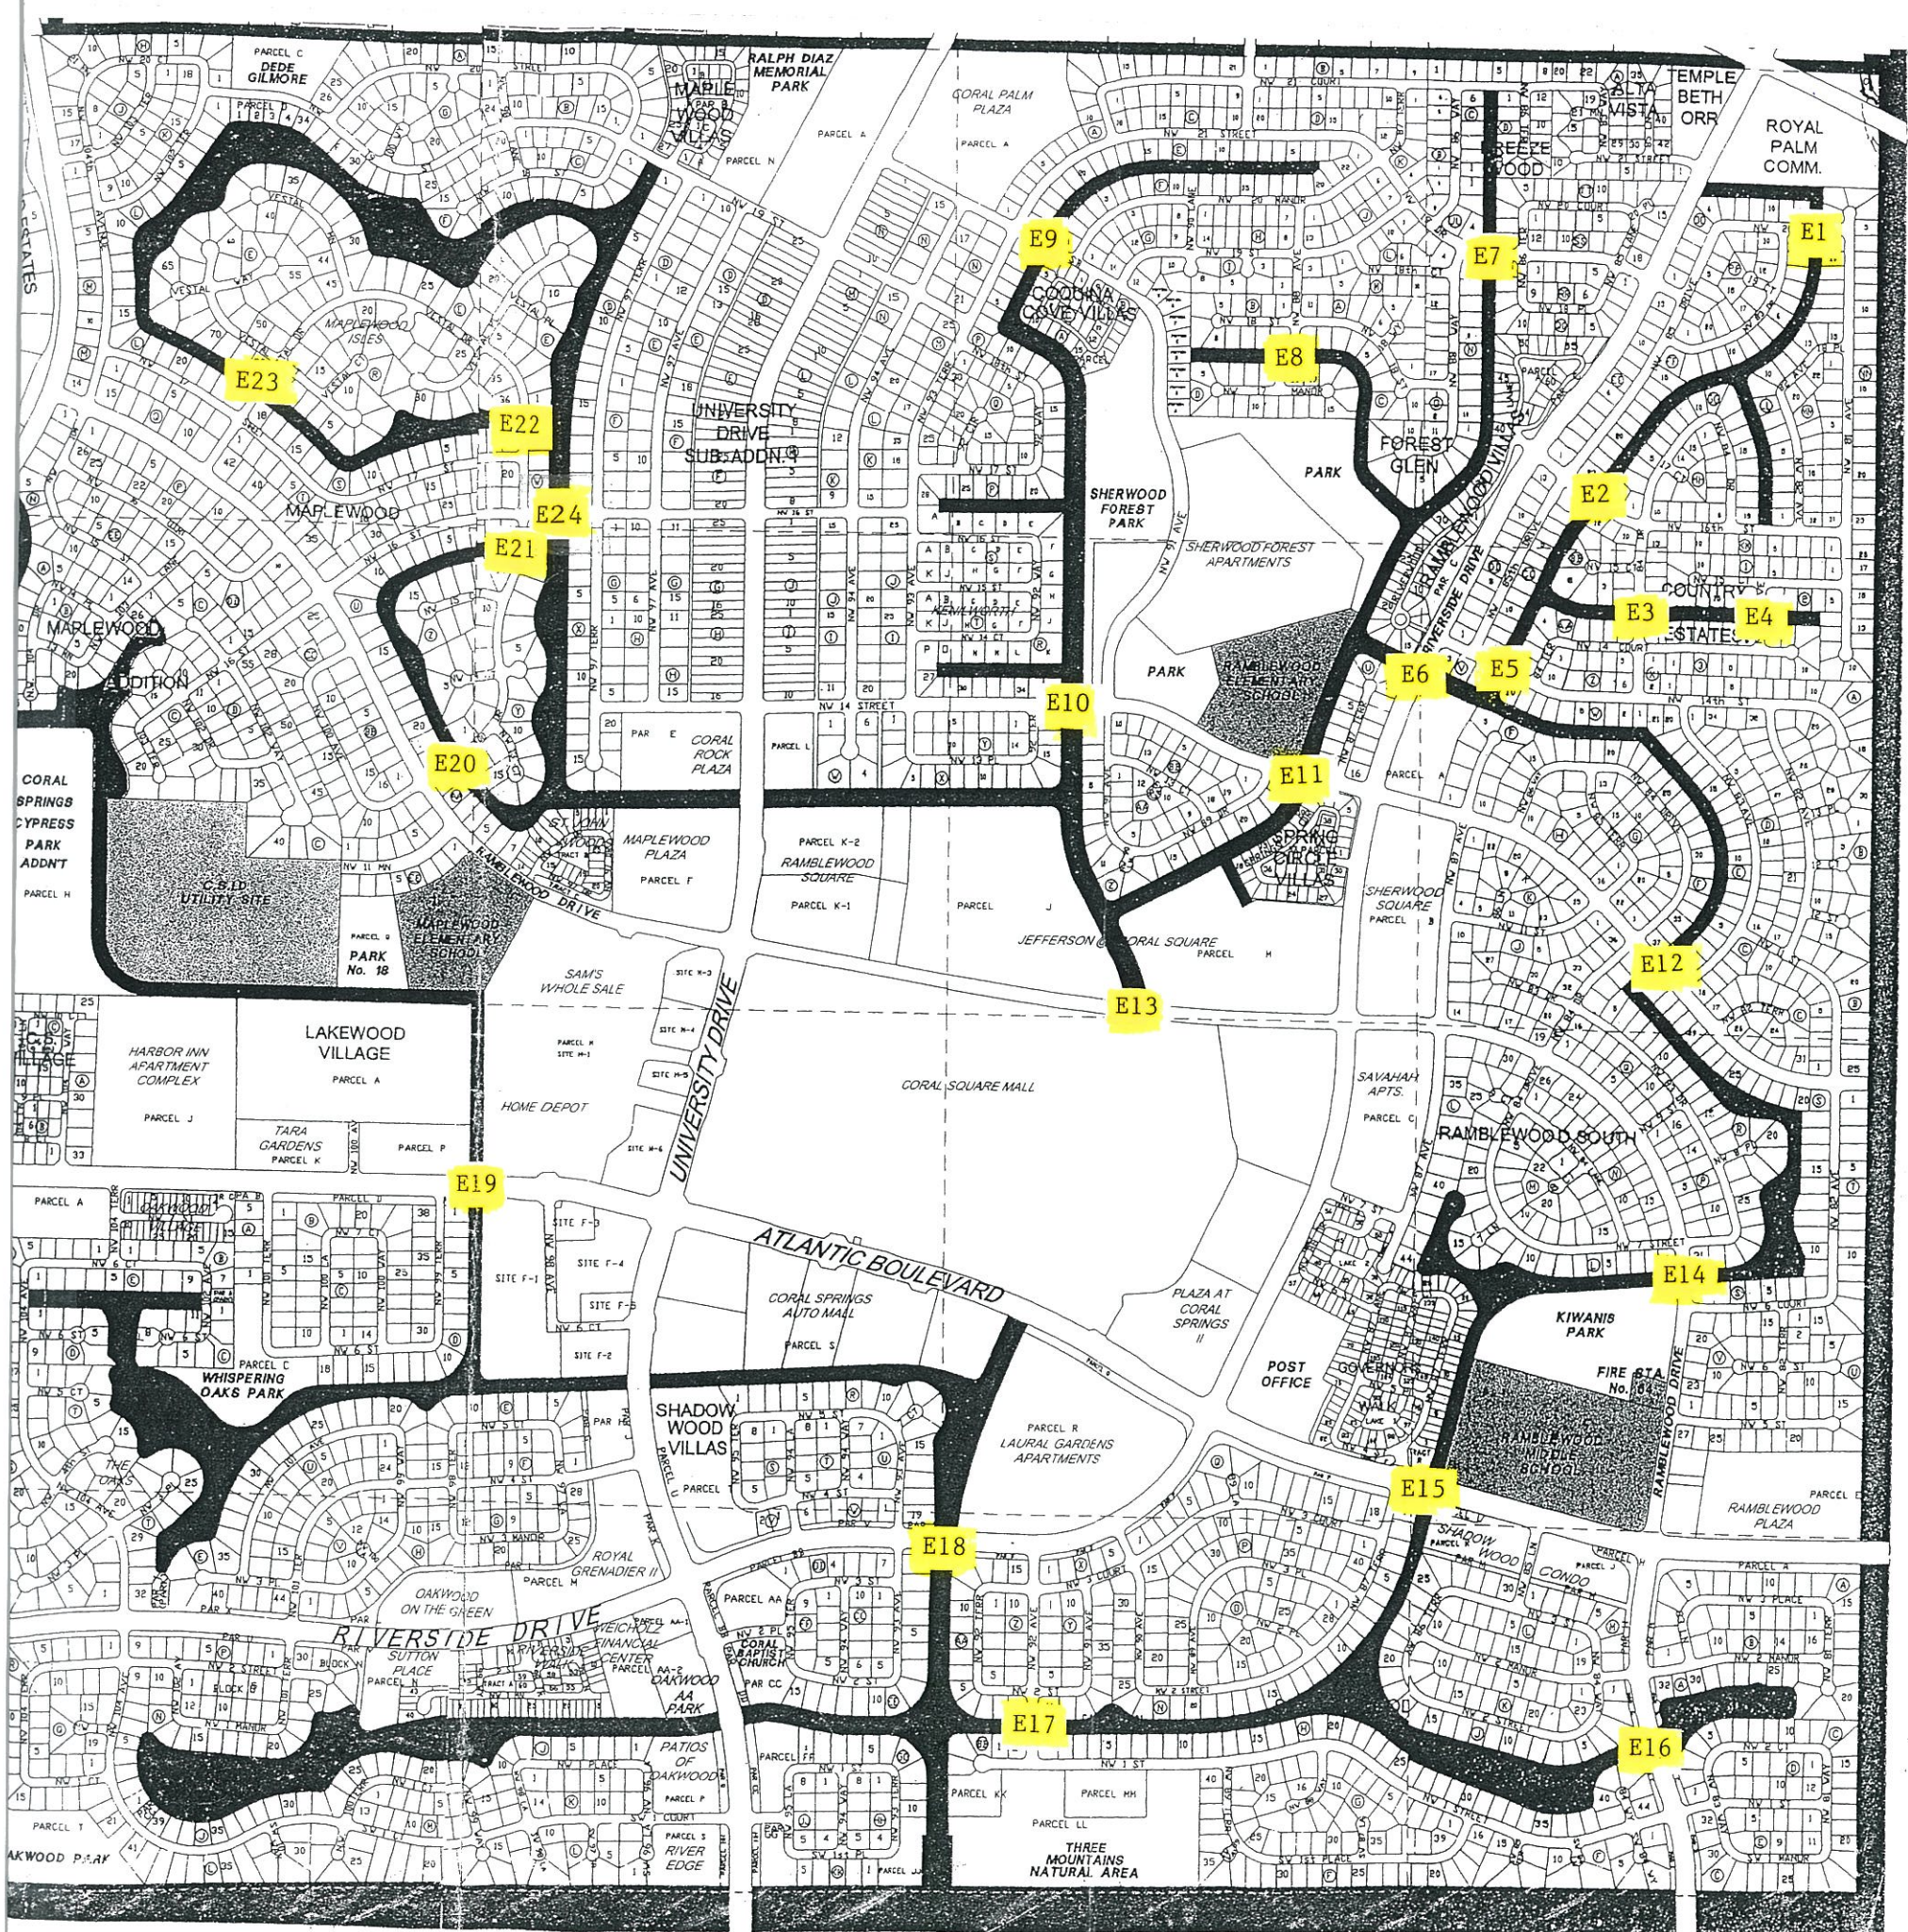

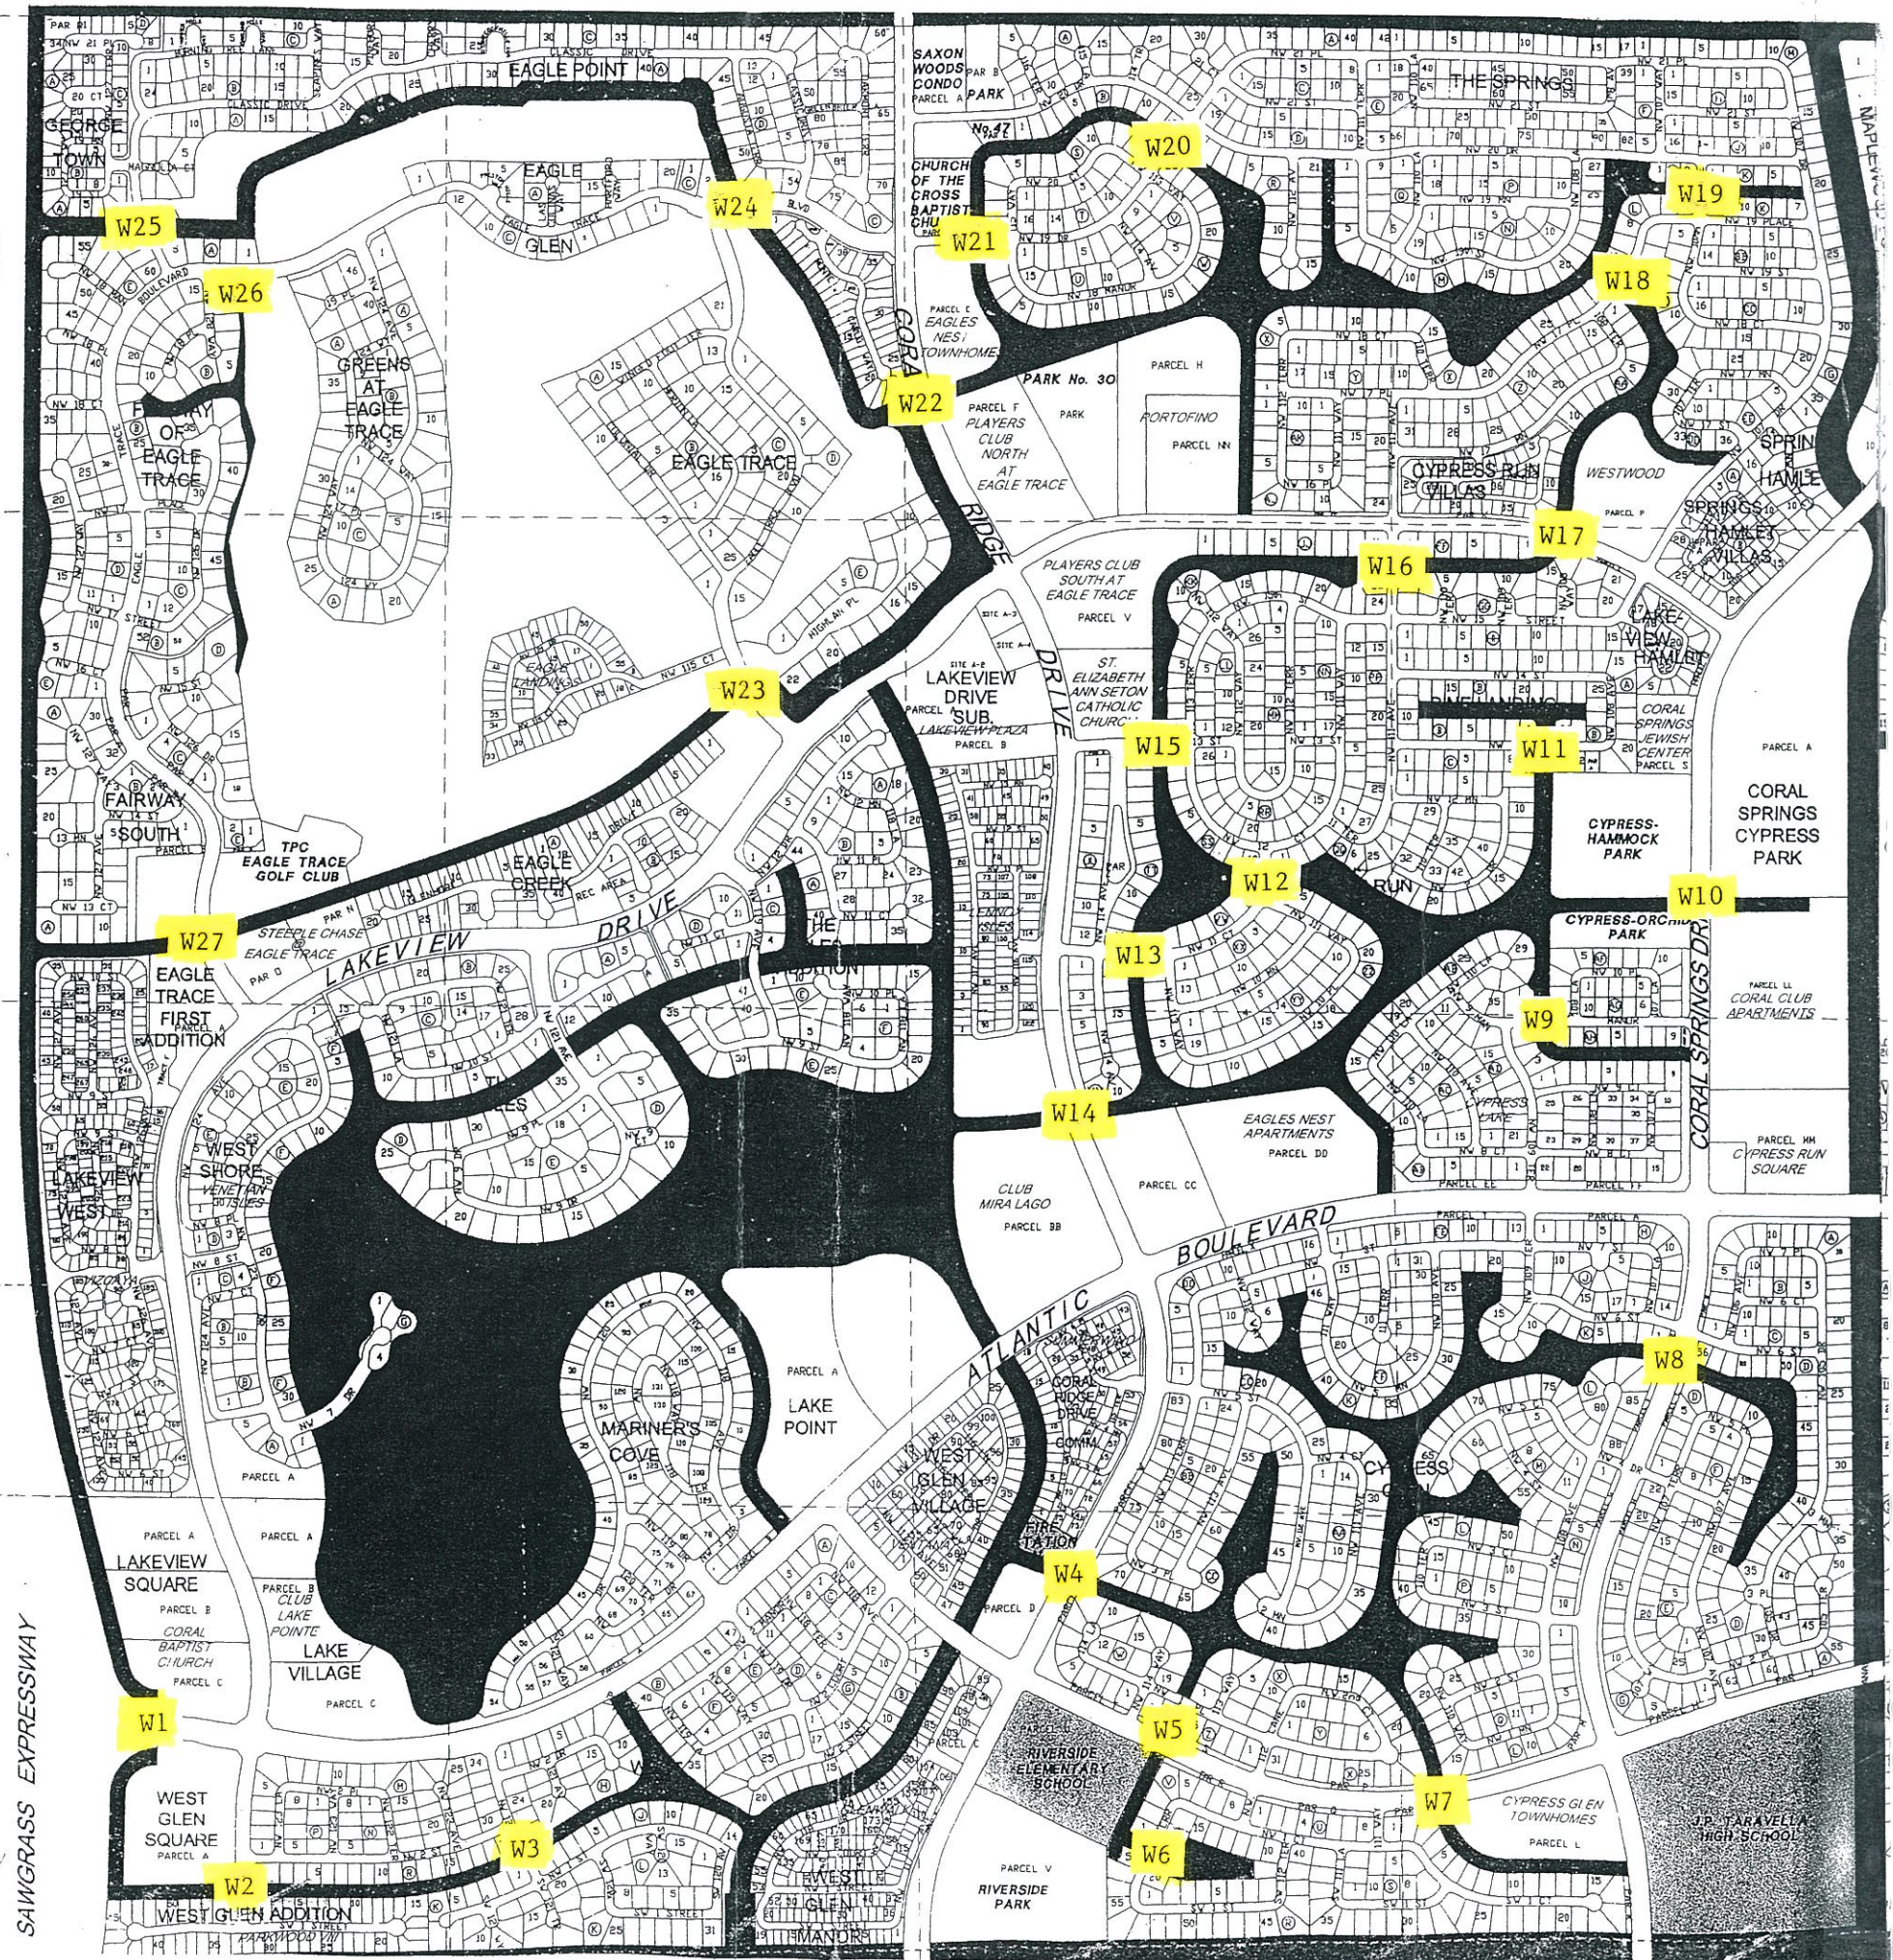

Sediment / Debris Disposal

Contractor is solely responsible for the appropriate, legal disposal of all waste associated with each project. All sediment removed from the pipes, culverts and stormwater structures is to be pumped into a container and hauled off to be disposed of at an approved facility. The cost of disposal is to be included in the cost per foot price on the bid price form.

Turbidity Barriers

Turbidity barriers are to be used in all waterways, canals and lakes where the flow of water containing sediment and debris from the cleaning of the pipe flows into the waterway protecting it from contamination. The cost of the installation of the turbidity barrier is to be included in the cost per foot price on the bid price form.

BID PRICE FORM

ITB# 2023-03

CULVERT PIPE SEDIMENT AND DEBRIS REMOVAL

THIS BID PRICE FORM MUST BE PRINTED AND MANUALLY/WET SIGNED AS A PART OF YOUR OFFICIAL RESPONSE TO THE ITB. THE PRICE PER FOOT LISTED BELOW WILL INCLUDE THE BOTTOM OF THE CANAL BEING DREDGED OF MATERIAL NO LESS THAN 50 FEET AWAY FROM UPSTREAM AND DOWNSTREAM APPROACHES TO A DEPTH OF 1 FOOT BELOW THE BOTTOM OF THE PIPE OR THE HARD BOTTOM. THIS INCLUDES 1 FOOT AWAY FROM THE OUTSIDE EDGES OF THE CULVERT PIPE(S). THIS BID PRICE FORM SUBMITTED IN ANY OTHER FORMAT SHALL NOT BE ACCEPTED. BID SUBMITTALS MAY NOT BE WITHDRAWN AFTER THE BID OPENNING.

ITEM	DESCRIPTION	PRICE PER FOOT
1.	Sediment & Debris Removal of: 30" Pipe	\$ _____ /Ft.
2.	Sediment & Debris Removal of: 36" Pipe	\$ _____ /Ft.
3.	Sediment & Debris Removal of: 42" Pipe	\$ _____ /Ft.
4.	Sediment & Debris Removal of: 48" Pipe	\$ _____ /Ft.
5.	Sediment & Debris Removal of: 54" Pipe	\$ _____ /Ft.

WORK AUTHORIZATION 214

CSID Work Authorization

Globaltech No. 151423

Pursuant to the provisions contained in the "Contract for Professional Engineering Consulting and Design-Build Services on a Continuing Contract Basis " between the CORAL SPRINGS IMPROVEMENT DISTRICT, hereinafter referred to as "OWNER", and Globaltech, Inc., hereinafter referred to as "FIRM", dated July 1, 2012 (hereinafter referred to as "AGREEMENT"), this Work Authorization authorizes the FIRM to provide services under the terms and conditions set forth herein and in the AGREEMENT, which is incorporated herein by reference as though set forth in full.

The OWNER desires design-build services related to CSID North Blower Room Blow-off Valve and Muffler Installation, hereinafter referred to as the "Specific Project".

Section 1 – Terms

The FIRM will be defined as an individual, corporation or contractor having a direct contract with the OWNER or with any other subcontractor in the performance of a part of the work contracted for under the terms of this Work Authorization with the OWNER.

Section 2 – Scope of Work

The FIRM will provide the following services in accordance with Sections 1 and 2 of the AGREEMENT:

Two new blowers were installed in the North Blower Room under Globaltech's Work Authorization (WA) 202. Following installation and startup, staff desired to operate the blowers under a greater range of operating conditions. In order to satisfy this request Globaltech worked with the blower manufacturer (Continental

Blower) to develop a solution. It was determined that adding a blow-off valve and muffler would reduce the air-flow to acceptable levels while working within motor operational limits.

The requested work will be completed by implementing the following two tasks:

Task 1 – Engineering Services

This Task includes project management and engineering services required to complete the project.

Engineering and Project Management

1. Meet with the OWNER to review the project scope and proposed solution.
2. Design drawings will be prepared by FIRM and reviewed by OWNER. At this time no building modifications are expected.
3. Prepare detailed construction schedule to include as a minimum; design, procurement, site mobilization, installation, and startup and commissioning.
4. Coordinate material and equipment purchase. FIRM will be present to receive equipment deliveries.
5. Review, administer, and track equipment submittals.
6. Schedule and conduct meetings, inspections, and testing with OWNER's staff.
7. Attend progress meetings and coordination meetings.
8. Conduct start-up services for the new blow-off valve and muffler.
9. Prepare Record Drawings illustrating the newly installed equipment.
10. Provide OWNER with Operation and Maintenance (O&M) for blow-off valve and muffler.

Task 2 – Construction Services

Construction Services consist of the following tasks:

Task 2 – Installation of Bow-off Valve and Muffler

1. Install 2-inch diameter tap into main airline running from the north blower room to Digesters C & D.
2. Install 2-inch blow-off valve.
3. Install and mount muffler onto blow-off valve. Muffler is rated per manufacturer's specification to provide noise reduction to 85 dB at 5-feet and 58 dB at 100-feet.
4. Provide muffler supports as required.

Assumptions

Assumptions for the project are as follows:

- FIRM is not responsible for obtaining planning or zoning permits for this work as it is a maintenance replacement. OWNER will provide assistance in expediting applicable agencies where possible.
- No structural modifications to exterior walls are required to support muffler.
- No painting, coatings or finishes (coatings) are included. All coatings (if needed) to be provided by OWNER.
- Construction duration is assumed to be 2 weeks.
- Work covered by this WA is not grant-funded and is not subject to the conditions of the Davis-Bacon Act.
- An allowance of \$3,000 is included with this project. Allowance is only to be accessed with OWNER's written approval. Unused portion of allowance to be credited back to OWNER. Allowance is in place for use at the OWNER's discretion.

Section 3 – Location

The services to be performed by the FIRM will be on the following site or sites:

CSID WWTP North Blower Building

Section 4 – Deliverables

The FIRM will provide the following Deliverables to OWNER:

- Provide and install blow-off valve
- Provide and install muffler
- Provide Record Drawings and O&M Manual for provided equipment

Section 5 – Time of Performance

Project will commence after execution of this Work Authorization and a Notice to Proceed is issued by OWNER. The FIRM and OWNER agree to the following schedule:

Task	Time Elapsed to Subtask Completion
Notice to Proceed (NTP)	0 Days
Prepare drawing and specifications for blow-off valve	7 days after NTP
PO issued for new blower packages	14 days after NTP
Approve submittals for production	21 days after NTP
Fabrication and Delivery of Materials	140 days after NTP
Construction	155 days after NTP
Substantial Completion	160 days after NTP
Final Completion	14 days after Substantial Completion

Section 6 – Method and Amount of Compensation

1. The FIRM will be paid by the OWNER in accordance with the Florida's Prompt Payment Act Florida Statute 218.70-79 and in accordance with the payment method as set forth in Section 6 of the AGREEMENT. The calculations will begin using the date the invoice was received.
2. Total job price: **\$ 24,287.00.**
3. On the terms contained in the FIRM's said proposal for the doing of said work and the said award therefore, and the specifications herein specifically referred to and made a part of this contract.

4. The cost for the above scope of services is a lump sum (LS). The LS is based on the materials, methods, and assumptions presented in the scope of services and may be adjusted based on final detail design and alternative selections or omissions. The LS will not be greater than the stated amount unless there is an approved increase in the scope of services.
5. A Budget Summary for the above LS is provided in **Attachment A**.

Section 7 – Application for Progress Payment

1. Unless otherwise prescribed by law, at the end of each month, the FIRM will submit to the OWNER for review, an Application for Progress Payment filled out and signed by the FIRM covering the Work completed as of the date of the Application and accompanied by such supporting documentation as is required by the AGREEMENT.
2. The Application for Progress Payment will identify the amount of the FIRM Total Earnings to Date based upon value of original contract Work performed to date as approved by fully executed Change Orders.
3. Payment will be based upon percentage of work completed based upon the approved schedule of values. Retainage in the amount of 5% will be withheld on the calculated value of any work, with the exception of stored materials which may be paid at the supplier's invoiced cost. At FIRM's request, after 50% completion of the work has been achieved, the OWNER will implement a reduction in retainage to 2.5% of all future pay requests. If retainage is reduced, FIRM may not withhold more than 2.5% retainage from subcontractors or suppliers and will be required to certify compliance with F.S. 218.70 *et seq* on each subsequent pay application. Notwithstanding the foregoing, in no instance can the amount retained be less than the value of OWNER's good faith claims plus the value of the work the OWNER determines remains to be put in place or required to be performed as remedial activities. For the purposes of this section, 50% completion will be that point in time when OWNER determines that half of the Work required by the Contract has been completed. In no event will the

- work be determined to be 50% completed before the OWNER has paid 50% of the Contract amount and 50% of the Contract time has expired. The amount of previous Pay Estimate payments will then be subtracted to equal the Balance Due during the Pay Estimate period.
4. When the OWNER determines the Work to be Substantially Complete, the OWNER may reduce the retainage to two and one-half percent (2.5%) of the dollar value of all Work satisfactorily completed to date, provided that the FIRM is making satisfactory progress toward Final Completion of the Work, that in the opinion of both the Engineer and the OWNER there is no specific cause for a greater retainage, and the FIRM obtains the written consent of the Surety Companies furnishing the required Public Construction Bond on consent forms provided by the OWNER. The OWNER may reinstate the retainage up to five percent (5%) if the OWNER determines, at its discretion or the Engineer's discretion, that the FIRM is not making satisfactory progress toward final completion of the Work or where there is other specific cause for such withholding.
 5. Partial payment may be made for the delivered cost of stored materials planned for incorporation into the Work, provided such materials meet the requirements of this Contract, the Contract Drawings, and the Specifications, and are delivered and suitably stored at the project site, or at another location acceptable to the OWNER. Such material must be stored in a secure manor acceptable to the OWNER, and in accordance with the manufacturer's recommendations.
 6. The delivered cost of such stored or stockpiled materials may be included in any subsequent application for payment provided the FIRM meets the following conditions:
 - a. An applicable purchase order or supplier's invoice is provided listing the materials in detail, the cost of each item, and identifies this specific contract by name.

- b. The materials are fully insured against loss or damage (from whatever source) or disappearance prior to incorporation into the Work.
 - c. Stored materials approved for payment by the OWNER will not be removed from the designated storage area except for incorporation into the Work.
 - d. Evidence that the FIRM has verified quantity and quality of the materials delivered (verified packing list).
7. It is further agreed between the parties that the transfer of title and the OWNER's payment for any stored or stockpiled materials pursuant to these General Conditions, and any applicable provisions of the Supplementary General Conditions, will in no way relieve the FIRM of the responsibility of ensuring the correctness of those materials and for furnishing and placing such materials in accordance with the requirements of this Contract, the Contract Drawings, the Technical Specifications, and any approved changes thereto.
8. The following monthly Application for Progress Payment will be accompanied by Bills of Sale, copies of paid invoices, releases of lien, or other documentation warranting that the FIRM has received the stored materials and equipment free and clear of all liens, charges, security interests, and encumbrances (which are hereinafter in these General Conditions referred to as "Liens") and evidence that the stored materials and equipment are covered by appropriate property insurance and other arrangements to protect the OWNER's interest therein, all of which will be satisfactory to the OWNER.
9. The FIRM will warrant and guarantee that title to all Work, materials, and equipment covered by an Application for Progress Payment, whether incorporated in the Work or not, will pass to the OWNER no later than the time of Final Payment free and clear of all liens or other encumbrances.

10. The Engineer will, within ten (10) days after receipt of each Application for Progress Payment, either indicate in writing a recommendation of payment and present the Application to the OWNER, or return the Application to the FIRM indicating in writing the Engineer's reasons for refusing to recommend payment. In the latter case, the FIRM may make the necessary corrections and resubmit the Application. Twenty (20) days after presentation of the application for progress payment to the OWNER with the Engineer's recommendation, the amount approved will (subject to the provisions of the following Paragraph) become due and when due will be paid by the OWNER to the FIRM.

In the event any dispute with respect to any payment or pay request cannot be resolved between the Contractor and Owner's project staff, Contractor may, in accordance with the alternative dispute resolution requirements of Florida Statute section 218.72, *et seq*, demand in writing a meeting with and review by the OWNER'S (agency) director. In the absence of the agency director, a deputy director may conduct the meeting and review. Such meeting and review will occur within ten (10) business days of receipt by OWNER of FIRM's written demand. The OWNER's manager, will issue a written decision on the dispute within ten (10) business days of such meeting. This decision will be deemed the OWNER's final decision for the purposes of the Local Government Prompt Payment Act.

11. The OWNER may refuse to make payment of the full amount recommended by the Engineer because claims have been made against the OWNER on account of the FIRM's performance of the Work, or because Liens have been filed in connection with the Work, or there are other items entitling the OWNER to a credit against the amount recommended, but the OWNER must give the FIRM written notice within twenty (20) business days after the date on which the invoice is stamped as received (with a copy to the Engineer) which specifies the invoice

deficiency and any action necessary to make the invoice complete and proper.

Section 8 – Responsibilities

The FIRM will, under no circumstance, look to the OWNER to provide any labor or equipment for the FIRM. The FIRM will provide all of the labor and equipment necessary to perform the job or services contracted for at the expense of the FIRM. Property of any kind that may be on the premises, which are the site of the performance of this contract, during the performance of this Work Authorization, will be at the sole risk of the FIRM.

8.1 The OWNER hereby designates Afzal (Mike) Hosein as the OWNER's representative.

8.2 In addition to applicable provisions of Section 2 of the AGREEMENT, the OWNER will:

- Provide copies of existing drawings and equipment cut sheets if requested by FIRM
- Pay for any required permit fees

The FIRM acknowledges and understands that it is an independent contractor in its relationship with the OWNER. The FIRM hereby designates Rick Olson as the FIRM's representative.

Section 9 – Insurance

The FIRM will provide certificate of insurance to the OWNER setting forth the type and amount of insurance carried by the FIRM and conforming to the minimum requirements set forth in the AGREEMENT.

Section 10 – Level of Service

The OWNER will have the right to terminate said Agreement by giving the FIRM thirty (30) days written notice if the service that is being provided is not maintained at levels necessary to provide the required service. The OWNER will determine in its sole judgment what constitutes a satisfactory level of service.

Section 11 – Indemnification

The Firm will indemnify and hold harmless the Owner and its officers and employees as set forth in Section 11 of the Agreement.

IN WITNESS WHEREOF, this Work Authorization, consisting of twelve (12) pages and Attachment A has been caused fully executed on behalf of the FIRM by its duly authorized officer, and the OWNER has the same to be duly named and in its behalf, effective as of the date herein above written.

CSID Engineer's Report
June 19, 2023

PROJECTS UNDER CONTRACT

WA#187 – 500KW Emergency Generator – Substantially Complete

- Approved by Board – 5/17/21
- Concrete slab poured – January 6, 2023
- Generator delivered and installed – 3/07
- Connected generator to existing auto-transfer switch 3/20
- Generator startup and tested under load – 4/12
- Connections made to existing diesel storage tank – 5/01
- Day tank removed and piping abandoned
- Louver blocked and building restored
- Working through punch list items
- Estimated project Final Completion – July 2023

WA#192 – Canal Right-of-Way Tree Inventory – On Hold

- Approved by Board – 9/20/21
- Waiting on direction from CSID
- Estimated completion – 20 weeks from notice to begin work

WA#202 – Replace Blowers 4 & 5 – Complete

- Approved by Board – 4/18/22
- Released blowers for fabrication – 7/15/22
- Coordinated selection and purchase of fiber optic cables, switches and terminations
- Blowers arrived on site – January 30, 2023
- Blower 5 startup – 3/01/23
- Participated in field audit with Florida Department of Agriculture – 3/01/23
- Completed SCADA modifications
- Monitoring blower performance and power consumption
- Project substantially complete – 3/24/23
- Project complete. Preparing record drawings, O&M Manual and facility specific Standard Operating Procedures.
- Amendment returning unspent funds to be on July agenda.
- Estimated Project Completion – July 2023

WA#204 - Distribution Header Valve Replacement – Complete

- Approved by Board – 2/27/23
- Performed valve and piping replacement – 4/17 – 4/20
- Substantial Completion – 4/21
- Final Completion – 5/04
- Amendment returning unspent allowance to be on July agenda.
